Heavy Snow Blankets Tri-State Area

Accumulated Fall Of 4 To 6 Inches Due

Area Roads Slicked As Cindering Crews Battle First Storm

The first snow of the season blanketed the Tri - State district this morning as the Ohio weatherman issued a "heavy snow alert" with 4 to 6 inches expected to accumulate by nightfall.

The accumulation had reached 1½ inches by noon and there was no letup.

Highway cindering crews were called out at 6:30 a. m. for the first time since last winter. Patrol stations reported roads in slick condition from the freezing and packing of the light, early-morning fall. There was a rush of minor accidents.

Dam 8 at Newell said snow began falling about 4 a. m. It reached a depth of half an inch by 6, catching work - bound motorists by surprise.

Hillside streets and roads soon were glazed as temperatures hovered around 26 degrees — 6 below freezing then it began packing under the early traffic.

The East Liverpool area had only flurries Thursday but lake communities got 1 to 2 inches of snow yesterday as the storm began moving eastward, reaching the Ohio Valley early today.

E. O. Harsh, superintendent of the Ohio Highway Department garage at Leetonia, said all 19 crews were sent out this morning for cindering. In view of the snow alert, they expected to remain out all day, Harsh said.

Some 15 county highway trucks and crews at Lisbon were out ashing this morning, John (Dick) Neill, superintendent, reported. Roads were slippery where snow packed but the fall was not deep enough mid-morning for use of plows, Neill said.

The West Virginia Road Commission's garage at Pughtown put five crews on the main roads this morning and conditions were reported slippery.

Traffic tieups were frequent on the Midland-East Liverpool Rd. Midland street crews were called out early to cinder the main borough thoroughfares.

Pennsylvania State Police at the Rochester and Carnegie Barracks reported roads slick despite cindering by highway crews.

Traffic snarls were reported general throughout the district by the State Highway Patrol at Lisbon as the snow continued this morning.

Officers said Route 30 was clogged with stalled trucks and cars in the California Hollow area and at Cannons Mills hills, and Routes 39 and 45 out of Wellsville were also jammed because of slick grades.

Route 45 and 30 hills at Lisbon were also tied up, officers reported, and at grades elsewhere in the county.

A least four accidents were reported to the patrol by late this

Salem Boy, 16, Killed And 2 Hurt In Crash

Driver And Another Companion Injured In One-Car Mishap

SALEM — A 16-year-old city boy was killed and two others injured when their car went out of control on a gravel road northeast of here Thursday night and struck a small field culvert, the State Highway Patrol at Lisbon reported.

Gerald Jensen, was pronounced dead at Salem City Hospital of a fractured skull and crushed chest.

Ronald Ackerman, 16, was driver of the auto which hit the culvert on Pine Lake Rd. about 3 miles from here last night about 8.

Officers said the accident occurred close to the Columbiana-Mahoning County line, and will have to investigate further to determine in which county the crash took place.

Ackerman received a laceration of the scalp and lips and body bruises and abrasions. He is in "fair" condition at the hospital. Ronald Shoop, 17, suffered abrasions of the face, hands and leg and was released after treatment.

The youth was the son of Mr. and Mrs. Henry Jenson and was a junior at Salem High School.

Besides his parents, he leaves three sisters and four brothers.

Services will be held at the Arbaugh Pearce Funeral Home at Salem Monday.

Stratton Crash Hurts City Woman, 2 Others

An East Liverpool woman and two other district residents were hospitalized over the Thanksgiving holiday with injuries received in a two - car collision late Wednesday night on Route 7 near Stratton.

May Poole, 65, of 259 Center St., Beechwood, is in "fairly good" condition today at City Hospital with a fractured right wrist and bruises of the right knee suffered when the auto in which she was a passenger collided with another on a detour near the Savin Construction Co. project at Stratton at 11:30 p. m.

Another passenger in the car driven by Gerald Lee Poole, 31, of 259 Center St., was Helen Crawford, 47, of 1106½ Commerce St., Wellsville, who was treated for a laceration of the chin and bruises of the hand, forearms and chest.

Stratton officials said Poole's auto collided head-on with another

Violent accidental deaths marred the observance of Thanksgiving holiday in many homes across the nation. Traffic, as usual, was the No. 1 killer.

The traffic death toll since the start of the count for the four-day weekend far exceeded the number killed in fires and miscellaneous accidents. However, it appeared to be running near or slightly below the average for a comparable nonholiday period.

The count, which started at 6 p. m. Wednesday, is to continue to midnight Sunday, covering a period of 102 hours.

Fires claimed the lives of nine children Thursday. Five died in a fire which destroyed a home for retarded and crippled children in Oklahoma City. Four children and their parents perished in a fire in the suburban area of Little Rock, Ark. Two 12-year-old Chicago boys drowned when they fell through the thin ice in a park lagoon.

Safety experts attribute the near normal traffic toll to the fact that highway travel over the Thanksgiving holiday is not as heavy as on other holidays such as Christmas, New Year's, Memorial Day, Fourth of July and Labor Day.

The National Safety Council does not make a preholiday estimate of the traffic toll for Thanksgiving. However, it estimated 470 traffic deaths could be expected for a comparable four-day nonholiday weekend at this time of year.

TST Production Cut By Finishers' Walkout

About half of the Taylor, Smith & Taylor Co. plant at Chester was idled this morning by the spreading effect of a walkout of 20 to 25 clay shop finishers that started Tuesday, a company spokesman reported.

The firm said there has been "no change" in the stoppage, which it has termed an "illegal walkout." The walkout reportedly originated in a dispute over piecework prices on a new line of ware.

County Man Injured In Hunting Accident

LISBON — Robert Howell of Salem R. D. 3 was treated at Salem City Hospital Thursday after he was struck by three pellets from a shotgun while hunting with his son and nephew.

Howell was hunting at the rear of his home on the Franklin Square-Salem Rd., when a rabbit jumped up and his nephew fired. Three of the pellets struck Howell, whose glasses were also broken, according to Sheriff Russell VanFossan.

Allies Chart Strategy In Berlin Crisis

Washington Serves Stern Notice Of No Accord With Soviet

WASHINGTON (AP) — The United States and its allies began mapping strategy today for a long diplomatic battle against the Soviet Union's "free city" campaign to oust them from West Berlin.

The State Department gave stern notice Thursday night that the U.S. government does not intend to "enter into any agreement with the Soviet Union which, whatever the form, would have the end result of abandoning the people of West Berlin to hostile domination."

The statement promised careful study of the Soviet proposal to convert West Berlin into a free city protected by some kind of United Nations watchdog operation. It also promised consultations with Britain, France and West Germany as well as the rest of the NATO Allies.

But officials said privately today that while the statement did not specifically and immediately reject the Soviet proposition, there was no doubt that in the long run, probably late next month, it would be turned down.

Some Western counterproposal calling for a solution of the Berlin problem as part of an all-German settlement may be put forth at the same time.

Indications were that the consultations will reach a climax at a meeting of foreign ministers of the 15 North Atlantic Allies in Paris Dec. 15. Officials predicted the Western powers would delay until then their reply to notes sent

Crowd Waited At City Parade

Big Balloon Figures Due Here Saturday

Thousands of tri-state district youngsters and their parents are expected to line downtown East Liverpool streets Saturday afternoon at 1 for a parade of giant balloon figures and five area high school bands that will help usher in the Christmas season.

Santa Claus will ride a float in the long procession, arranged by the East Liverpool Merchants Association and the Junior Chamber of Commerce. The Chester, Newell, Wellsville, Beaver Local and East Liverpool High School bands will be in the line of march.

The parade will be in the form of a pageant based on the famous poem, "The Night Before Christmas." The units will include a huge mailbox to hold letters to Santa from the youngsters in the crowd.

Forming on E. 4th St., the parade will move up Broadway to E. 5th St., then west on 5th St. to Jefferson St., north to 6th St., east on 6th St. to Walnut St. and then south to E. 4th St., where it will disband.

East Liverpool stores will remain open until 8:30 Saturday night because they were closed for the holiday yesterday.

Chief Issues Reminder On Parade Parking Ban

Police Chief Americo J. Radeschi today reminded motorists that parking will be banned, starting at noon Saturday, along the route of a business district parade ushering in the Christmas season.

Extra officers will be on duty tomorrow to help control crowds and traffic.

Soviet Offers To Negotiate Checking Plan

Put To East-West Parley For Averting 'Surprise Attack'

GENEVA (AP)—The Soviet bloc offered today to negotiate an elaborate international inspection system to prevent surprise attack provided the West agreed to other disarmament measures.

Jiri Hajek of Czechoslovakia, speaking on behalf of the five Communist nations, put the offer before the 10-nation East-West conference on ways of preventing surprise attack.

A communique announcing the Communist proposal did not specify what other disarmament measures the Communists demanded.

It said Hajek submitted a proposal "for the establishment of ground observer posts and aerial inspection, and simultaneous realization of certain measures in the realm of disarmament to reduce the danger of surprise attack."

It was the second proposal put before the 19-day-old conference by the Soviet bloc, which is represented by delegates from the Soviet Union, Czechoslovakia, Poland, Romania and Albania. The other Red proposal sought to prohibit flights of nuclear-armed aircraft over foreign countries or over the open sea, a move obviously aimed at the U.S. Strategic Air Command's constant readiness flights.

The Western delegations refused even to discuss the first proposal, contending it was political in nature and therefore outside the province of a conference that the West considers was called

U.S., Japan To Resume Security Treaty Talks

TOKYO (AP) — The United States and Japan will resume negotiations next week on revision of their 1951 security treaty, Foreign Minister Aiichiro Fujiyama said today.

The talks between Fujiyama and U.S. Ambassador Douglas MacArthur II formally opened Oct. 6. They reportedly were still in an exploratory stage after two meetings when they were suspended Oct. 22.

West Berlin Digs In For Cold War

BERLIN (AP)—West Berliners dug in today for a six-month cold war siege. Their officials spurned the Soviet proposal to drive the Western Allies back beyond the Iron Curtain by converting West Berlin into a demilitarized "free city."

West Berliners clearly saw the next six months as a period of uncertainty.

A shopgirl gave a typical reaction: "I'm afraid that if the Allies leave, the Communist people's police would come marching in one day. If the Big Four turn West Berlin into a free city, I'll start looking for a job in West Germany. Yes, the exodus to West Germany would start immediately."

"We in West Berlin say no," Mayor Willy Brandt declared in a agree to anything that would radio and television broadcast after an emergency meeting of his Cabinet to study Soviet Premier Khrushchev's propoals. All West Berlin parties, newspapers and ordinary citizens semeed to back him up.

The 44-year-old Socialist mayor, appealing for the support of the Western world, promised that West Berlin's 2,200,000 citizens would not panic as the six months proposed by Khrushchev for negotiations run out.

The Western powers withheld their final word on the Soviet proposals, but the preliminary reaction indicated they would turn thumbs down.

Court May Decide Today On Third Airline Strike

By The Associated Press

A federal court hearing in New York City today may decide whether a third major airline will be struck, adding to labor difficulties which have grounded hundreds of planes.

Operations by Eastern and Trans World airlines have been halted since Monday by strikes involving about 35,000 flight engineers and mechanics.

American Airlines will ask Judge Frederick vanPelt Bryan to extend a temporary injunction against a strike by its 1,500 pilots. The Air Line Pilots Assn. seeks higher wages, a shorter work schedule and other rule changes.

Eastern Air Lines awaits the outcome of its no-strike plea against its flight engineers scheduled to come up today before Federal Judge E. C. Choate in Miami, Fla. Even if an injunction is granted, however, Eastern will be unable to operate until a mechanics dispute is settled.

Meanwhile, nonstruck airlines have been filling the gap in air transportation, but not without some delays and confusion. Putting every available aircraft into service Wednesday, these lines handled the holiday crush. Trains and buses were jammed too.

driven by Tom McCoy, 30, of Walton Acres, Toronto. McCoy was traveling south and Poole north when they crashed near the entrance to a detour on Route 7.

McCoy is in "good" condition today with a laceration of the lower lip and possible fractured ribs. Poole received only minor injuries and was not hospitalized.

Authorities said that Poole's 1956 auto was heavily damaged while McCoy's 1955 model received $800 damage. Stratton officials still are investigating.

Cars Damaged Heavily In Crash Near Chester

Heavy damage occurred to cars of a Pughtown man and another from Salty Fork, W. Va., in a collision on Route 30 near Chester at 12:55 a. m. today, Hancock County sheriff's deputies reported.

Deputies said one driven by Allen Allison, 26, of Pughtown rammed the rear of the car of Frank Arnott, 54, of Salty Fork, when the latter stopped on the highway.

About $1,000 damage resulted to Allison's auto and about $250 to the other, deputies said. Neither was injured.

Auto Hits Another In Chester Accident

Minor damage resulted when a car driven by James Paisley of Florida Ave., Chester, struck the rear of another at the intersection of 5th St. and Louisiana Ave. in Chester this morning at 9:35.

Police Chief Floyd Lyons said Paisley's 1955 coupe skidded into the rear of a 1956 coupe driven by Robert Ridinger of Louisiana Ave., who had stopped to make a turn.

Yule Gift Drive Lags, Welfare Head Reports

LISBON — A total of $420.25 has been collected so far for Christmas gifts for the Columbiana County Welfare Department's children, according to Robert Bycroft, director.

A request was made for $1,600 about two weeks ago so that each ward would get one gift wished for most for Christmas.

Bycroft urged that persons desiring to send money or a gift do so at once so that his department will be able to make the purchases.

Contributions should be sent to the Welfare Department in the Courthouse at Lisbon.

Meet At Country Club Wednesday

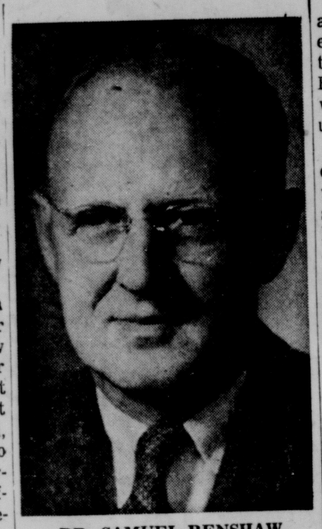
OSU Alumni Will Hear Dr. Renshaw At Dinner

Dr. Samuel Renshaw, professor of experimental psychology, will be the speaker when the Columbiana County Ohio State Alumni Association meets at the East Liverpool Country Club Wednesday at 6:30 p. m.

A buffet dinner is planned.

The program also will include election of officers and a film, "A Tour of The Campus."

Sidney C. Porter Jr. is now president of the county group.



DR. SAMUEL RENSHAW
War Hero In His Own Right.

Dr. Renshaw is a little - known hero of World War II who never left the OSU campus. Exactly how many lives he was responsible for saving cannot be determined, but Navy officials have declared that his training in visual perception, which prepared servicemen to speedily identify approaching surface and aircraft, meant the difference between victory and defeat, life and death, in many conflicts of the past global tragedy.

As professor of experimental psychology at Ohio State, a position which he has held since 1929, Dr. Renshaw is continuing his research in visual perception, upon which the naval training was based. He is also extending his scientific investigations into other sense areas.

Until the third year of his premedical course at Ohio University, Athens, Dr. Renshaw had no special interest in psychology.

The son of a Fairfield County physician, he intended to become a doctor. With the death of his father, however, he took a position as a laboratory assistant in psychology to support himself and became so interested in the experimental work that he abandoned his original objective.

After receiving his Bachelor of Arts degree from Ohio University in 1914, he joined the faculty of that school as instructor in psychology, where he remained for two years. The following seven years, from 1916-1923, he served on the faculty of the Western State College in Kalamazoo, Mich.

In 1923, Dr. Renshaw received his Master of Arts degree from Ohio State University and in the spring quarter of that year began his long and distinguished record as a member of the Ohio State teaching staff as an instructor in the department of psychology.

Dr. Renshaw has designed and patented a number of instruments, such as the tractor - type paper tape polygraph, stabilometer, pursuitmeter, tachistoscope, and the stereo-Disparator, which has been called "the first improvement of the stereoscope since Wheatstone."

He was one of the founders and first secretary - treasurer of the Mid-western Psychological Association.

In addition to the Midwestern Psychological Association, he holds membership in the American Association for Advancement of Science, American Psychological Association, the Optical Society of America, Phi Beta Kappa and Sigma Xi. His social fraternity is Delta Tau Delta.

Dr. Renshaw is married and has a son and daughter. The family resides at 2675 Coventry Rd., in Upper Arlington.

2 Women Injured In Skidding Accidents

A skid was blamed for a two-car crash that injured two women drivers at 7:40 this morning on the River Rd. and a driverless auto skidded into a home on the Lisboon St. Hill about an hour earlier.

The collision on the River Rd. near State St. injured Ethel W. Barber of Wellsville R. D. 1 and Mabel Whitney, 1362 Pennsylvania Ave., police said. The Wellsville district woman suffered a bump on the forehead and the local woman received a bump on the back of the head, officers said.

The west - bound Whitney car skidded on snow and ice, crossing the street and hitting the eastbound Barber car, police said.

The collision on Lisbon St., timed about 5:45 this morning, damaged a 1952 auto driven by Mrs. Ruth Ann Turnbull, 1200 Lisbon St., and a porch bannister at the home of George Wolf, 1010 Lisbon St., police said.

Witnesses said the woman was driving downgrade when she halted and went to a home across the street to use the telephone. While she was absent, the car skidded over the curb and across the sidewalk, striking the porch, they said. Wolfe said only minor damage resulted to his home.

H. Stans; Gordon Gray, Eisenhower's aide on national security matters; and Donald A. Quarles, deputy secretary of defense.

Out of the conference may come a final decision on how much to earmark for military spending in the fiscal year starting July 1. Eisenhower's budget for that year will go to Congress early in January.

The administration is estimating defense outlay in the current year will run about $40,800,000,000, slightly more than half of calculated over-all federal expenditures —$79,200,000,000. A deficit of about $12,200,000,000 is anticipated.

There is no doubt about the armed forces seeking more money for next year.

Holiday

(Continued from Page One)

In a survey by The Associated Press, covering a 102-hour weekend period from 6 p.m. Wednesday, Nov. 12, to midnight Sunday, Nov. 16, the count was 394 deaths, 32 in fires and 121 from miscellaneous accidents, a total of 547.

The all-time record high in traffic deaths for a four-day holiday was 707 in the Christmas weekend of 1956. The over-all record for the same period also was set with deaths in fires and miscellaneous accidents boosting the 1956 Christmas total to 884.

An Oddity Of The Election

One of the oddities of the November election that has received little or no attention is the record number of women in the new Congress — 17. The previous high was 16 in the now-expiring 85th Congress.

Perhaps the new record was shrugged off because the disproportion of representation by sexes is so great that the addition of one woman in the 86th Congress has no perceptible effect.

Actually, women may not be as well represented in the new Congress as they were in some previous Congresses when they had fewer members. The Bureau of the Census reported that on Nov. 4 this year there were 54,700,000 women of voting age as against 49,900,000 men of voting age.

That is a proportion of one male congressmen for every 97,270 men, as against one female congressmen for every 3,217,647 women. The women have a long way to go before they can claim they are making progress in Congress. The odds are still 33 to 1 against them.

There are three new faces among the feminine block in the new Congress: Mrs. Jessica Weis of New York, Mrs. Catherine May of Washington and Mrs. Edna Oakes Simpson of Illinois, all Republicans. Margaret Chase Smith (R-Maine), the only woman senator, did not have to run for re-election this year. The remaining 13 women were re-elected House members. They are Mrs. Iris F. Blitch (D-Ga), Mrs. Frances Bolton (R-Ohio), Mrs. Marguerite Stitt Church (R-Ill), Mrs. Florence P. Dwyer (R-NJ), Mrs. Kathryn Granahan (D-Pa), Mrs. Edith S. Green (D-Ore), Mrs. Martha W. Griffiths (D-Mich), Mrs. Elizabeth Kee (D-WVA), Mrs. Edna F. Kelly (D-NY), Mrs. Gracie Pfost (D-Idaho), Mrs. Edith Nourse Rogers (D-Mass), Mrs. Katherine St. George (R-NY) and Mrs. Leonor K. Sullivan (D-Mo).

A Choice Of Pie—All Apple

It's no more than fair that Ezra Taft Benson should get credit for helping to end corn controls in this country's commercial corn area, because the Eisenhower administration's secretary of agriculture usually gets his ears knocked off when farmers vote on anything he proposes.

But it's no more than realistic to point out that he couldn't lose, unless corn farmers had lost their senses.

Secretary Benson had let it be known that corn grown "out of compliance" with crop control would be on its own next year if farmers voted to continue acreage allotments. That would have been as much as 85 per cent of all the corn grown.

He then had clinched the case for dumping acreage allotments by announcing there would be 15 per cent fewer acres next year. Everybody knew, moreover, that federal corn controls had become a gag carried along at the expense of the federal government. They weren't controlling anything. Farmers had all but scuttled the system.

To persuade them to finish the job, a new alternative was set up — to plant and harvest as much as they pleased, with a price pegged at 90 per cent of the average for the previous three years — but not less than 65 per cent of the parity price. This would apply, moreover, to all corn, not just to corn grown in the commercial corn area.

The mystery is why the handful of corn farmers who voted in the referendum didn't go for the new idea 100 per cent. They had a shoo-in choice — no pie at all or all the pie they could eat, all of it apple.

Have You Given Yet?

The Community Fund again will fall short of its goal unless a flood of contributions today and tomorrow makes up the some $11,000 needed to reach the $83,000 originally sought.

As fund officials pointed out earlier this week, some 1,000 $10 contributions would do the trick. That doesn't seem like too much to ask when the benefits from the fund are taken into consideration.

In case you have forgotten, these are the agencies you would help—the Girl Scouts, Boy Scouts, YMCA, Salvation Army, Recreation Council and the USO.

If you haven't contributed, do so now at Community Fund headquarters in the YMCA.

Welcome, Grimaldis

Everybody's favorite princess, who used to by a movie actress, came back home for Thanksgiving — and all of us felt pretty good about it. She brought her husband with her, fellow named Grimaldi. The Kelly-Grimaldi nuptials three years ago next spring made the presidential election, which came later, seem like an anticlimax.

The reason we felt pretty good about it is that we suspected at the time that Grace Kelly was making a mistake in marrying this Grimaldi fellow, who was the prince of a place called Monaco. But things have been working out all right, apparently. And Monaco keeps looking better all the time.

It has no politics, no taxes and no army.

It gets the money it needs from gambling, which isn't as bad as it sounds because it is against the law for the natives to gamble. They just make it easy for foreigners to gamble. And the foreigners thus pay all the bills.

After getting used to that, it must be a shock for Princess Grace to come back home, where Americans pay the bills for the foreigners.

There Was No Mistake

Caril Ann Fugate, Charles Starkweather's girl friend while he was murdering 11 human beings last January, thinks there has been a mistake because she has been condemned to spend her life in prison.

There was no mistake.

Starkweather will have been executed long before his girl friend has learned to count her days in prison. Because of her age—only 15—she will have time to repent while she is maturing. She will become eligible for parole in 10 years.

No jury could have given her less—not with 11 deaths to account for. It might help her to understand why there was no mistake victims were to be displayed in her cell. if the pictures of all her mad-dog boy friend's friends who took four hours to make the trip.

Problems In Shooting For The Moon

By Bem Price

HUNTSVILLE, Ala. Nothing man has achieved in recorded history has been more daring or more involved than his attempt to reach the moon with a satellite-carrying, multi-stage missile.

The Army is about to try.

Nearly everything he has learned about the mechanics of the universe and mathematics from the time of the ancient Egyptians to date has been brought to bear on this problem: How to chart a course to the moon?

For Dr. Rudolf R. Hoelker, German-born deputy chief of the aeroballistic laboratory at the Army Ballistic Missile Agency here, the moment of firing in December will mark the end of two years of astronomical calculations.

HOELKER, who worked on Germany's V2 rockets during World War II and who is now a naturalized U.S. citizen, has charged a flight path to the moon. The question is whether the United States has the rockets to follow it.

For the rocket experts, the mere mechanics of firing are tough.

The missile must be fired within five minutes, plus or minus, of the designated X-hour.

The missile must not exceed escape speed if it is to go into orbit. If it goes much faster than 24,660 miles an hour it will breach the gravitational barriers and zip past the moon in the direction of infinity.

The missile must be turned on course at a low altitude and at a relatively low speed or else the structural stress of turning at high speed will break it in two.

If the missile is turned too quickly and too low, it will encounter a possibly destructive friction-heat problem.

While it would be nice if the satellite actually went into orbit around the earth and moon, the Army's scientists won't be upset if it doesn't.

IF THE SATELLITE can be placed within two or three diameters of the moon (4,320 to 6,480 miles), the scientists will be satisfied. Even if it goes past the moon the scientists will be happy. They will then learn how far into space they can track. A true orbit will be all profit.

Dr. Wernher Von Braun says the Army will take aim at the moon but expects to shoot past it and create a tiny moonmade planet.

At a space symposium in San Antonio last week the German-born rocket genius said the Army probe will be rocketed off at terrific speed with dead aim on the moon, and would arrive 34 hours after launching.

The chance of a direct hit is remote, and Von Braun said the rocket would be going fast enough to soar past the moon and escape the earth's gravity. It probably would fall into an orbit around the sun, becoming a 30-pound sister planet to the earth.

As planned, the satellite will assume a fan-shaped, or syperbolic orbit, reaching out from the earth to near the moon — and perhaps on into space.

The trajectory was selected for these reasons:

The probe will be near the moon at a time when it may be observed from the United States.

THE PLANNED velocity of the rocket exceeds the minimum speed required to reach the moon. The Army would prefer to overshoot than undershoot.

Since the hoped-for orbit involves three bodies—the earth, the moon and the missile—all moving on a curving path through space, the final pattern should resemble—for very complicated reasons—a figure-eight as it swings around the moon and earth.

If the missile swings short of the moon, it will simply perform a long loop into space and return to earth. Upon re-entering the earth's atmosphere it will be destroyed by the heat generated by air friction.

Gravitational influences figure heavily in Hoelker's calculations. When scientists talk of escape velocity, they mean the speed necessary to overcome the gravitational pull of both the earth and moon.

The attraction of the earth is about six times that of the moon which is, on the average, 240,000 miles away. The moon's path around the earth is egg-shaped, or elliptical.

The gravitational influence of the earth is unending. So is that of the other occupants of space. In brief, space is just one mass of acting and counteracting gravitational influences.

The closer an object, such as a missile, comes to one of these bodies, therefore, the greater the gravitational attraction. It is not impossible that a missile shot past the moon might ultimately come to rest on some planet or star about which we know nothing.

SHOULD THE missile enter the moon's gravitational field at a speed less than that necessary to escape the moon's pull or to enter an earth - moon orbit, it is likely that it will simply plop on the moon itself. Maybe it will just orbit around the moon.

While the missile will reach a tremendous velocity during its flight to the moon, it will drop to one fifth its peak speed about 215,000 miles out and then, as it is attracted by the moon's gravity, speed will again increase.

The whole problem is something like shooting an arrow into the air. The arrow starts upward at high speed. As it nears the peak, the arrow slows, stops and then tumbles back to earth. It returns at the same speed at which it was launched. So will a missile.

Trying to translate the problems —or some few of them—confronting Dr. Hoelker and his five assistants into layman's language is something akin to an effort to reduce Einstein's theory of relativity to first grade arithmetic. But here's one way to visualize the moonshot:

Imagine you are riding on an earth-size ferris wheel which is spinning along at about 1,000 miles per hour.

Your mission is to shoot a rifle bullet toward a target which is spinning around your ferris wheel. The target passes over and under the wheel traveling in the same direction.

Now the speed of the target is known. So is that of the bullet and the ferris wheel. The spin of the wheel will add to the momentum of the bullet, a factor which has to be taken into account.

YOUR PROBLEM now is to figure out the precise moment at which to fire the bullet so it and the target will be on converging paths.

This is, of course, an extremely simplified version of what Hoelker is up against. There are additional factors.

The launching site is 28 degrees north of the equator while the moon is 18½ degrees below it on Dec. 7—the first day in December the moon is in position for a shoot from Cape Canaveral.

By Dec. 10 the moon has shifted southward until it is roughly in line with the sun. This is the ideal day for a shoot. The missile can be launched due east. Since the center of gravity is the theoretical center of the earth, the gravitational influence will drag the missile slightly southward after launching.

As the missile soars into space it will be traveling on an earth measured course of east south east. This southward deflection caused by gravity has to be figured in aiming at the moon.

Anyone who has ever fired a rifle in a stiff breeze knows that he has to fire to the right or left of the target, depending on the direction of the wind. In Hoelker's problem gravity takes the place of a wind blowing from left to right.

Added to all the other problems is the possibility that conditions at the launching site may not be favorable for a shoot at the time planned.

SUPPOSE THE shoot is delayed. In half an hour a given point on the equator has moved 500 miles eastward and the angle and direction of the shoot have to be changed.

If you are approaching an apple tree with your eye on a particular apple, the angle between your eye and the apple is small. You see the apple's side.

As you near the apple, the upward angle at which you view it increases. If you are standing directly beneath it, the underside of the apple is visible, while the rounded sides are not. You have placed yourself at right angles to the surface of the earth as you reach up to pluck it.

The same thing happens with missiles. As the earth spins eastward, the longer you delay the missile shot the steeper the angle of firing.

Every time the missile is raised nearer to the vertical, it takes more thrust to get it off the ground. Finally, you reach the point where the missile engine doesn't have the capacity to lift the missile and reach the moon too.

At this point the whole business has to be called off until the moon comes around again. The missile cannot be fired westward since that would carry it over parts of the United States—and the citizens might take a dim view of unsuccessful launchings.

THIS IS NOT the end of Hoelker's story. There is the sun whose gravitational pull distorts the shape of the moon's orbit and gives it an irregular elliptical shape.

In addition, the north-south axis of the earth does not hold its direction in space but wobbles like a toy top. The earth itself is not a perfect sphere, a fact which affects the center of gravity.

Then there are the winds in the upper atmosphere — the so-called jet stream—which affect the flight of the missile.

What you wind up with is a delicate problem in shooting for a target you can't see and which is traveling an irregular path. You are trying to do this while your rifle is resting on a wobbling, spinning platform.

Nixon Lays An Egg

By David Lawrence

Scare Campaign Didn't Work

WASHINGTON Vice President Nixon laid an egg, ostrich-size.

He conducted a scare campaign against the Democrats in the 1958 election drive and urged all Republican candidates for Congress to do the same. It didn't work. The Republicans suffered disaster.

This week it was disclosed that Nixon, two weeks before the November elections, sent a telegram to all the Republican candidates, giving them advice on how to win and urging them to fight along the lines he suggested.

But, as the elections showed, he had poor insight on how the vote would go and he was wrong in his guess on how to win.

His telegram, sent Oct. 19, suggested the scare campaign:

"As far as our opponents are concerned, they offer again nothing new but a return to the radical policies that in 20 years failed to produce prosperity except in war or as a result of war. . . .

"By electing more Democrats the voters are taking a grave risk that their taxes will be raised, prices will skyrocket and unemployment will increase because of the stifling effect of the anti-private enterprise policies of the radical wing of the Democratic party."

When Nixon sent his telegram, he had campaigned around the country and knew that various polls were predicting a Democratic sweep. But he said in his message:

"I am convinced that if we hammer on this line from now to election day we can blitz the opposition and shift thousands of votes in close races throughout the country."

Perhaps what Nixon said in his telegram and what he thought privately were not necessarily the same thing. His office said this week that not long before the elections the vice president took a more realistic view of what lay ahead.

Nevertheless, in his telegram he said: "As to our prospects, I believe that as we enter the last two weeks of the campaign there is no question but that the tide that was running so strongly against us has taken a sharp turn in our favor."

But the tide which rolled in on election day almost drowned the Republican party.

Nixon urged the Republicans, while conducting the scare campaign he suggested, to wear a kind of Sunny Jim look.

"From now on in press conferences and speeches, all Republican candidate and spokesmen should radiate optimism and should be on the offensive. There must not be any more defensive, apologetic, defeatist talk," he said.

Nixon used rock-'em-sock-'em tactics when he won election to the Senate in 1950 and again when he and President Eisenhower won in 1952 together with their fellow Republicans who that year got control of Congress.

But in the three elections since then — in 1954, 1956 and again in 1958 — all Nixon's tough campaigning wasn't convincing enough to persuade the voters Republicans should run Congress.

In all the elections since 1954 — including 1956 when Eisenhower and Nixon won a second term — the voters turned their backs on the Republicans as a party and gave control of Congress to the Democrats.

Perhaps now Nixon, after some self-examination and examination of the results of three elections in a row, may decide to change his tactics when he seeks the Republican presidential nomination in 1960, as he almost certainly will.

The Millionaire Era

By Frank Tripp

Having a choice of millionaires is a rare experience for the common man. It could happen only in America, and did; in the richest state, with the mostest and cleanest plucked taxpayers.

It wasn't the first time in New York state. The sires of Nelson Rockefeller's "loyal constituents" started the millionaire era. They ushered the Roosevelt millions into politics 60 years ago. It became a national habit.

Trust-buster, "big stick," Teddy Roosevelt was first to make the grade. John D. Sr., from whom all Rockefeller blessings were to flow, already was stashing away and giving away millions.

It could happen before there was a welfare state, a 90 per cent income tax bracket to hurdle and a 48-cent dollar — which was lucky for grandson Nelson, and for beneficiaries of the Rockefeller fortune all over the world.

FOR IT HAS been open gunning season on dollar stashing ever since a Roosevelt inhabited the White House for 20 of the last 57 years. The Roosevelts, Harrimans and Rockefellers already had theirs.

Old John D. had collected so many 100 - cent dollars that the family has held onto Pocantico Hills and it has never been advertised for taxes. Now guys just one jump ahead of the sheriff have elected his grandson governor. My, how times have changed.

Nelson Rockefeller's campaign contrasted with Teddy Roosevelt's debut of the millionaries as greatly as did the philosophies of Teddy and John D.

By the time Nelson came to Elmira last month there were eager hands to be grasped and babies to be kissed. Millionaries didn't always have it like that.

WHEN TEDDY came some 60 years earlier he was greeted with eggs, tomatoes, rocks and insults. To honor the hero of San Juan Hill, there was a Rough Riders' parade. I was one of the teen-agers on a horse.

A rock hit my horse, and many others; some hit Teddy's carrier. A hundred horses stampeded and turned a gala parade into a riotous rodeo of frightened animals and mad Republicans. (Teddy was a Republican — the Bull Mooser who bolted and beat Bill Taft.)

Democrats disclaimed responsibility and the disgraceful affair was brushed off as a crank-inspired demonstration against a millionaire presuming to court the favor of the proletariat, hero or no hero. By 1901 the hero was in the White House.

Millionaire governors became no novelty in New York state. There have been the two Roosevelts, Lehman, Harriman and now Rockefeller. But never until 1958 did two of them fight it out at the polls.

All save Harriman went in like a breeze. The people's attitude toward wealth and fortunes completely changed over the years. John D. Rockefeller or Edward H. Harriman couldn't have been elected dog catcher.

YET IT CAME to pass that the son of one squeaked in as governor; only to be routed and snowed under by the grandson of the other. Two millionaire New York governors became President. Harriman hoped to. Rockefeller says he doesn't—we'll see if it's contagious.

Four New York governors went to the White House; three others tried and failed. Among the losers, and the worst beaten, was a "son of the people," rejected in 1928 by the people themselves for a California millionaire; albeit, one who earned it himself.

So the worm had turned before F. D. R. and his New Deal. Millionaires are accepted as people. They've been exciting people, the two Roosevelts and Mr. Hoover, certainly a variety trio.

But we'll never know what three defeated New York state governors might have done, as president, about the welfare state and its staggering debt that has put the country in hock during the spendthrift, millionaire era: Charles Evans Hughes, Al Smith and Tom Dewey.

Could it be that America needs some Al Smiths—and some Will Rogers — more than millionaires and sputnik?

An Oddity Of The Election

One of the oddities of the November election that has received little or no attention is the record number of women in the new Congress — 17. The previous high was 16 in the now-expiring 85th Congress.

Perhaps the new record was shrugged off because the disproportion of representation by sexes is so great that the addition of one woman in the 86th Congress has no perceptible effect.

Actually, women may not be as well represented in the new Congress as they were in some previous Congresses when they had fewer members. The Bureau of the Census reported that on Nov. 4 this year there were 54,700,000 women of voting age as against 49,900,000 men of voting age.

That is a proportion of one male congressmen for every 97,270 men, as against one female congressmen for every 3,217,647 women. The women have a long way to go before they can claim they are making progress in Congress. The odds are still 33 to 1 against them.

There are three new faces among the feminine block in the new Congress: Mrs. Jessica Weis of New York, Mrs. Catherine May of Washington and Mrs. Edna Oakes Simpson of Illinois, all Republicans. Margaret Chase Smith (R-Maine), the only woman senator, did not have to run for re-election this year. The remaining 13 women were re-elected House members. They are Mrs. Iris F. Blitch (D-Ga), Mrs. Frances Bolton (R-Ohio), Mrs. Marguerite Stitt Church (R-Ill), Mrs. Florence P. Dwyer (R-NJ), Mrs. Kathryn Granahan (D-Pa), Mrs. Edith S. Green (D-Ore), Mrs. Martha W. Griffiths (D-Mich), Mrs. Elizabeth Kee (D-WVA), Mrs. Edna F. Kelly (D-NY), Mrs. Gracie Pfost (D-Idaho), Mrs. Edith Nourse Rogers (D-Mass), Mrs. Katherine St. George (R-NY) and Mrs. Leonor K. Sullivan (D-Mo).

A Choice Of Pie—All Apple

It's no more than fair that Ezra Taft Benson should get credit for helping to end corn controls in this country's commercial corn area, because the Eisenhower administration's secretary of agriculture usually gets his ears knocked off when farmers vote on anything he proposes.

But it's no more than realistic to point out that he couldn't lose, unless corn farmers had lost their senses.

Secretary Benson had let it be known that corn grown "out of compliance" with crop control would be on its own next year if farmers voted to continue acreage allotments. That would have been as much as 85 per cent of all the corn grown.

He then had clinched the case for dumping acreage allotments by announcing there would be 15 per cent fewer acres next year. Everybody knew, moreover, that federal corn controls had become a gag carried along at the expense of the federal government. They weren't controlling anything. Farmers had all but scuttled the system.

To persuade them to finish the job, a new alternative was set up — to plant and harvest as much as they pleased, with a price pegged at 90 per cent of the average for the previous three years — but not less than 65 per cent of the parity price. This would apply, moreover, to all corn, not just to corn grown in the commercial corn area.

The mystery is why the handful of corn farmers who voted in the referendum didn't go for the new idea 100 per cent. They had a shoo-in choice — no pie at all or all the pie they could eat, all of it apple.

Have You Given Yet?

The Community Fund again will fall short of its goal unless a flood of contributions today and tomorrow makes up the some $11,000 needed to reach the $83,000 originally sought.

As fund officials pointed out earlier this week, some 1,000 $10 contributions would do the trick. That doesn't seem like too much to ask when the benefits from the fund are taken into consideration.

In case you have forgotten, these are the agencies you would help—the Girl Scouts, Boy Scouts, YMCA, Salvation Army, Recreation Council and the USO.

If you haven't contributed, do so now at Community Fund headquarters in the YMCA.

Welcome, Grimaldis

Everybody's favorite princess, who used to by a movie actress, came back home for Thanksgiving — and all of us felt pretty good about it. She brought her husband with her, fellow named Grimaldi. The Kelly-Grimaldi nuptials three years ago next spring made the presidential election, which came later, seem like an anticlimax.

The reason we felt pretty good about it is that we suspected at the time that Grace Kelly was making a mistake in marrying this Grimaldi fellow, who was the prince of a place called Monaco. But things have been working out all right, apparently. And Monaco keeps looking better all the time.

It has no politics, no taxes and no army.

It gets the money it needs from gambling, which isn't as bad as it sounds because it is against the law for the natives to gamble. They just make it easy for foreigners to gamble. And the foreigners thus pay all the bills.

After getting used to that, it must be a shock for Princess Grace to come back home, where Americans pay the bills for the foreigners.

The trajectory was selected for these reasons:

The probe will be near the moon at a time when it may be observed from the United States.

THE PLANNED velocity of the rocket exceeds the minimum speed required to reach the moon. The Army would prefer to overshoot than undershoot.

Since the hoped-for orbit involves three bodies—the earth, the moon and the missile—all moving on a curving path through space, the final pattern should resemble—for very complicated reasons—a figure-eight as it swings around the moon and earth.

If the missile swings short of the moon, it will simply perform a long loop into space and return to earth. Upon re-entering the earth's atmosphere it will be destroyed by the heat generated by air friction.

Gravitational influences figure heavily in Hoelker's calculations. When scientists talk of escape velocity, they mean the speed necessary to overcome the gravitational pull of both the earth and moon.

The attraction of the earth is about six times that of the moon which is, on the average, 240,000 miles away. The moon's path around the earth is egg-shaped, or elliptical.

The gravitational influence of the earth is unending. So is that of the other occupants of space. In brief, space is just one mass of acting and counteracting gravitational influences.

The closer an object, such as a missile, comes to one of these bodies, therefore, the greater the gravitational attraction. It is not impossible that a missile shot past the moon might ultimately come to rest on some planet or star about which we know nothing.

SHOULD THE missile enter the moon's gravitational field at a speed less than that necessary to escape the moon's pull or to enter an earth - moon orbit, it is likely that it will simply plop on the moon itself. Maybe it will just orbit around the moon.

While the missile will reach a tremendous velocity during its flight to the moon, it will drop to one fifth its peak speed about 215,000 miles out and then, as it is attracted by the moon's gravity, speed will again increase.

The whole problem is something like shooting an arrow into the air. The arrow starts upward at high speed. As it nears the peak, the arrow slows, stops and then tumbles back to earth. It returns at the same speed at which it was launched. So will a missile.

Trying to translate the problems —or some few of them—confronting Dr. Hoelker and his five assistants into layman's language is something akin to an effort to reduce Einstein's theory of relativity to first grade arithmetic. But here's one way to visualize the moonshot:

Imagine you are riding on an earth-size ferris wheel which is spinning along at about 1,000 miles per hour.

Your mission is to shoot a rifle bullet toward a target which is spinning around your ferris wheel. The target passes over and under the wheel traveling in the same direction.

Now the speed of the target is known. So is that of the bullet and the ferris wheel. The spin of the wheel will add to the momentum of the bullet, a factor which has to be taken into account.

YOUR PROBLEM now is to figure out the precise moment at which to fire the bullet so it and the target will be on converging paths.

This is, of course, an extremely simplified version of what Hoelker is up against. There are additional factors.

The launching site is 28 degrees north of the equator while the moon is 18½ degrees below it on Dec. 7—the first day in December the moon is in position for a shoot from Cape Canaveral.

By Dec. 10 the moon has shifted southward until it is roughly in line with the sun. This is the ideal day for a shoot. The missile can be launched due east. Since the center of gravity is the theoretical center of the earth, the gravitational influence will drag the missile slightly southward after launching.

As the missile soars into space it will be traveling on an earth measured course of east south east. This southward deflection caused by gravity has to be figured in aiming at the moon.

Anyone who has ever fired a rifle in a stiff breeze knows that he has to fire to the right or left of the target, depending on the direction of the wind. In Hoelker's problem gravity takes the place of a wind blowing from left to right.

Added to all the other problems is the possibility that conditions at the launching site may not be favorable for a shoot at the time planned.

SUPPOSE THE shoot is delayed. In half an hour a given point on the equator has moved 500 miles eastward and the angle and direction of the shoot have to be changed.

If you are approaching an apple tree with your eye on a particular apple, the angle between your eye and the apple is small. You see the apple's side.

As you near the apple, the upward angle at which you view it increases. If you are standing directly beneath it, the underside of the apple is visible, while the rounded sides are not. You have placed yourself at right angles to the surface of the earth as you reach up to pluck it.

The same thing happens with missiles. As the earth spins eastward, the longer you delay the missile shot the steeper the angle of firing.

Every time the missile is raised nearer to the vertical, it takes more thrust to get it off the ground. Finally, you reach the point where the missile engine doesn't have the capacity to lift the missile and reach the moon too.

At this point the whole business has to be called off until the moon comes around again. The missile cannot be fired westward since that would carry it over parts of the United States—and the citizens might take a dim view of unsuccessful launchings.

THIS IS NOT the end of Hoelker's story. There is the sun whose gravitational pull distorts the shape of the moon's orbit and gives it an irregular elliptical shape.

In addition, the north-south axis of the earth does not hold its direction in space but wobbles like a toy top. The earth itself is not a perfect sphere, a fact which affects the center of gravity.

Then there are the winds in the upper atmosphere — the so-called jet stream—which affect the flight of the missile.

What you wind up with is a delicate problem in shooting for a target you can't see and which is traveling an irregular path. You are trying to do this while your rifle is resting on a wobbling, spinning platform.

Nixon Lays An Egg

By David Lawrence

Scare Campaign Didn't Work

WASHINGTON Vice President Nixon laid an egg, ostrich-size.

He conducted a scare campaign against the Democrats in the 1958 election drive and urged all Republican candidates for Congress to do the same. It didn't work. The Republicans suffered disaster.

This week it was disclosed that Nixon, two weeks before the November elections, sent a telegram to all the Republican candidates, giving them advice on how to win and urging them to fight along the lines he suggested.

But, as the elections showed, he had poor insight on how the vote would go and he was wrong in his guess on how to win.

His telegram, sent Oct. 19, suggested the scare campaign:

"As far as our opponents are concerned, they offer again nothing new but a return to the radical policies that in 20 years failed to produce prosperity except in war or as a result of war. . . .

"By electing more Democrats the voters are taking a grave risk that their taxes will be raised, prices will skyrocket and unemployment will increase because of the stifling effect of the anti-private enterprise policies of the radical wing of the Democratic party."

When Nixon sent his telegram, he had campaigned around the country and knew that various polls were predicting a Democratic sweep. But he said in his message:

"I am convinced that if we hammer on this line from now to election day we can blitz the opposition and shift thousands of votes in close races throughout the country."

Perhaps what Nixon said in his telegram and what he thought privately were not necessarily the same thing. His office said this week that not long before the elections the vice president took a more realistic view of what lay ahead.

Nevertheless, in his telegram he said: "As to our prospects, I believe that as we enter the last two weeks of the campaign there is no question but that the tide that was running so strongly against us has taken a sharp turn in our favor."

But the tide which rolled in on election day almost drowned the Republican party.

Nixon urged the Republicans, while conducting the scare campaign he suggested, to wear a kind of Sunny Jim look.

"From now on in press conferences and speeches, all Republican candidate and spokesmen should radiate optimism and should be on the offensive. There must not be any more defensive, apologetic, defeatist talk," he said.

Nixon used rock-'em-sock-'em tactics when he won election to the Senate in 1950 and again when he and President Eisenhower won in 1952 together with their fellow Republicans who that year got control of Congress.

But in the three elections since then — in 1954, 1956 and again in 1958 — all Nixon's tough campaigning wasn't convincing enough to persuade the voters Republicans should run Congress.

In all the elections since 1954 — including 1956 when Eisenhower and Nixon won a second term — the voters turned their backs on the Republicans as a party and gave control of Congress to the Democrats.

Perhaps now Nixon, after some self-examination and examination of the results of three elections in a row, may decide to change his tactics when he seeks the Republican presidential nomination in 1960, as he almost certainly will.

The Millionaire Era

By Frank Tripp

Having a choice of millionaires is a rare experience for the common man. It could happen only in America, and did; in the richest state, with the mostest and cleanest plucked taxpayers.

It wasn't the first time in New York state. The sires of Nelson Rockefeller's "loyal constituents" started the millionaire era. They ushered the Roosevelt millions into politics 60 years ago. It became a national habit.

Trust-buster, "big stick," Teddy Roosevelt was first to make the grade. John D. Sr., from whom all Rockefeller blessings were to flow, already was stashing away and giving away millions.

It could happen before there was a welfare state, a 90 per cent income tax bracket to hurdle and a 48-cent dollar — which was lucky for grandson Nelson, and for beneficiaries of the Rockefeller fortune all over the world.

FOR IT HAS been open gunning season on dollar stashing ever since a Roosevelt inhabited the White House for 20 of the last 57 years. The Roosevelts, Harrimans and Rockefellers already had theirs.

Old John D. had collected so many 100 - cent dollars that the family has held onto Pocantico Hills and it has never been advertised for taxes. Now guys just one jump ahead of the sheriff have elected his grandson governor. My, how times have changed.

Nelson Rockefeller's campaign contrasted with Teddy Roosevelt's debut of the millionaries as greatly as did the philosophies of Teddy and John D.

By the time Nelson came to Elmira last month there were eager hands to be grasped and babies to be kissed. Millionaries didn't always have it like that.

WHEN TEDDY came some 60 years earlier he was greeted with eggs, tomatoes, rocks and insults. To honor the hero of San Juan Hill, there was a Rough Riders' parade. I was one of the teen-agers on a horse.

A rock hit my horse, and many others; some hit Teddy's carrier. A hundred horses stampeded and turned a gala parade into a riotous rodeo of frightened animals and mad Republicans. (Teddy was a Republican — the Bull Mooser who bolted and beat Bill Taft.)

Democrats disclaimed responsibility and the disgraceful affair was brushed off as a crank-inspired demonstration against a millionaire presuming to court the favor of the proletariat, hero or no hero. By 1901 the hero was in the White House.

Millionaire governors became no novelty in New York state. There have been the two Roosevelts, Lehman, Harriman and now Rockefeller. But never until 1958 did two of them fight it out at the polls.

All save Harriman went in like a breeze. The people's attitude toward wealth and fortunes completely changed over the years. John D. Rockefeller or Edward H. Harriman couldn't have been elected dog catcher.

YET IT CAME to pass that the son of one squeaked in as governor; only to be routed and snowed under by the grandson of the other. Two millionaire New York governors became President. Harriman hoped to. Rockefeller says he doesn't—we'll see if it's contagious.

Four New York governors went to the White House; three others tried and failed. Among the losers, and the worst beaten, was a "son of the people," rejected in 1928 by the people themselves for a California millionaire; albeit, one who earned it himself.

So the worm had turned before F. D. R. and his New Deal. Millionaires are accepted as people. They've been exciting people, the two Roosevelts and Mr. Hoover, certainly a variety trio.

But we'll never know what three defeated New York state governors might have done, as president, about the welfare state and its staggering debt that has put the country in hock during the spendthrift, millionaire era: Charles Evans Hughes, Al Smith and Tom Dewey.

Could it be that America needs some Al Smiths—and some Will Rogers — more than millionaires and sputnik?

Down Through The Years

From The Review Files

THIRTY YEARS AGO — Ohio's green and black auto license plates for 1929 were placed on sale here.

Eight deceased members of East Liverpool Elks Lodge 258 were honored during the annual "Lodge of Sorrow" service.

Mrs. Louis Steinfeld was named chairman of the annual sale of Christmas health seals.

TWENTY YEARS AGO — Herman Raber and Glen Ramsey each scored 187 out of a possible 200 to tie for first place in the East Liverpool Rifle Club's indoor shoot.

The Kiwanis Club announced plans to sponsor a banquet for the East Liverpool High School football team.

East Liverpool Legionnaires attended the 10th district fall meeting at Millersburg, Holmes County.

TEN YEARS AGO — The Wellsville Chamber of Commerce decided to go ahead with its original plan of decorating the streets at Christmastime.

A total of $126 was contributed to the Junior Red Cross drive in the Wellsville public schools.

Members of the LaCroft Playground Association voted to seek stricter enforcement of speed laws.

The normal healthy adult changes his position about once in seven or eight minutes while sleeping.

Deaths and Funerals

Foster Wilson Dies Suddenly

Rites Set Sunday For Crucible Worker

Foster E. Wilson, 931 Orchard Grove Ave., was pronounced dead on arrival at City Hospital about 4 this morning of an apparent heart attack suffered when he entered the Bus Terminal a few minutes earlier to summon a taxi. He was 60.

Police said Mr. Wilson entered the terminal about 3:51 and asked for a taxi to take him to the hospital. He collapsed to the floor immediately, however, and the taxi dispatcher notified police and summoned an ambulance.

He was born in Lincoln County, W. Va., and resided in this vicinity 11 years. He was employed at the Midland Works of the Crucible Steel Co.

He is survived by his widow, Mrs. Odra Wilson of Jeffrey, W. Va.; three sons, Harold Wilson and Howard Wilson, both of East Liverpool, and Douglas Wilson of Ft. Pierce, Fla.; five daughters, Miss Jewell Wilson and Mrs. Flossie Javins, both of Jeffrey, Mrs. Robert Fetty of Charleston, Mrs. Virginia King of Ft. Pierce, and Mrs. Eugene Miller of Madison, W. Va., and eight grandchildren.

Services will be held Sunday at the Hunter & Hunter Funeral Home at Madison. Burial will be in Ball Cemetery at Jeffrey.

Friends may call tonight at the Arner Home for Funerals.

Frank A. Ross

Frank A. Ross of Bealer's Run, Smiths Ferry R. D., died Thursday at 7:45 p. m. at the home of his daughter, Mrs. Rose Ancrile, 107 Midland Ave., Midland, after a long illness. He was 61.

He was born Oct. 21, 1897, in Naples, Italy, and resided in the vicinity for 47 years. He was a farmer in Ohio Township and was a member of the Midland Presentation Catholic Church.

Besides his daughter, he leaves his widow, Mrs. Wilma Ross, and a son, Thomas S. Ross at home; five brothers, Samuel Ross of Ohio Township, Anthony Ross, Thomas Ross, Joseph Ross and Frank Ross, all of Naples; three sisters, Mrs. Caroline Tennerelli and Mrs. Louise Cedolio, both of Pittsburgh, and Mrs. Josephine Cuccola of Italy, and seven grandchildren.

A Solemn High Mass will be said Monday at 10 a. m. at the church by Fr. Francis E. Paul. Burial will be in Beaver Cemetery.

Friends may call at the Cannon Funeral Home in Midland after 7:30 tonight.

Chester Greenlee

Services for Chester E. Greenlee, 54, of Torrance, Calif., formerly of Chester, who died Nov. 17, were held Nov. 19 at the Halverson Funeral Home in Torrance. Burial was there.

He was born in Chester, the son of the late George B. Greenlee and Mrs. May Greenlee Storms. He was employed at the former American Sheet & Tin Plate Co. in Chester before leaving for Torrance, where he worked at the Columbia Steel Co.

He leaves his widow, Mrs. Mildred Greenlee, and a son, Edward Greenlee, both at home; two brothers, Fred Greenlee of Chester and Carl Greenlee of Plymouth, Mich., and a sister, Mrs. Ernest Henry of Plymouth.

Grover C. Maple

Services for Grover C. Maple of Follansbee, who died Monday at Gill Memorial Hospital Steubenville, will be held today at 1:30 p. m. at the James Funeral Home in Follansbee.

He was born April 18, 1884, in Jefferson County, a son of Mahlen and Rebecca Deetz Maple. He was a retired employe of the Follansbee Steel Co.

He leaves four brothers, Andy Maple of Follansbee, John Maple of Washington and Albert Maple and Edgar Maple, both of East Liverpool; two sisters, Mrs. Emma Bremer of River Rouge, Mich., and Mrs. Margaret McClain of Salineville, and several nephews and nieces.

Burial will be in Osage Cemetery near Richmond.

Mrs. Kathryn Callahan

Mrs. Kathryn Dorff Callahan, 313 Peach Alley, died this morning at 12:10 at City Hospital after a long illness. She was 85.

Widow of Jerry P. Callahan, she was born in East Liverpool, daughter of the late William and Matilda Crawford Dorff. She was a member of the First Church of Christ.

She is survived by several nephews and nieces.

The Dawson Funeral Home is in charge of arrangements which are incomplete.

Edgar Mercer

Graveside services were held Wednesday afternoon at Spring Grove Cemetery for Edgar Hazel (Zeke) Mercer, who died early Monday at the Pomerene Memorial Hospital at Millersburg.

He was born March 4, 1875, at Calcutta, son of the late Jacob and Maggie Mercer. He was a photographer in East Liverpool for many years and later operated a boat concession at Brady's Lake Amusement Park near Youngstown.

He moved from here 30 years ago to a farm near Millersburg.

He leaves two daughters, Mrs. William J. McMillen of Gulfport, Fla., and Mrs. Chester P. Stanclift of Geneva; a sister, Mrs. William Pogue of Massillon; two brothers, Ira Mercer of Mansfield, and Harold Mercer of Chagrin Falls and a granddaughter and seven great-grandchildren. Five brothers preceded him in death.

Services were held Wednesday at the Elliott-Hartline Funeral Home in Millersburg by Manley Pierce, minister of the Millersburg Christian Church.

Delmer Freed

EAST PALESTINE — Services will be held Saturday for Delmer J. Freed, 128 Garfield Ave., retired tank firm worker who died Wednesday night at Salem City Hospital following a two-week illness. He was 67.

A son of James E. and Roseanna Augustine Freed, he was born here Aug. 29, 1891. He was married in 1916 to Elizabeth Widowfield, who died in 1955.

Mr. Freed worked for many years as an inspector at the Adamson Tank Manufacturing Co., retiring about two years ago. He was a member of the Methodist Church and the Eagles Lodge.

Survivors include a son, Robert J. Freed of East Liverpool; two daughters, Mrs. Betty Knight and Mrs. Rosemary Wilson, both of East Liverpool; a brother, Byron Freed of Baltimore, and nine grandchildren and three great-grandchildren.

Services will be held tomorrow afternoon at 1:30 at the VanDyke Funeral Home by the Rev. Herbert Massey.

Burial will be in Glenview Cemetery.

Friends may call tonight at the funeral home.

Hundreds At Union Services In District For Thanksgiving

Several hundred persons attended union church services in observances of Thanksgiving in East Liverpool, Chester, Newell and Wellsville.

The East Liverpool Ministerial Association sponsored downtown and East End services, and the associations in Chester and Wellsville conducted joint services in the respective communities. Newell's was a community event.

Approximately 270 attended the service Thursday at the First Presbyterian Church here.

An offering of $144.10 was received for the CROP program and the Community Fund.

At the Second Church of Christ in East End, some 200 persons joined in prayers of Thanksgiving.

The offering, which amounted to $42.83, was also turned over to the CROP program and the Community fund.

Some 350 attended the joint event in Wellsville, held at the First Methodist Church. The amount of the offering was not available.

A total of 165 attended the union service at the Chester First Christian Church Thursday at which the Rev. Robert Backstrom of the First United Presbyterian Church was speaker.

A collection for charitable purposes amounted to $61.58, the Rev. William Claghorn said.

An estimated 100 attended the services at the Newell Methodist Church with pastors of the community participating.

The Rev. O. F. Haynes of the Church of the Nazarene used "Memorials to God's Gifts" as his sermon.

morning—including one near Glenmoor and another near Lisbon. All involved autos, the patrol said.

The mishaps were reported on Route 267 north of Glenmoor, Route 45 south of Lisbon, Route 62 near Alliance and Route 154 west of Negley, Cpl. John Miller of the Lisbon barracks said.

Traffic was tied up generally on grades and curves in East Liverpool in the rush to work this morning.

All available street department trucks were called out about 6 to spread ashes and salt on hills and intersections. Street Supt. W. M. Laughlin said five trucks and crews were at work, but the steady snowfall hampered their efforts.

Safety-Service Director Dan Maggianetti commented that the city has a plentiful supply of ashes and salt and the crews will spread the material as quickly as possible.

The Wintersville Highway Patrol reported most roads in Jefferson County were slick and in "bad shape" for traveling but no major traffic tieups or accidents had occurred before noon.

However, many rural roads in the area were lined with stalled cars early this morning, while drivers found especially slick going on the new Route 7 link south of Wellsville. A half-dozen autos were stalled midway up the steep grade out of Wellsville in the early morning rush.

Cars and trucks were reported stalled or skidded on the Route 30 hill leading out of Chester this morning although parts of the roadway had been ashed.

It was a foretaste of winter, which is due officially Dec. 21, according to the calendar, but is already here judging from the thermometer.

The dam said the mercury did not go above 34 yesterday after an early-morning low of 24 for a chilly Thanksgiving.

Today's high range will be 29 to 32 degrees and the low tonight 26 to 30. The cold will continue Saturday but the snow is expected to end tonight.

Much colder weather moved into the Northeast. Below freezing temperatures extended southward into Virginia and freezing weather nipped parts of the Gulf states.

The major snow belt extended from northeastern New Mexico and southeastern Colorado eastward as far as southern Indiana and northward into northern sections of Iowa, Illinois and Indiana.

Heaviest falls were in most of the area from the Oklahoma and Texas Panhandles across Kansas and Missouri into western Illinois and southern Iowa. Snow depths ranged up to more than 5 inches in Olathe in eastern Kansas and more than 4 inches in Kansas City.

No immediate letup of the snow was indicated as the wet weather headed from the central and southern Plains and Mississippi Valley eastward into the mid and south Atlantic states.

It was mostly clear in the Northeast but temperatures dropped into the teens in northern New England and mountain sections of Pennsylvania.

Holiday 'Trimmings' Day Late For Ohio

By The Associated Press

Most Ohioans got their holiday trimming one day late as snow began falling over the entire state early today.

The weather bureau posted heavy snow warnings for all of the state and reported that between four and six inches would blanket Ohio before the snow changed to light flurries late tonight or Saturday.

A few northern counties had a light covering on Thanksgiving Day, but the greatest accumulation was reported at Cincinnati where three inches had fallen by 7 a.m. today.

With temperatures expected to remain around the freezing mark today, the weather bureau warned of hazardous road conditions.

Answer Slated Dec. 27 For Milk Firm's Action

The city has until Dec. 27 to file an answer in Common Pleas Court at Lisbon in an action entered Wednesday by McAllister Dairy Farms, Inc., at Warren questioning the constitutionality of a city licensing ordinance under which one of its truck drivers was arrested Tuesday.

Preparing to draft the city's answer, Solicitor Joseph W. Cooper today began study of a copy of the McAllister firm's petition. As part of the action, Judge Joel H. Sharp granted a temporary restraining order forbidding municipal officials to "interfere" with McAllister's drivers and instructing the Health Board to grant the dairy a city milk permit that will be good at least until the action is heard in court.

Earlier, the concern was denied a city milk permit by the Health Board. Its driver was cited in East End Tuesday afternoon, charged with bringing milk into the city illegally.

Deaths and Funerals

Foster Wilson Dies Suddenly

Rites Set Sunday For Crucible Worker

Foster E. Wilson, 931 Orchard Grove Ave., was pronounced dead on arrival at City Hospital about 4 this morning of an apparent heart attack suffered when he entered the Bus Terminal a few minutes earlier to summon a taxi. He was 60.

Police said Mr. Wilson entered the terminal about 3:51 and asked for a taxi to take him to the hospital. He collapsed to the floor immediately, however, and the taxi dispatcher notified police and summoned an ambulance.

He was born in Lincoln County, W. Va., and resided in this vicinity 11 years. He was employed at the Midland Works of the Crucible Steel Co.

He is survived by his widow, Mrs. Odra Wilson of Jeffrey, W. Va.; three sons, Harold Wilson and Howard Wilson, both of East Liverpool, and Douglas Wilson of Ft. Pierce, Fla.; five daughters, Miss Jewell Wilson and Mrs. Flossie Javins, both of Jeffrey, Mrs. Robert Fetty of Charleston, Mrs. Virginia King of Ft. Pierce, and Mrs. Eugene Miller of Madison, W. Va., and eight grandchildren.

Services will be held Sunday at the Hunter & Hunter Funeral Home at Madison. Burial will be in Ball Cemetery at Jeffrey.

Friends may call tonight at the Arner Home for Funerals.

Frank A. Ross

Frank A. Ross of Bealer's Run, Smiths Ferry R. D., died Thursday at 7:45 p. m. at the home of his daughter, Mrs. Rose Ancrile, 107 Midland Ave., Midland, after a long illness. He was 61.

He was born Oct. 21, 1897, in Naples, Italy, and resided in the vicinity for 47 years. He was a farmer in Ohio Township and was a member of the Midland Presentation Catholic Church.

Besides his daughter, he leaves his widow, Mrs. Wilma Ross, and a son, Thomas S. Ross at home; five brothers, Samuel Ross of Ohio Township, Anthony Ross, Thomas Ross, Joseph Ross and Frank Ross, all of Naples; three sisters, Mrs. Caroline Tennerelli and Mrs. Louise Cedolio, both of Pittsburgh, and Mrs. Josephine Cuccola of Italy, and seven grandchildren.

A Solemn High Mass will be said Monday at 10 a. m. at the church by Fr. Francis E. Paul. Burial will be in Beaver Cemetery.

Friends may call at the Cannon Funeral Home in Midland after 7:30 tonight.

Chester Greenlee

Services for Chester E. Greenlee, 54, of Torrance, Calif., formerly of Chester, who died Nov. 17, were held Nov. 19 at the Halverson Funeral Home in Torrance. Burial was there.

He was born in Chester, the son of the late George B. Greenlee and Mrs. May Greenlee Storms. He was employed at the former American Sheet & Tin Plate Co. in Chester before leaving for Torrance, where he worked at the Columbia Steel Co.

He leaves his widow, Mrs. Mildred Greenlee, and a son, Edward Greenlee, both at home; two brothers, Fred Greenlee of Chester and Carl Greenlee of Plymouth, Mich., and a sister, Mrs. Ernest Henry of Plymouth.

Grover C. Maple

Services for Grover C. Maple of Follansbee, who died Monday at Gill Memorial Hospital Steubenville, will be held today at 1:30 p. m. at the James Funeral Home in Follansbee.

He was born April 18, 1884, in Jefferson County, a son of Mahlen and Rebecca Deetz Maple. He was a retired employe of the Follansbee Steel Co.

He leaves four brothers, Andy Maple of Follansbee, John Maple of Washington and Albert Maple and Edgar Maple, both of East Liverpool; two sisters, Mrs. Emma Bremer of River Rouge, Mich., and Mrs. Margaret McClain of Salineville, and several nephews and nieces.

Burial will be in Osage Cemetery near Richmond.

Mrs. Kathryn Callahan

Mrs. Kathryn Dorff Callahan, 313 Peach Alley, died this morning at 12:10 at City Hospital after a long illness. She was 85.

Widow of Jerry P. Callahan, she was born in East Liverpool, daughter of the late William and Matilda Crawford Dorff. She was a member of the First Church of Christ.

She is survived by several nephews and nieces.

The Dawson Funeral Home is in charge of arrangements which are incomplete.

Edgar Mercer

Graveside services were held Wednesday afternoon at Spring Grove Cemetery for Edgar Hazel (Zeke) Mercer, who died early Monday at the Pomerene Memorial Hospital at Millersburg.

He was born March 4, 1875, at Calcutta, son of the late Jacob and Maggie Mercer. He was a photographer in East Liverpool for many years and later operated a boat concession at Brady's Lake Amusement Park near Youngstown.

He moved from here 30 years ago to a farm near Millersburg.

He leaves two daughters, Mrs. William J. McMillen of Gulfport, Fla., and Mrs. Chester P. Stanclift of Geneva; a sister, Mrs. William Pogue of Massillon; two brothers, Ira Mercer of Mansfield, and Harold Mercer of Chagrin Falls and a granddaughter and seven great-grandchildren. Five brothers preceded him in death.

Services were held Wednesday at the Elliott-Hartline Funeral Home in Millersburg by Manley Pierce, minister of the Millersburg Christian Church.

Delmer Freed

EAST PALESTINE — Services will be held Saturday for Delmer J. Freed, 128 Garfield Ave., retired tank firm worker who died Wednesday night at Salem City Hospital following a two-week illness. He was 67.

A son of James E. and Roseanna Augustine Freed, he was born here Aug. 29, 1891. He was married in 1916 to Elizabeth Widowfield, who died in 1955.

Mr. Freed worked for many years as an inspector at the Adamson Tank Manufacturing Co., retiring about two years ago. He was a member of the Methodist Church and the Eagles Lodge.

Survivors include a son, Robert J. Freed of East Liverpool; two daughters, Mrs. Betty Knight and Mrs. Rosemary Wilson, both of East Liverpool; a brother, Byron Freed of Baltimore, and nine grandchildren and three great-grandchildren.

Services will be held tomorrow afternoon at 1:30 at the VanDyke Funeral Home by the Rev. Herbert Massey.

Burial will be in Glenview Cemetery.

Friends may call tonight at the funeral home.

Hundreds At Union Services In District For Thanksgiving

Several hundred persons attended union church services in observances of Thanksgiving in East Liverpool, Chester, Newell and Wellsville.

The East Liverpool Ministerial Association sponsored downtown and East End services, and the associations in Chester and Wellsville conducted joint services in the respective communities. Newell's was a community event.

Approximately 270 attended the service Thursday at the First Presbyterian Church here.

An offering of $144.10 was received for the CROP program and the Community Fund.

At the Second Church of Christ in East End, some 200 persons joined in prayers of Thanksgiving.

The offering, which amounted to $42.83, was also turned over to the CROP program and the Community fund.

Some 350 attended the joint event in Wellsville, held at the First Methodist Church. The amount of the offering was not available.

A total of 165 attended the union service at the Chester First Christian Church Thursday at which the Rev. Robert Backstrom of the First United Presbyterian Church was speaker.

A collection for charitable purposes amounted to $61.58, the Rev. William Claghorn said.

An estimated 100 attended the services at the Newell Methodist Church with pastors of the community participating.

Desegregation Petition

Judge Eyes School Case

NEWPORT NEWS, Va. (AP)—The case of 10 Negro children who seek admittance to a white elementary school here comes before Judge Walter E. Hoffman in U.S. District Court today.

The hearing on a desegregation petition filed by parents of the 10 marks the second effort to knock down school racial barriers in this shipbuilding community.

The parents claim their children should be admitted to the Walter Reed Elementary School because it is closer to their homes than the Negro school they now attend.

Newport News probably would have been the fourth Virginia community hit with school closings under the state anti-integration laws but for a legal snarl stemming from the consolidation of old Newport News and Warwick as one municipality.

Judge Hoffman issued a desegregation order affecting Newport News in February 1957. The order was upheld by higher courts and last summer attorneys for both sides agreed it was final and in full effect.

However, with the July 1 merger the case became bogged down on the question of whether Hoffman's original order could apply to the Greater Newport News. Defense attorneys argued it could not.

The next move came from the Negro plaintiffs. They filed a new suit Sept. 3, the day before schools opened, asking a temporary injunction forbidding the School board from denying them admittance to the white school.

Hoffman turned down the plea for an immediate injunction, chiding the plaintiff attorneys for not acting earlier in the summer.

The School Board seeks dismissal of the suit on the grounds it has no power to assign the pupils.

Desegregation orders by Judge Hoffman in Norfolk and Judge John Paul in the Charlottesville and Warren County cases earlier this year subsequently brought the closing of the nine white schools under the state laws forbidding racial mixing.

Bobbysoxers In Tokyo 'Mob' Auto Of Nominated Empress

TOKYO (AP) — Thousands of screaming, crying bobbysoxers broke through police lines today to mob the car carrying the young woman who has been nominated from their ranks to become Japan's next empress.

Miss Michiko Shoda and her parents were going to visit Crown Prince Akihito. The prince and Michiko were alone for an hour on their second visit together since their engagement was announced Thursday.

Michiko, beautiful daughter of a wealthy flour mill owner, is the first commoner in the 26-century history of the Japanese imperial family to become the prospective empress. She and Akihito, both 24 years old, will be married next spring or autumn.

The couple met on a tennis court 15 months ago and saw each other only rarely. Akihito, barred by court etiquette from dating anyone, pushed his suit by telephone. After the Imperial Household Council announced the engagement, they saw each other briefly at the palace.

Machiko and her parents called on Akihito today at his mansion, separate bachelor quarters away from the palace.

The visit began just as most Japanese schools were closing for the day, freeing thousands of girls from 8 to 18. They swarmed around the mansion chanting: "Our future empress . . . Shoda-san, shoda-san (honorable shoda)."

Boy Falls From Auto Going At High Speed

LISBON — A Salem area boy, 3½, escaped death when he fell out of a car traveling 50 miles an hour near East Rochester Thursday afternoon, the State Highway Patrol said.

Robert Day, son of Mr. and Mrs. Donald Day of Salem R. D. 3, is in "fairly good" condition at Salem City Hospital with cuts of the scalp, abrasions of the body and concussion.

Officers said the boy was in the back seat of a car driven by Dorothy Reed of Minerva. Somehow the child fell out of the opened door along Route 30 just west of East Rochester.

The patrol, which has not completed its investigation, said there were others in the auto.

Ohio 5-Day Forecast

Temperatures are expected to average five to eight degrees below normal. Normal high 41 north to 47 south. Normal low 26-31. Continued cold over the weekend, warming a little about Tuesday. Snow today and tonight, changing to snow flurries Saturday and snow flurries continuing over the extreme northern counties into Tuesday. Precipitation averaging three-tenths to five-tenths of an inch.

Defective Flue Causes Blaze

11 Hammondsville Firemen Make Run

HAMMONDSVILLE — A defective flue was blamed by Irondale volunteer firemen for an early-morning blaze that caused several hundred dollars damage to upstairs rooms in the home of Mr. and Mrs. Sam Wilson.

The blaze was discovered about 3:45 when smoke from burning rafters and sheeting awakened the couple, firemen said.

The fire started in an upstairs room and spread to an attic in the frame dwelling, causing heavy damage to the ceiling and the wall around the chimney, firemen added.

Chief Oliver Nicholson said 11 firemen responded to the alarm turned in by Wilson. There was little water damage to the home, he said.

Chief Nicholson, who will further investigate the fire today, urged residents of the Irondale and Hammondsville areas to check their homes for possible fire hazards with the coming of the first snow.

Irondale firemen are revising their alarm system and will announce a complete list of emergency numbers soon, he said. The department has also ordered $600 worth of new fire fighting equipment.

Thanksgiving's Spent By Man In Elevator Shaft

NEW YORK (AP)—Today was Thanksgiving Day for Stanley Heiducki.

He spent the regular one at the bottom of an elevator shaft.

In fact, he said, he had spent two days there and, worse still, hadn't eaten for eight days.

The 38-year-old man could not give a coherent explanation of how he got into the elevator shaft in downtown Manhattan.

Two employes arriving for work at a restaurant next door late Thursday night kept hearing a knocking on the wall but thought it was repairmen at work.

Finally at 4 a.m. today one of them, as a joke, yelled "What do you want?"

"Get me out," came the reply. Heiducki gave no information about himself, but Beekman-Downtown Hospital, where he was taken for treatment of malnutrition and exposure, said he had been treated there Tuesday for a dislocated shoulder.

300 At Children's Play Presented In Midland

About 300 attended the play, "Heidi," presented Wednesday evening in the Midland High School auditorium by the Pittsburgh Children's Playhouse.

The Midland Junior Women's Club sponsored the play as a cultural project of the fine art committee. Mrs. George Shaffer is chairman.

Prospects for a play next year will be decided in the spring after new officers are elected and installed, Mrs. William Monac Jr., president, said.

Desegregation Petition

Judge Eyes School Case

NEWPORT NEWS, Va. (AP)—The case of 10 Negro children who seek admittance to a white elementary school here comes before Judge Walter E. Hoffman in U.S. District Court today.

The hearing on a desegregation petition filed by parents of the 10 marks the second effort to knock down school racial barriers in this shipbuilding community.

The parents claim their children should be admitted to the Walter Reed Elementary School because it is closer to their homes than the Negro school they now attend.

Newport News probably would have been the fourth Virginia community hit with school closings under the state anti-integration laws but for a legal snarl stemming from the consolidation of old Newport News and Warwick as one municipality.

Judge Hoffman issued a desegregation order affecting Newport News in February 1957. The order was upheld by higher courts and last summer attorneys for both sides agreed it was final and in full effect.

However, with the July 1 merger the case became bogged down on the question of whether Hoffman's original order could apply to the Greater Newport News. Defense attorneys argued it could not.

The next move came from the Negro plaintiffs. They filed a new suit Sept. 3, the day before schools opened, asking a temporary injunction forbidding the School board from denying them admittance to the white school.

Hoffman turned down the plea for an immediate injunction, chiding the plaintiff attorneys for not acting earlier in the summer.

The School Board seeks dismissal of the suit on the grounds it has no power to assign the pupils.

Desegregation orders by Judge Hoffman in Norfolk and Judge John Paul in the Charlottesville and Warren County cases earlier this year subsequently brought the closing of the nine white schools under the state laws forbidding racial mixing.

Bobbysoxers In Tokyo 'Mob' Auto Of Nominated Empress

TOKYO (AP) — Thousands of screaming, crying bobbysoxers broke through police lines today to mob the car carrying the young woman who has been nominated from their ranks to become Japan's next empress.

Miss Michiko Shoda and her parents were going to visit Crown Prince Akihito. The prince and Michiko were alone for an hour on their second visit together since their engagement was announced Thursday.

Michiko, beautiful daughter of a wealthy flour mill owner, is the first commoner in the 26-century history of the Japanese imperial family to become the prospective empress. She and Akihito, both 24 years old, will be married next spring or autumn.

The couple met on a tennis court 15 months ago and saw each other only rarely. Akihito, barred by court etiquette from dating anyone, pushed his suit by telephone. After the Imperial Household Council announced the engagement, they saw each other briefly at the palace.

Machiko and her parents called on Akihito today at his mansion, separate bachelor quarters away from the palace.

The visit began just as most Japanese schools were closing for the day, freeing thousands of girls from 8 to 18. They swarmed around the mansion chanting: "Our future empress . . . Shoda-san, shoda-san (honorable shoda)."

Boy Falls From Auto Going At High Speed

LISBON — A Salem area boy, 3½, escaped death when he fell out of a car traveling 50 miles an hour near East Rochester Thursday afternoon, the State Highway Patrol said.

Robert Day, son of Mr. and Mrs. Donald Day of Salem R. D. 3, is in "fairly good" condition at Salem City Hospital with cuts of the scalp, abrasions of the body and concussion.

Officers said the boy was in the back seat of a car driven by Dorothy Reed of Minerva. Somehow the child fell out of the opened door along Route 30 just west of East Rochester.

The patrol, which has not completed its investigation, said there were others in the auto.

Ohio 5-Day Forecast

Temperatures are expected to average five to eight degrees below normal. Normal high 41 north to 47 south. Normal low 26-31. Continued cold over the weekend, warming a little about Tuesday. Snow today and tonight, changing to snow flurries Saturday and snow flurries continuing over the extreme northern counties into Tuesday. Precipitation averaging three-tenths to five-tenths of an inch.

Defective Flue Causes Blaze

11 Hammondsville Firemen Make Run

HAMMONDSVILLE — A defective flue was blamed by Irondale volunteer firemen for an early-morning blaze that caused several hundred dollars damage to upstairs rooms in the home of Mr. and Mrs. Sam Wilson.

The blaze was discovered about 3:45 when smoke from burning rafters and sheeting awakened the couple, firemen said.

The fire started in an upstairs room and spread to an attic in the frame dwelling, causing heavy damage to the ceiling and the wall around the chimney, firemen added.

Chief Oliver Nicholson said 11 firemen responded to the alarm turned in by Wilson. There was little water damage to the home, he said.

Chief Nicholson, who will further investigate the fire today, urged residents of the Irondale and Hammondsville areas to check their homes for possible fire hazards with the coming of the first snow.

Irondale firemen are revising their alarm system and will announce a complete list of emergency numbers soon, he said. The department has also ordered $600 worth of new fire fighting equipment.

Thanksgiving's Spent By Man In Elevator Shaft

NEW YORK (AP)—Today was Thanksgiving Day for Stanley Heiducki.

He spent the regular one at the bottom of an elevator shaft.

In fact, he said, he had spent two days there and, worse still, hadn't eaten for eight days.

The 38-year-old man could not give a coherent explanation of how he got into the elevator shaft in downtown Manhattan.

Two employes arriving for work at a restaurant next door late Thursday night kept hearing a knocking on the wall but thought it was repairmen at work.

Finally at 4 a.m. today one of them, as a joke, yelled "What do you want?"

"Get me out," came the reply.

Heiducki gave no information about himself, but Beekman-Downtown Hospital, where he was taken for treatment of malnutrition and exposure, said he had been treated there Tuesday for a dislocated shoulder.

300 At Children's Play Presented In Midland

About 300 attended the play, "Heidi," presented Wednesday evening in the Midland High School auditorium by the Pittsburgh Children's Playhouse.

The Midland Junior Women's Club sponsored the play as a cultural project of the fine art committee. Mrs. George Shaffer is chairman.

Prospects for a play next year will be decided in the spring after new officers are elected and installed, Mrs. William Monac Jr., president, said.

5 Little Rock Pupils Taking Mail Courses

LITTLE Rock, Ark. (AP) — Five of the seven Negro pupils eligible to attend the closed Central High School here are taking correspondence courses from the University of Arkansas. The other two are enrolled at schools in other states.

Mrs. L. C. Bates, state president of the National Assn. for the Advancement of Colored People, said Carlotta Walls, Melba Patillo, Thelma Mothershed, Elizabeth Eckford and Jefferson Thomas registered for mail courses last week and began studies this week with tutors.

Terrance Roberts enrolled at a Los Angeles high school shortly after Gov. Orval E. Faubus closed Little Rock's four high schools to prevent integration. Gloria Ray recently began attending classes in Kansas City, Mo.

Ernest Brown, the only Negro to be graduated from Central last year, is attending Michigan State University on a scholarship.

The last of the famed "Little Rock Nine," Minnijean Brown, attends the integrated New Lincoln private school in New York City. She received a scholarship to this school last year after she was expelled from Central because of racial incidents.

Maybe Mrs. Nixon Tipped Queen On Some 'Good Buys'

LONDON (AP) — It is possible that Pat Nixon whispered something about her shopping bargains when she had dinner with Queen Elizabeth Thursday night.

The wife of the visiting U.S. vice president went shopping in a big London department store earlier in the day. She picked up two fluffy wool bonnets for her daughters at $2.22 each and saw a few other items she described as good buys.

This morning Queen Elizabeth showed up at the same department store. What she bought was not disclosed.

5 Little Rock Pupils Taking Mail Courses

LITTLE Rock, Ark. (AP) — Five of the seven Negro pupils eligible to attend the closed Central High School here are taking correspondence courses from the University of Arkansas. The other two are enrolled at schools in other states.

Mrs. L. C. Bates, state president of the National Assn. for the Advancement of Colored People, said Carlotta Walls, Melba Patillo, Thelma Mothershed, Elizabeth Eckford and Jefferson Thomas registered for mail courses last week and began studies this week with tutors.

Terrance Roberts enrolled at a Los Angeles high school shortly after Gov. Orval E. Faubus closed Little Rock's four high schools to prevent integration. Gloria Ray recently began attending classes in Kansas City, Mo.

Ernest Brown, the only Negro to be graduated from Central last year, is attending Michigan State University on a scholarship.

The last of the famed "Little Rock Nine," Minnijean Brown, attends the integrated New Lincoln private school in New York City. She received a scholarship to this school last year after she was expelled from Central because of racial incidents.

Salineville

The Altar and Rosary Society of St. Patrick's Catholic Church met Tuesday night and completed plans for the annual bazaar and rummage sale to be held Dec. 6 in the Orville Kirk storeroom.

Business was conducted by the president, Mrs. Alma Feth, and Fr. Homer G. Oliver was in charge of devotions.

A Christmas party for children of the parish was planned for the evening of Dec. 21.

A coverdish supper and Christmas gift exchange will feature the Dec. 20 meeting.

Immunizations Slated For Students At Unity

LISBON — The Columbiana County Health Department has scheduled immunization of kindergarten and first grade pupils at Unity School Wednesday. Booster Shots will be given third graders.

Negley school children will receive the same immunizations and booster shots Thursday, Dr. C. S. Palmer, county health commissioner, said. Called a basic immunization program, the county project provides whatever shots the children require —including whooping cough and tetanus.

2 Drivers Forfeit $210 In Wellsville Violations

Two area motorists have forfeited bonds totaling $210 when they failed to appear before Mayor William Shoub of Wellsville for traffic violations.

Robert Blackburn of Hammondsville R. D. 1 forfeited $200 Wednesday night on a drunk driving charge. He was arrested Saturday morning.

Andy Brletich, 103 Railroad St., Chester, forfeited $10 today on a charge of passing without the assured clear distance filed by the State Highway Patrol.

Maybe Mrs. Nixon Tipped Queen On Some 'Good Buys'

LONDON (AP) — It is possible that Pat Nixon whispered something about her shopping bargains when she had dinner with Queen Elizabeth Thursday night.

The wife of the visiting U.S. vice president went shopping in a big London department store earlier in the day. She picked up two fluffy wool bonnets for her daughters at $2.22 each and saw a few other items she described as good buys.

This morning Queen Elizabeth showed up at the same department store. What she bought was not disclosed.

Greek Girl, 10, To Receive Yule Party From U.S. 'Dads'

SAN QUENTIN, Calif. (AP)—A 10-year-old girl who lives in a remote mountain village in Greece will get a letter, gifts and money for a big Christmas party from her 5,000 "dads" in the United States—but no visit.

The "dads" are San Quentin Prison convicts.

The men "adopted" Diamanto Samartzi in September through Foster Parents Plan, Inc., a New York charity organization. They donated $1,400 for her support, from which she gets $15 a month.

For a Christmas party the little girl will get $25 extra from the fund which will buy quite a bit in Greece.

"It's something like handing a kid $25 to go the candy store," a prison official said.

A Christmas package will contain presents, mostly handmade by the prisoners.

San Quentin officials said the biggest problem was to keep the convicts from going overboard on Diamanto's Christmas.

"A lot of them wanted to send their own money," said Associate Warden Walter Achuff, "and a good many asked if they couldn't have their families send money.

"We had to turn them down, because Foster Parents Plan feels the needy children should be treated as nearly equally as possible."

Diamanto wrote her San Quentin "fathers" recently, describing her small village. "I'll keep praying every day for you," she wrote.

Officers Of Jefferson Granges Set Conference

Heads of 14 subordinate Granges in Jefferson County will meet at the Unionport Grange Hall Saturday night at 7:30 for the annual officers' conference.

Deputy Master William H. Chappell of Wintersville will preside. Past deputies and Pomona officers will assist.

Plans will be outlined for next year's work. Officers are to bring their 1958-59 program books for review and study. Refreshments will be served by the Pomona Grange, with Mrs. Howard Reynard of Smithfield as chairman.

The British government also served notice it intends to stay in West Berlin.

West German Chancellor Konrad Adenauer said he was sure the Western Allies would "reject every suggestion that aims at making Berlin defenseless and endangers its freedom."

Adenauer and French Premier Charles de Gaulle had already announced Wednesday that the West's promises to maintain the occupation must be kept.

West German Socialist leader Erich Ollenhauer, Adenauer's chief opposition, assured West Berliners that his party also stands firmly behind them.

Boy Scouts To Gather Used Toys For Needy

Boy Scouts of Troop 412 of the Hanover Presbyterian Church, near Hookstown, will begin gathering used toys this week, Virgil S. Septer, scoutmaster, announced.

The toys will be repaired for children of needy families of the Hanover church and the Hookstown Presbyterian Church.

Plans were made during a meeting Tuesday evening at the church on Route 18 just off Route 30 at Hillendale, near Hookstown. Next meeting will be Tuesday evening at the church.

School Looted Of Equipment

Darlington Building Loss Seen $4,000

Beaver County detectives, the sheriff's office and Pennsylvania State Police at Rochester today pressed an investigation into the theft of equipment and food articles from the new Northwest Joint School at Darlington Thursday.

Loss of equipment and damage to the school totaled $4,000, authorities estimated.

Thieves entered the 2 - year-old structure sometime yesterday morning, breaking 27 door locks and 8 cabinets in obtaining access to the business machines and other items. About $24 in cash was taken, police said.

A heavy wrench was apparently used to smash the locks. The theft occurred between 2:30 and 10 a. m. yesterday.

Taken were two regular typewriters, an electric typewriter, an adding machine, a folding machine, a movie projector, a percolator, 23 cans of coffee, 4 large hams, a quantity of cheese and other items.

The late W. C. Handy, composer of "The St. Louis Blues", said that a real blues song has 12 bars—the "C" seventh after the first four bars, and the "F" chord to follow. Swing steps up the 12 bars of the blues to 24 or 32 bars.

them Thursday by the Soviet government.

Reaction from European capitals concerned paralleled that in Washington: The "free city" formula offered by Khrushchev is but a device to get the Western powers to withdraw from Berlin, and is therefore unacceptable.

The United States statement said, "The Soviets seem to be proposing that while they keep their grip on East Berlin, the three Western Allies abandon their rights in West Berlin and retire in favor of what is called a 'free city.'"

The statement noted that the "free city" would be limited to West Berlin. It also emphasized that unless the Western nations accept the Soviet proposal within six months, the Soviet Union proposes singlehandedly to abandon its position as an occupation power including its obligations to help the Western Big Three preserve their status in West Berlin.

"The United States will not acquiesce in a unilateral repudiation" of that kind, the U.S. statement said.

Indicating the nature of a possible countermove by the West, the State Department said that the United States, Britain and France have tried for years "to negotiate with the Soviets for the freedom of all of Germany, of which Berlin is part, on the basis of free elections by the German people themselves."

Hays Offers Advice On Crisis In Berlin

BERLIN (AP)—Three U.S. congressmen declared today the United States should use "whatever means are necessary" to keep Berlin out of Communist hands.

"The one thing they respect is force," Rep. Wayne Hays (D-Ohio) told a news conference in West Berlin's City Hall.

Hays' colleagues, Rep. Isidore Dollinger (D-NY) and Rep. Frank Smith (D-Miss), nodded agreement. They said Hays—who acted as spokesman at the conference—expressed their beliefs.

Hays rejected Soviet Premier Nikita Khrushchev's proposal to turn West Berlin into a demilitarized "free city."

"It's an obvious device to trap somebody," Hays said. "How can a city exist as a free city, surrounded by 15 or 20 Soviet divisions?"

The congressmen, accompanied by Rep. Karl LeCompte (R-Iowa), flew into isolated West Berlin today from London. LeCompte did not attend the news conference because he was meeting with Sen. Bourke B. Hickenlooper (R-Iowa), who flew here Thursday from Geneva. All came to help convince West Berliners that the United States has not forgotten them.

Hays, a member of the House Foreign Relations Committee, is convinced, he said, that Congress will unanimously back any strong program designed to support the people of West Berlin.

Soviet

only to discuss the technicalities of prevention of surprise attacks.

It seemed likely the Western delegations would refuse to discuss the Communist disarmament proposals, whatever they were. The Western delegations have refused to discuss disarmament at this conference, contending it is another political question for which the technical conference was not called.

It was clear that the West was still determined not to let the conference turn into the kind of general disarmament discussion which has continued fruitlessly within the United Nations for 12 years.

Tragedy In Fire Hits New England Family 2nd Time

MILFORD, Conn. (AP) — Eight years ago the Ernest DuMonts lost four children in a fire at their Claremont, N.H., home.

Thursday, a similar fire killed their 3 - year - old daughter, Tamora, in the home where they had moved to build a new life—and a new family.

The fires were strikingly similar. Each started in a space heater.

DuMont, 31, and his wife were childless when they moved here six years ago. They had lost Theodore, 5; Henry, 4; Richard, 2; and 2-month-old Patricia.

But four other babies came along.

Thursday, the children were asleep—Tamora, Ralph, 6; James, 5; and Marjorie, 2. The DuMonts were talking with DuMont's 21-year-old brother Richard.

Suddenly the heater exploded.

DuMont and his brother vainly tried to fight the fire. Mrs. DuMont fled with Marjorie. The two men jumped from a second-story window with the two boys in their arms.

Tamora died.

An early census in 1660 revealed that New Mexico had 24,000 inhabitants—1,000 Spaniards and 23,000 Pueblo Indians. There also were plenty of Navajo and Apache Indians, but they were not included in the census because they would not slow down long enough to be counted.

them Thursday by the Soviet government.

Reaction from European capitals concerned paralleled that in Washington: The "free city" formula offered by Khrushchev is but a device to get the Western powers to withdraw from Berlin, and is therefore unacceptable.

The United States statement said, "The Soviets seem to be proposing that while they keep their grip on East Berlin, the three Western Allies abandon their rights in West Berlin and retire in favor of what is called a 'free city.'"

The statement noted that the "free city" would be limited to West Berlin. It also emphasized that unless the Western nations accept the Soviet proposal within six months, the Soviet Union proposes singlehandedly to abandon its position as an occupation power including its obligations to help the Western Big Three preserve their status in West Berlin.

"The United States will not acquiesce in a unilateral repudiation" of that kind, the U.S. statement said.

Indicating the nature of a possible countermove by the West, the State Department said that the United States, Britain and France have tried for years "to negotiate with the Soviets for the freedom of all of Germany, of which Berlin is part, on the basis of free elections by the German people themselves."

Hays Offers Advice On Crisis In Berlin

BERLIN (AP)—Three U.S. congressmen declared today the United States should use "whatever means are necessary" to keep Berlin out of Communist hands.

"The one thing they respect is force," Rep. Wayne Hays (D-Ohio) told a news conference in West Berlin's City Hall.

Hays' colleagues, Rep. Isidore Dollinger (D-NY) and Rep. Frank Smith (D-Miss), nodded agreement. They said Hays—who acted as spokesman at the conference—expressed their beliefs.

Hays rejected Soviet Premier Nikita Khrushchev's proposal to turn West Berlin into a demilitarized "free city."

"It's an obvious device to trap somebody," Hays said. "How can a city exist as a free city, surrounded by 15 or 20 Soviet divisions?"

The congressmen, accompanied by Rep. Karl LeCompte (R-Iowa), flew into isolated West Berlin today from London. LeCompte did not attend the news conference because he was meeting with Sen. Bourke B. Hickenlooper (R-Iowa), who flew here Thursday from Geneva. All came to help convince West Berliners that the United States has not forgotten them.

Hays, a member of the House Foreign Relations Committee, is convinced, he said, that Congress will unanimously back any strong program designed to support the people of West Berlin.

only to discuss the technicalities of prevention of surprise attacks.

It seemed likely the Western delegations would refuse to discuss the Communist disarmament proposals, whatever they were. The Western delegations have refused to discuss disarmament at this conference, contending it is another political question for which the technical conference was not called.

It was clear that the West was still determined not to let the conference turn into the kind of general disarmament discussion which has continued fruitlessly within the United Nations for 12 years.

Tragedy In Fire Hits New England Family 2nd Time

MILFORD, Conn. (AP) — Eight years ago the Ernest DuMonts lost four children in a fire at their Claremont, N.H., home.

Thursday, a similar fire killed their 3-year-old daughter, Tamora, in the home where they had moved to build a new life—and a new family.

The fires were strikingly similar. Each started in a space heater.

DuMont, 31, and his wife were childless when they moved here six years ago. They had lost Theodore, 5; Henry, 4; Richard, 2; and 2-month-old Patricia.

But four other babies came along.

Thursday, the children were asleep—Tamora, Ralph, 6; James, 5; and Marjorie, 2. The DuMonts were talking with DuMont's 21-year-old brother Richard.

Suddenly the heater exploded.

DuMont and his brother vainly tried to fight the fire. Mrs. DuMont fled with Marjorie. The two men jumped from a second-story window with the two boys in their arms.

Tamora died.

An early census in 1660 revealed that New Mexico had 24,000 inhabitants—1,000 Spaniards and 23,000 Pueblo Indians. There also were plenty of Navajo and Apache Indians, but they were not included in the census because they would not slow down long enough to be counted.

School Looted Of Equipment

Darlington Building Loss Seen $4,000

Beaver County detectives, the sheriff's office and Pennsylvania State Police at Rochester today pressed an investigation into the theft of equipment and food articles from the new Northwest Joint School at Darlington Thursday.

Loss of equipment and damage to the school totaled $4,000, authorities estimated.

Thieves entered the 2-year-old structure sometime yesterday morning, breaking 27 door locks and 8 cabinets in obtaining access to the business machines and other items. About $24 in cash was taken, police said.

A heavy wrench was apparently used to smash the locks. The theft occurred between 2:30 and 10 a. m. yesterday.

Taken were two regular typewriters, an electric typewriter, an adding machine, a folding machine, a movie projector, a percolator, 23 cans of coffee, 4 large hams, a quantity of cheese and other items.

The late W. C. Handy, composer of "The St. Louis Blues", said that a real blues song has 12 bars—the "C" seventh after the first four bars, and the "F" chord to follow. Swing steps up the 12 bars of the blues to 24 or 32 bars.

New Kingpin To Be Powerful

Ohio Democrats In Caucus Today To Pick Senate Head

CLEVELAND (AP) — The 20-member Democratic majority of the Ohio Senate was in caucus here today to select its leader.

For six months or more after the Legislature meets Jan. 5, the new Senate kingpin will be one of the most powerful men in Ohio. In his position he will be able to make or break the legislative program of Democratic Gov. - elect Michael V. DiSalle.

Leading candidates are Sens. Frank W. King of Toledo and Charles J. Carney of Youngstown.

King reportedly has DiSalle's blessing, but Carney reportedly has the backing of the powerful, six-man Cleveland delegation.

A possible compromise candidate should a deadlock develop in the Hollenden Hotel caucus is Sen. Edward H. Dell of Middletown.

Both King and Carney are union members. King is a bricklayer, but works as an instructor of apprentices for the Toledo Board of Education. Carney is a staff representative of the United Steelworkers Union.

Either candidate, however, in defeat would undoubtedly assume a powerful role in the upcoming Senate. The second-ranking Senate role is the chairmanship of the Finance Committee, the group which controls the purse-strings.

A top appointive job up for grabs at today's caucus is the $12,000-a-year post of Senate clerk being vacated by Republican Thomas E. Bateman.

Most talked of for appointment to the post as the Democrats take over the Senate for the first time in a decade are Joseph W. Bartunek of Cleveland, Democratic minority leader in the present Senate who was not a candidate for re-election, and Delbert Nixon, a former House clerk.

But it is known that Rep. G. D. Tablack, Struthers Democrat, would be receptive if offered the post. The veteran of five House terms would, of course, be forced to resign to accept the appointment.

Sen. Carney Withdraws As Leader Candidate

CLEVELAND (AP) — Sen. Charles J. Carney of Youngstown withdrew today as candidate for majority leader in the Ohio Senate, "in the interest of party unity." That left the field clear for Frank W. King of Toledo, choice of Gov.-elect Michael V. DiSalle.

Carney's announcement came a few hours before the Senate Democrats, who numbered 20, assembled here for a party caucus.

Sen. Fred Harter of Akron, earlier considered the most likely dark horse in the race, has announced his withdrawal.

The Carney forces huddled in the home of Cuyahoga County Democratic Chairman Ray T. Miller Sr. last Monday. Reports from that meeting indicated Carney was pledged 10 votes, one short of the total needed for election.

DiSalle expressed confidence in King's backing despite the apparent split among Democratic senators-elect.

Sen. Ed Witmer of Canton rallied to DiSalle's side. He said he would place King's name in nomination for majority leader at the caucus.

"DiSalle was elected by an overwhelming majority and I believe he is entitled to support in his choice of leadership," Witmer told newsmen.

"I believe it is time to cooperate with him for the good of the state. The party as a unit should not let anyone group operate independently."

Carney has a different view. He points out that the Ohio constitution sets up three independent branches of government and insists the legislative branch has an obligation to operate independently.

'Angel Of France' Dies

NEW YORK (AP)—Mrs. Kathleen Burke Hale, 74, known as "The Angel of France" during World War I for her work in raising funds for the American Red Cross, died Wednesday. She also was decorated many times by various governments for her work during World War II. She was born in London, England.

Firemen Of Township Authorize Boot Order

Liverpool Township, east, volunteer firemen authorized a resolution to appropriate funds for purchase of 15 pairs of boots at a meeting Wednesday night in the fire hall in Dixonville.

Ed Burns, vice president, presided and reported that fire prevention movies will be screened for children of the neighborhood tonight at 6:30 in the fire station. Officers will meet at 7:30.

The group accepted an invitation from the auxiliary for a joint meeting Dec. 8 in the fire hall. It was reported that the meeting scheduled Dec. 24 would be postponed because of the Christmas holidays.

Twenty members attended. The next meeting will be Dec. 10. New officers will be elected.

Walter Pach Claimed

NEW YORK (AP) — Walter Pach, 75, an artist, critic and author, died Thursday after an ulcer operation. He was considered a leading historian of the art world and in 1939-40 was general director of the Masterpieces of Art exhibit at the New York World's Fair. Pach, a professor of art at City College, was born in New York City.

Artur Rodzinski, Famed Symphony Conductor, Dies

BOSTON (AP) — Artur Rodzinski, one of the world's great symphony conductors—and one of the most temperamental—died Thursday night at Massachusetts General Hospital of a heart ailment.

Although references gave his age as 64, his widow, Halina, his second wife, said he was 66.

Rodzinski conducted most of the country's major orchestras, but his tenure with them often ended in stormy battles with their management.

Rodzinski's final performance was in Chicago, where 10 days ago he presented Wagner's "Tristan and Isolde" with the Lyric Opera Company in a triumphant return to the podium in the city where he was abruptly dismissed 10 years ago as conductor of the Chicago Symphony.

Rodzinski was born in the small town of Spalato in Dalmatia, of Polish parents. He spent his boyhood in Lvov in southern Poland, now part of the Soviet Union. His father was a surgeon with the Russian army.

He first came to the United States in 1925 and became a naturalized citizen in 1933.

Rodzinski was playing the piano at 6 and pursued his musical career with fanatical devotion all his life.

Franklin D. Roosevelt was the first U. S. president to fly in an airplane during his administration.

West Virginia Democrats Ballot Monday

3 Seen Leading For House Speaker

CHARLESTON (AP) — Democratic balloting Monday for speaker of the House of Delegates sooner or later will probably narrow down to three candidates — Speaker Harry R. Pauley (McDowell), and the choice of a coalition of four other aspirants.

Right now there are seven hopefuls. It is unlikely, though, that this many will stick it out, even as far as the first ballot.

Four candidates are more or less agreed that they will settle upon the one among them with the most strength, the other three dropping out. The four are Del. W. T. Brotherton Jr. (Kanawha), Del. Julius W. Singleton Jr. (Mongalia), Del. H. Laban White Jr. (Harrison), and Del.-elect J. E. Ned Watson III (Marion).

This quartet has not yet resolved the prickly question of who gets the nod and who steps aside. That will be a subject for hotel-room deliberation here over the weekend.

A late entry is the seventh candidate, Del. Daniel D. Dahill Logan, an unpredictably independent legislator. Weekend jockeying may determine whether he stays in it. If he does, that would mean at least four candidates when the voting starts.

Senate and House Democrats will meet at 1 p. m. Monday behind locked doors in their respective chambers at the capitol. There they will choose the chambers' presiding officers for the 54th Legislature, which convenes Jan. 14. The 53rd goes out of existence at midnight Sunday.

Technically, the party caucuses Monday will only nominate for the main offices. But the niminees of the party in control are assured of winning when the formal election takes place Jan. 14.

And the Democrats will be in overriding control. Gains of two seats in the Senate and a stunning 27 in the House as a result of the Nov. 4 election give them majorities of 23-9 and 85-15.

Senate Democrats are expected to give Sen. Ralph J. Bean Hardy a record fourth consecutive term as president. No caucus opposition is in sight.

The corporal's guard of Republicans will caucus at the same time as the Democrats, using the Senate and House minority rooms. Minority choices for Senate president and House speaker become the respective minority floor leaders.

Expected to be retained in those posts are Sen. John E. Carrigan (Marshall) and Del. George H. Seibert Jr. (Ohio).

House Democrats are expected to require a caucus majority for election as they did when Pauley was chosen last June. If that is the case and all 85 Democrats are present Monday, it will take 43 votes to win the speakership.

Both Pauley and the Brotherton-Singleton-White-Watson coalition claim to have that many lined up.

"We feel we have the winner. We have more than 43 votes if they all stick together," Watson said.

Singleton said, "If we can settle on the strongest man in our group, we'll be able to win it. We've got a few to spare."

The multitude of new faces make it harder than usual for the candidates to line up commitments. The 54th House will have 54 Democrats who did not serve in the 53rd, although 17 of the 54 have had prior legislative service.

The AFL-CIO has been buttonholing delegates on behalf of Pauley. Myles can be expected to go into the caucus with the backing of the United Mine Workers.

Brotherton, if he can line up and hold all or most of Kanawha's all-Democratic delegation of 11, would have a good start toward being the choice of the coalition group. Singleton appears to have the most strength of the other three in the coalition, but no one knows for sure. White got a relatively late start as a candidate.

Here are brief rundowns on the seven House candidates:

Pauley — age 51, drawling, wisecracking Iaeger contractor and real estate man. Starting seventh term; has by far the most House service of the seven. Only one of the seven who is not a lawyer. Elected speaker at one-day special session last June to succeed five-term speaker W. E. Flannery, who died after the 1958 regular session adjourned.

Myles — age 36, Fayetteville resident. Originally appointed to House vacancy in 1955, he now has been elected twice. Majority leader in 1957-58. Opposed Pauley for speaker last June. After the first two secret ballots ended 28-28, someone switched and Pauley won 29-27.

Singleton — age 37, Morgantown resident. Starting second term. Prominent in 53rd Legislature as member of the important House Finance Committee, for which he handled much of the floor work.

Brotherton — age 32, Charleston resident, son of a former legislator. Starting fourth term. Has been a leading member of the powerful Judiciary Committee.

Watson — age 41, king-size Fairmont lawyer. Returning for third term after absence of one term.

White — age 42, Clarksburg resident. Starting second term. Served on Judiciary.

Dahill — age 39, Logan resident. Jaunty, ex-Marine fighter pilot. Starting second term. Known in first term for antipathy to his fellow Logan Countian, Speaker Flannery.

Grosso, Ornato Face 2nd Bribe, Conspiracy Trial

PITTSBURGH (AP) — Asst. Dist. Atty. William C. Smith says Tony Grosso and Al Ornato will be tried again on charges of bribery and conspiracy.

An Allegheny County jury was unable to reach an agreement on principal charges against the men Wednesday, but returned verdicts on lesser counts.

As a result Visiting Judge Robert M. Morris declared a mistrial on four indictments covering 21 charges of alleged bribery, corrupt solicitation and conspiracy.

Grosso was cleared of one charge each of operating a lottery. Ornato was cleared of similar charges but was convicted of one count of corrupt solicitation.

Grosso and Ornato were on trial on charges of attempting to bribe patrolman John James for alleged gambling protection. James testified Grosso paid him $2,700 for racket protection.

Judge Snubs Demand Of Broken Jaw Damage

COPENHAGEN (AP)—A judge in Haderslev today rejected a woman's demand for 60 kroner—$8.60—in damages from another woman who broke her jaw in a quarrel.

The injured woman complained that she couldn't eat for several days.

"You saved money for food when you were ill," the judge replied.

MOSCOW (AP) — The newspaper Soviet Aviation today reported the death of air force Maj. Gen. Maxim G. Sklyarov last Sunday. The announcement gave neither his age nor the cause of death.

Farmers In West Virginia Have Better Soil Bank Chance

WASHINGTON (AP) — West Virginia farmers wanting to put acreage in the soil bank next year have a better chance of doing so than the average American farmer.

That's because soil bank applications from West Virginia only slightly exceed in estimated costs the amount allotted that state.

Estimated costs of applications from all states run about 46 per cent above the amount of money available. This compares with about 9 per cent for West Virginia

The Department of Agriculture says a priority system in offering contracts will be followed since the authorized 1959 program cannot take care of all applicants.

The department reported the estimated costs of all West Virginia applications is $933,000 compared to an allotment of $925,000.

Under the priority system, contracts will be offered first to those farmers who this year had all their cropland in the acreage reserve and the conservation reserve together, and who are now applying to put all the land in the new conservation reserve.

Next priority will go to farmers who offer land at less than the maximum rate determined for their farms.

Consideration then will be given to remaining applications — all at the established maximum rates—in the order of the rate per acre and beginning with the lowest.

The voluntary conservation reserve program of the soil bank is designed to cut crop surpluses by diverting acres to such other uses as grass and tree - growing and water and wildlife conservation.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann: I'm engaged to a 26-year-old man who sometimes behaves like a small child. I love him dearly but his jealousy and tantrums make me wonder if we could have a happy marriage.

During lunch hour I went with the head of the accounting department to a jewelry store to help select a gift for his wife's 50th birthday. I casually mentioned this to my fiance and he turned on me like a mad dog. He said he'd long suspected something between this man and me.

I was too crushed to defend myself. Ten minutes later when I was in tears, he apologized and blithely changed the subject.

Several weeks ago he accused me of making a play for his younger brother. I was so upset I had to take nerve pills. Do you think after we're married he'll be sure of my love and stop this nonsense? Frankly, I'm worried.—JOYCE.

-:-

Dear Joyce: If you think a few words uttered by a clergyman will transform an insecure, suspicious man into a confident and trusting husband—I have news for you.

He will carry these destructive qualities into marriage and you'll wind up a steady contributor to this column.

Today he's jealous of the man in the accounting department. A few weeks ago it was his younger brother. Next week it may be the mailman. After you're married it probably will be the butcher, the baker and the candlestick maker.

Jealousy and suspicion are manifestations of insecurity. He's unsure of himself (probably doubts his worthiness) so he takes it out on you in this way. Unwind yourself from the little boy and start to date some men.

Out Of The Past

Dear Ann: Many years ago an uncle of mine served in the capacity of lieutenant governor for about five weeks. He was appointed to complete the unfinished term of the lieutenant who died.

My husband, when he introduces me to friends, invariably says, "Meet my wife—the niece of the former lieutenant governor of the state."

This embarrasses me and I became very uncomfortable and wonder what others must think.

How can I cure my husband of this tasteless habit without humiliating him before friends? He's extremely sensitive.—DAPHNE.

-:-

Strange and interesting that people who are sensitive themselves are generally insensitive to the reactions of others. Tell your husband — in private, of course — that you're perfectly content to be introduced as his wife and it's unnecessary to drag the uncle in by his heels to build you up.

As for what your friends think—they think exactly what you think they think, that your husband is an insecure, pathetic clod who feels the need to impress people even if it means using a slightly fradulent device.

Seek Legal Aid

Dear Ann: I'm 17 years old and already I feel like a broken-down old woman. Two years ago my parents were divorced. I had to quiet school as I have three younger sisters and we needed the money. I loved school and made good grades.

I work as a waitress, 11 hours a day for 66 cents an hour. The only other money coming into the house is from welfare and Mom drinks it up.

My 13-year-old sister has had to miss a lot of school to stay home with the 3- and 4-year-olds. Mom is in the bars all day and gone many nights. The kids can't be left alone.

Do I have to support the family while Mom runs around: Please help me. I don't know who else to ask.—P.T.

-:-

You need more help than I can give you in a letter. Your sister shouldn't be deprived of schooling to stay at home with the younger children and you should get back in school, too. The Family Service can place the youngsters. Contact them at once. Your Mom needs AA and Legal Aid should look into the miserable wages and hours you describe. Good luck.

'Delayed Action' Drunk Because Of Stomach Surgery

RANDERS, Denmark (AP) — A local businessman contends that he's a delayed action drunk because of a stomach operation.

"When I drink I'm like a time bomb," he told a Randers court today. "Since doctors removed the greater part of my stomach, I don't get drunk like other people. I am sober when others in the party are loading up, and I get drunk while the others have hangovers."

A sobriety test taken hours after the man was involved in a traffic accident showed a high percentage of alcohol in his blood. He said he felt intoxicated at the time of the test but that he was sober when he drove his car—because of the reduced stomach.

Doctors said he may have a point. The judge postponed court action until next week.

Actor Injured Slightly

HOLLYWOOD (AP) — A traffic collision gave actor Rock Hudson minor cuts on the face Thursday. He was riding in a taxicab that was turning into the driveway of his home. The cab and an automobile collided. Cab driver John Henry Brown, 53, and the other driver were unhurt. Hudson declined medical attention.

U.S. Marks Thanksgiving With Traditional Affairs

By The Associated Press

The nation celebrated Thanksgiving with the traditional turkey dinner, church-going and family get-togethers.

At Augusta, Ga., President Eisenhower did the carving as his wife, their son and daughter-in-law and the four Eisenhower grandchildren joined him in a gala turkey dinner.

In London, Vice President Nixon was embarrassed by an ill-fitting borrowed tuxedo as he played host to Queen Elizabeth II at a Thanksgiving dinner at the American Embassy.

Nixon's own tuxedo was not packed when he left Washington. The borrowed jacket with too-long sleeves caused Nixon some discomfiture but the queen appeared not to notice.

In New York City, the annual Macy Thanksgiving Day parade drew a police-estimated 1¼ million persons despite a chill 35-degree temperature. The parade went off with a bang except for a giant Popeye which lost an arm and had to bow out of the procession.

The needy were remembered in towns and cities throughout the country as they sat down to hearty holiday meals.

Churches were thronged for Thanksgiving services.

At McMurdo Sound in Antarctica, the men taking part in Operation Deep Freeze, part of the International Geophysical Year undertakings, gobbled a turkey dinner with all the trimmings. The men also attended religious services, led by a chaplain.

In Philadelphia, nuns found a cardboard box containing a day-old baby on the doorstep of their convent. The infant was taken in and baptized in honor of Pope John XXIII. Later the child was take to a hospital, where doctors said he was in perfect health.

Prepare enough extra mashed potatoes so you have two cups; mix them with a can (about 7 ounces) of drained salmon, a slightly beaten egg, finely grated onion, salt and pepper. Shape into patties and fry until heated through and golden brown in a little butter or margarine.

Probe Launched In Blaze Fatal To 5 Children

OKLAHOMA CITY (AP)—A full report was promised today by state arson investigators on the blaze which destroyed a convalescent home for retarded and crippled children.

Five were killed and a sixth seriously burned in the blaze Thursday.

Chester Stringer, head of the State Crime Bureau arson department, said the blaze may have been started by a youngster's clothing catching fire. An investigator, Kyle Morehead, said he believed one of the children was playing with matches and his clothing caught fire but Stringer said that is still being checked.

Meanwhile, the parents and others responsible for the 17 surviving children pondered the youngsters' fate.

The fire was discovered about 7:30 a.m. by Mrs. Mary Flake, 54, who operates the home with her sister Mrs. Margaret Prince, 60.

All of the dead were from Oklahoma except Mike Engler, 2, son of Mr. and Mrs. Dale Engler, of Houston, Tex., and Mary K. Pratt, 2, daughter of June Pratt, Amarillo, Tex.

Alaska Resumes Counting Of Votes Following Recess

JUNEAU, Alaska (AP) — The counting of votes from Tuesday's Alaska general election resumed today after a Thanksgiving recess. The new ballots were expected to add more weight to the Democratic landslide.

The new state's two Senate seats, one House seat and the Alaska governorship went to Democrats and Democrats took absolute control of the 60-member, bicameral Legislature.

E. L. (Bob) Bartlett, Alaska's nonvoting delegate to Congress for the last 14 years, easily outdistanced two rivals for one Senate seat.

When the counting was closed off Wednesday night with 213 of 287 precincts in, Bartlett had 29,888 votes to 5,405 for Republican R. E. Robertson and 414 for independent Keith Capper.

The other Senate seat went to Ernest Gruening, a former territorial governor who beat back another former governor of Alaska, Mike Stepovich, by a vote of 19,01" to 17,084 with 213 precincts counted.

William Egan, a Valdez merchant, won the governorship over the GOP's John Butrovich Jr., 21,565 votes to 12,553.

Seoul Police Forbid Outdoor Gatherings

SEOUL, South Korea (AP) — Metropolitan police today banned outdoor gatherings and demonstrations of all kinds. Police Chief Lee Kang Hak said police have uncovered and are investigating "a serious North Korean Communist subversion plot against the Republic of Korea."

He cited two recent clashes off Korea's coasts, between South Korean patrols and armed Communist vessels ferrying espionage agents.

Church Window Given By U.S. GIs Unveiled

ULM, Germany (AP) — A 65-foot-high church window donated by American soldiers to Ulm Cathedral was unveiled today.

The window depicts biblical scenes.

Soldiers of the U.S. Army's 47th Infantry Regiment, which left Germany two years ago and is now stationed at Ft. Carson, Colo., collected $5,000 for the window.

Although Ulm was heavily bombed during World War II, the cathedral suffered little damage, with the exception of its colorful windows.

Groom Has Operation Shortly After Wedding

LOUISVILLE, Ky. (AP) —Some day they may laugh about it.

Today William McCormick, his bride and two of their friends are a little put out.

A few minutes after they were married, McCormick felt sick.

Four hours later his appendix was out.

No honeymoon; no moving into the new home for a while.

To top off the day, two friends driving to attend the wedding party — which later was called off — received police citations for honking their horns gaily.

To determine whether a stain remover will take the color out of a material, try it first on a section under the hem of the garment.

ANSWERS YOUR PROBLEMS

Dear Ann: I'm engaged to a 26-year-old man who sometimes behaves like a small child. I love him dearly but his jealousy and tantrums make me wonder if we could have a happy marriage.

During lunch hour I went with the head of the accounting department to a jewelry store to help select a gift for his wife's 50th birthday. I casually mentioned this to my fiance and he turned on me like a mad dog. He said he'd long suspected something between this man and me.

I was too crushed to defend myself. Ten minutes later when I was in tears, he apologized and blithely changed the subject.

Several weeks ago he accused me of making a play for his younger brother. I was so upset I had to take nerve pills. Do you think after we're married he'll be sure of my love and stop this nonsense? Frankly, I'm worried.—JOYCE.

Keep In Trim

By IDA JEAN KAIN

Exercise Seen Vital To Weight Control

For years, we have tended to dismiss exercise as being of little value for reducing or controlling weight. Indeed, we do everything we can to take the physical exertion out of daily living.

Ida Jean Kain

"Exercise is the most underestimated factor in overweight today," declared Dr. Jean Mayer of the Harvard School of Public Health in a recent talk before the American Dietetic Association in Philadelphia.

According to this authority, two common misconceptions regarding exercise are that exercise does not burn many calories and that it always increases appetite. While both of these arguments against exercise sound plausible, both are very wrong, Dr. Mayer pointed out.

—:—

WE HAVE BEEN led astray by such statements as "A pound of fat can be worked off only by walking 36 hours." What is not made clear is that one hour of brisk walking uses 300 calories, and that moderate exercise such as walking regularly can fend off as much as ten pounds which might otherwise pile on in a single year, the doctor averred.

We are now a nation on wheels, and machinery has taken the place of muscles. "Obesity has become a disease of civilization," this scientist stated. He went on to point out that most adolescent children actually eat less than normal weigh children eat, but they are extraordinarily inactive.

"Children who need exercise the most invariably have a little note excusing them from exercise," he exclaimed. For overweight children and adolescents, more exercise is the most important factor, he stressed.

Because of an abrupt decrease in activity, convalescents so often gain an alarming amount of weight. Studies were made on 200 overweight patients in whom the beginning of obesity was traced directly to this factor.

However, it's not only in convalescents. Recall the experience of our postman. After he was "motorized" and stopped walking his route, he gained a fast 15 pounds in three months, with no change in his eating habits.

On the appetite score, it is true that exercise does bring a keener enjoyment of food, but as Dr. Mayer explained, the mechanism of regulation of food must function normally.

—:—

THERE IS A limit to the amount a person will want to consume at a sitting, and this will be well within the energy used up by the exercise. We tend to confuse keener appetite with bigger food capacity.

Dr. Mayer ended his talk with this amusing but true story. A psychiatrist friend who lives in Hollywood and has movie stars for patients, took to walking in the evenings to free his mind.

Time and again, he was stopped by the police and charged with being a suspicious character, perhaps a confidential tipster. After several arrests, the psychiatrist hit upon a solution. He bought a dog. From then on he had no trouble—everybody knows a dog needs exercise.

Columbus Hospital Hit By $6,000 Blaze

COLUMBUS, Ohio (AP) — Fire of undetermined origin broke out in a ninth-floor room at University Hospital Thursday.

The blaze was confined to the room and firemen had extinguished it within 45 minutes of the outbreak. Damage was estimated at $6,000.

Two nurses and two firemen were slightly injured. About 12 patients had to be evacuated.

Next time you have several small amounts of leftover cooked vegetables in the refrigerator, put them together with a cream sauce in a baking dish. Top with buttered bread crumbs and bake in a hot oven until the sauce is bubbly and the topping browned.

Keep In Trim

By IDA JEAN KAIN

Exercise Seen Vital To Weight Control

For years, we have tended to dismiss exercise as being of little value for reducing or controlling weight. Indeed, we do everything we can to take the physical exertion out of daily living.

Ida Jean Kain

"Exercise is the most underestimated factor in overweight today," declared Dr. Jean Mayer of the Harvard School of Public Health in a recent talk before the American Dietetic Association in Philadelphia.

According to this authority, two common misconceptions regarding exercise are that exercise does not burn many calories and that it always increases appetite. While both of these arguments against exercise sound plausible, both are very wrong, Dr. Mayer pointed out.

—:—

WE HAVE BEEN led astray by such statements as "A pound of fat can be worked off only by walking 36 hours." What is not made clear is that one hour of brisk walking uses 300 calories, and that moderate exercise such as walking regularly can fend off as much as ten pounds which might otherwise pile on in a single year, the doctor averred.

We are now a nation on wheels, and machinery has taken the place of muscles. "Obesity has become a disease of civilization," this scientist stated. He went on to point out that most adolescent children actually eat less than normal weigh children eat, but they are extraordinarily inactive.

"Children who need exercise the most invariably have a little note excusing them from exercise," he exclaimed. For overweight children and adolescents, more exercise is the most important factor, he stressed.

Because of an abrupt decrease in activity, convalescents so often gain an alarming amount of weight. Studies were made on 200 overweight patients in whom the beginning of obesity was traced directly to this factor.

However, it's not only in convalescents. Recall the experience of our postman. After he was "motorized" and stopped walking his route, he gained a fast 15 pounds in three months, with no change in his eating habits.

On the appetite score, it is true that exercise does bring a keener enjoyment of food, but as Dr. Mayer explained, the mechanism of regulation of food must function normally.

—:—

THERE IS A limit to the amount a person will want to consume at a sitting, and this will be well within the energy used up by the exercise. We tend to confuse keener appetite with bigger food capacity.

Dr. Mayer ended his talk with this amusing but true story. A psychiatrist friend who lives in Hollywood and has movie stars for patients, took to walking in the evenings to free his mind.

Time and again, he was stopped by the police and charged with being a suspicious character, perhaps a confidential tipster. After several arrests, the psychiatrist hit upon a solution. He bought a dog. From then on he had no trouble—everybody knows a dog needs exercise.

Columbus Hospital Hit By $6,000 Blaze

COLUMBUS, Ohio (AP) — Fire of undetermined origin broke out in a ninth-floor room at University Hospital Thursday.

The blaze was confined to the room and firemen had extinguished it within 45 minutes of the outbreak. Damage was estimated at $6,000.

Two nurses and two firemen were slightly injured. About 12 patients had to be evacuated.

Next time you have several small amounts of leftover cooked vegetables in the refrigerator, put them together with a cream sauce in a baking dish. Top with buttered bread crumbs and bake in a hot oven until the sauce is bubbly and the topping browned.

Thor Missile About Set As IRB Weapon

WASHINGTON (AP) — The Thor missile, already a useful booster for space probes, is about ready to assume its primary function as an intermediate range ballistic weapon.

Some of the missiles already have been sent to Britain, where they are to become operational next month. A Royal Air Force Thor missile squadron is undergoing training in this country.

Under a U.S.-British agreement signed last February, four Thor squadrons — with 15 missiles to a squadron — are to be stationed in Britain as a defense against surprise enemy attack.

The Thor, 62 feet tall and 9 feet in diameter, has a designed range of more than 1,700 miles. Manufactured by Douglas Aircraft Co. at Santa Monica, Calif., its 150,000-pound thrust Rocketdyne engine hurls the 50-ton rocket up through the earth's atmosphere and sends the nuclear nose cone targetward at a velocity of 10,000 miles an hour.

Since the start of the Thor flight testing program at Cape Canaveral, Fla., Jan. 27, 1957, there have been about 25 Thor launchings. These included six in combination with the Vanguard rocket second stage and known as Thor-Able. One Thor-Able sent the Pioneer space probe on a 44-hour flight 79,120 miles out into space.

City Mason Will Get 50-Year Pin Monday

J. Frank Flower, veteran secretary of Masonic bodies, will be given a 50-year pin at the meeting of the East Liverpool Chapter 100 of the Royal Arch Masons Monday night at 7:30 in the Masonic Temple.

Eric G. Nyberg of Salem, district deputy grand high priest, will make the presentation.

The Mark Master degree will be conferred on a class of candidates with Lawrence E. Brokaw in charge. Herman E. Miller, high priest, will conduct chapter business. Lunch will follow, T. F. Scheffer, secretary, announced.

Out Of The Air

By JOHN CROSBY

Pioneering May Have Been Easier

Coming back from London where television is still in a state of simple-monied primitive splendor. I was struck by two things: the acceptance speech of William S. Paley at the Broadcast Pioneers' luncheon and what I'm afraid is going to be a savagely controversial article in Fortune magazine called "TV: The Light That Failed." In accepting a plaque as a broadcast pioneer, Paley spoke of the early days of broadcasting and told marvelous mellow stories that made those days seem as distant and remote as the moon.

John Crosby

Paley's story about listening to a young man on shipboard play a record made by an unknown young singer named Bing Crosby and wiring his artists bureau to sign him up, shows how far we have come from those easygoing days when singers were discovered by network heads so casually. Or at all.

-:-

PALEY TOLD tales about how CBS happened to broadcast Lowell Thomas, the Philharmonic, the Metropolitan Opera and, in each case in those rustic early days of broadcasting, the simple criterion was that it would make good listening.

The beginnings of CBS' famed news - gathering operations were stunningly simple and very effective. But this was back when Paley pretty much ran his own network programming by himself and ran it brilliantly.

Nothing is that simple any more, as the opening paragraph of the Paley speech well recognizes:

"There's a line in Bill Inge's play, 'The Dark at the Top of the Stairs,' in which the bewildered hero says, 'Damned if I don't sometimes think it's easier to pioneer a country than to settle down in it.' Most of us here, I believe, know something of what he means."

-:-

THE FORTUNE article is the sad tale of what happens after the pioneer days are over. It's a rough, tough piece from the Luce empire which views broadcasting with violent condescension. But the article sheds a lot of light in some dark corners.

The simple veracities of merit or lack of merit are almost totally missing from this piece. The magic ingredient is money or the lack of money. The piece reeks of the complexities of high finance and low finance and already the upper echelons of the broadcast industry have loudly cried "Foul!"

My own feeling is that the piece states some things that need stating and that it may be a little unfair only in not giving television credit where credit is due. Television has done some marvelous things in the past and—despite its many warts—will do some in the future.

At the heart of the matter and of the article lies the charge that television has abdicated its responsibility to the package producer and to the Hollywood B picture makers and to the advertising men. It is just here that the cry of foul is loudest.

-:-

THE REASON, I think, is that there is a fundamental misunderstanding between broadcaster and journalist on just where responsibility should begin and end. It always has seemed to me that the broadcaster should originate all his programs in his shop and simply let the advertiser pay for them.

This is the English system. The commercial networks originate their own programs. There is no sponsorship. There are advertisements something like our magazine advertisements and mercifully brief.

It would be wrong to say this system has brought nothing but happiness to the viewer or nothing but high art to the screen. It has done no such thing. But at least it has kept television in the simple pioneer days Mr. Paley spoke of and it has left the responsibility squarely where it belongs: in the lap of the broadcaster and nobody else.

And it is marvelously prosperous for the broadcaster and satisfying to the advertiser.

Todd's Brother Dies

LONG BEACH, Calif. (AP) — The late showman Mike Todd's elder brother John Goldin, 69, is dead after an apparent heart attack at his home here. He succumbed Wednesday in a hospital. European-born Goldin had lived here about 20 years and was in the investment business.

Rep. Passman Hits Pressure For Aid Fund

WASHINGTON (AP)—Rep. Otto E. Passman (D-La) told new members of Congress today to look out for heavy pressure from supporters of what he called "fantastic amounts" for foreign aid.

Backers of the overseas assistance program were talking, meanwhile, in terms of a billion-dollar increase in aid funds. They contended a vigorous foreign aid program is particularly important at this time to offset the expanding Soviet program of help to underdeveloped nations.

Passman is chairman of the House Appropriations subcommittee on foreign aid, and has opposed much of the assistance program. In recent years his subcommittee has made sharp cuts in President Eisenhower's money requests, but Congress has refused to go along with the full cuts.

He sent letters to all new members of the 86th Congress saying they probably will find that "the propaganda for fantastic amounts for foreign aid may equal all the pressures you will be subjected to on all other issues combined."

Passman's letter was prepared before administration officials reported informally on their plans for next year's program.

The tentative plans call for between $4,200,000,00 0and $4,300,000,000 of new foreign aid funds for the year starting next July 1. Congress this year appropriated $3,300,000,000 after cutting 600 millions from the amount Eisenhower requested.

President Cites Dull Knife For Trouble Carving Turkey

AUGUSTA, Ga. (AP)—It was a grand Thanksgiving Day for the Eisenhowers — even though the President had a bit of trouble carving a 35-pound turkey.

He blamed it on a dull knife.

The President and the First Lady were joined at dinner by their son, Army Maj. John Eisenhower, his wife and their four children.

Dinner was served on the sun porch of the President's vacation residence at the Augusta National Golf Club. It was a gay table with a centerpiece of chrysanthemums and yellow gladiolas.

The golden brown turkey was stuffed with a dressing of oysters and corn bread.

There also were heaping dishes of mashed potatoes and gravy, green peas, squash and cranberry sauce. For dessert—to the children's delight — there was ice cream.

Only one reporter, representing all the others, was permitted to be on hand as the family started dinner. He gave this account:

The President, in a cheery mood and a bright green jacket the Augusta National members wear, pitched into the carving job with zest and a show of expertness—at first.

But he quickly ran into difficulty in trying to slice the meat from a big drumstick. Finally son John came to his help and held the joint while the President pared off the meat.

The trouble, Eisenhower decided, was the carving knife.

Thor Missile About Set As IRB Weapon

WASHINGTON (AP) — The Thor missile, already a useful booster for space probes, is about ready to assume its primary function as an intermediate range ballistic weapon.

Some of the missiles already have been sent to Britain, where they are to become operational next month. A Royal Air Force Thor missile squadron is undergoing training in this country.

Under a U.S.-British agreement signed last February, four Thor squadrons — with 15 missiles to a squadron — are to be stationed in Britain as a defense against surprise enemy attack.

The Thor, 62 feet tall and 9 feet in diameter, has a designed range of more than 1,700 miles. Manufactured by Douglas Aircraft Co. at Santa Monica, Calif., its 150,000-pound thrust Rocketdyne engine hurls the 50-ton rocket up through the earth's atmosphere and sends the nuclear nose cone targetward at a velocity of 10,000 miles an hour.

Since the start of the Thor flight testing program at Cape Canaveral, Fla., Jan. 27, 1957, there have been about 25 Thor launchings. These included six in combination with the Vanguard rocket second stage and known as Thor-Able. One Thor-Able sent the Pioneer space probe on a 44-hour flight 79,120 miles out into space.

City Mason Will Get 50-Year Pin Monday

J. Frank Flower, veteran secretary of Masonic bodies, will be given a 50-year pin at the meeting of the East Liverpool Chapter 100 of the Royal Arch Masons Monday night at 7:30 in the Masonic Temple.

Eric G. Nyberg of Salem, district deputy grand high priest, will make the presentation.

The Mark Master degree will be conferred on a class of candidates with Lawrence E. Brokaw in charge. Herman E. Miller, high priest, will conduct chapter business. Lunch will follow, T. F. Scheffer, secretary, announced.

Gets Stab For Kiss

PHOENIX, Ariz. (AP)—William Rittel sneaked up on his wife Lora Faye while she was peeling potatoes and kissed her. She grabbed him, forgetting she had a knife in her right hand. Rittel was hospitalized with a stab wound in the left shoulder. He'll recover.

Out Of The Air

By JOHN CROSBY

Pioneering May Have Been Easier

Coming back from London where television is still in a state of simple-monied primitive splendor. I was struck by two things: the acceptance speech of William S. Paley at the Broadcast Pioneers' luncheon and what I'm afraid is going to be a savagely controversial article in Fortune magazine called "TV: The Light That Failed." In accepting a plaque as a broadcast pioneer, Paley spoke of the early days of broadcasting and told marvelous mellow stories that made those days seem as distant and remote as the moon.

John Crosby

Paley's story about listening to a young man on shipboard play a record made by an unknown young singer named Bing Crosby and wiring his artists bureau to sign him up, shows how far we have come from those easygoing days when singers were discovered by network heads so casually. Or at all.

-:-

PALEY TOLD tales about how CBS happened to broadcast Lowell Thomas, the Philharmonic, the Metropolitan Opera and, in each case in those rustic early days of broadcasting, the simple criterion was that it would make good listening.

The beginnings of CBS' famed news - gathering operations were stunningly simple and very effective. But this was back when Paley pretty much ran his own network programming by himself and ran it brilliantly.

-:-

THE FORTUNE article is the sad tale of what happens after the pioneer days are over. It's a rough, tough piece from the Luce empire which views broadcasting with violent condescension. But the article sheds a lot of light in some dark corners.

The simple veracities of merit or lack of merit are almost totally missing from this piece. The magic ingredient is money or the lack of money. The piece reeks of the complexities of high finance and low finance and already the upper echelons of the broadcast industry have loudly cried "Foul!"

My own feeling is that the piece states some things that need stating and that it may be a little unfair only in not giving television credit where credit is due. Television has done some marvelous things in the past and—despite its many warts—will do some in the future.

'Copter Used In Power Line Check

HAGERSTOWN, Md. (AP) — A helicopter hovers at tree-top level up and down the mountainsides of Western Maryland, Pennsylvania and West Virginia. It pauses momentarily, then continues its flight.

The whirlybird carries a pilot and an inspector who are checking power lines of the Potomac Edison System and other utilities. The lines stretch across vast spaces to carry electricity from generating plants and between cities.

A man, walking an average of 10 miles a day, would require 15 five-day weeks to cover 685 miles of Potomac Edison transmission lines, according to Alan F. Secor, official in charge of line inspection for the utility.

"By helicopter it takes just five and one-half days," he said "and its is far more economical."

The pilot's main job is to keep the 'copter as close to the power lines as possible, 25 to 30 feet to the side and above the conductors. He must do this while always following regulations of the Civil Aeronautics administration.

It is no easy task at low altitudes, Secor said.

The inspector checks conductors structures and their equipment. He dictates his findings into a recorder and maintains two-way radio contact with ground stations.

He reports such conditions as lightning shattered poles, split, broken or rotted crossarms, broken wires, missing nuts and bolts, dangerously close trees and broken insulators. In addition, he often sees such potential trouble-makers as bird's nest holes which weaken poles.

Rain and fog slow down but do not stop the air patrols. But the helicopter has not eliminated ground inspection, for it is impossible to inspect the undersides of crossarms and insulators from the air, Secor said.

But with some 1,000 miles of transmission lines and 12,000 miles of distribution lines to be continually inspected, the helicopters have proved to be an invaluable tool, he said.

Five and one-half hours is the maximum day's work on air patrol.

"After that time the observers' eyes tire, often to the extent that he seems to visually 'blank out,' especially on a bright, sunny day," Secor said.

Potomac Edison, some other utilities, does not own the helicopters. The services of Inland Airways, Myrtle Beach, S.C. are leased at regular intervals.

Francis H. Urner, vice president of Inland, said his firm has two 'copters in service all the time and provides inspection transportation for Kentucky Electric, Pennsylvania Electric, West Penn, Monongahela Power and other utilities.

Liquor Head Asks Reinstatement As Major On Patrol

COLUMBUS, Ohio (AP)—State Liquor Director Floyd C. Moon has applied to the Ohio Highway Patrol for reinstatement as a patrol major effective Jan. 12.

The January date is when the new Democratic administration takes over in the Statehouse.

Moon, a long-time patrol executive, took over as liquor director last March 4 when Gov. C. William O'Neill named the then Director Robert Krupansky to a Common Pleas Court judgeship in Cleveland.

Moon has been serving as director under a leave of absence from the patrol. One time previously, in 1957, he was on patrol leave to help organize the liquor department's enforcement agency.

Girl 'Invades' Naval Academy

Army Football Game Has Conversational Competitor

ANNAPOLIS, Md. (AP) — The Army football game had a conversational competitor among the brigade of midshipmen at the Naval Academy this week.

Discovery that a 17-year-old high school girl had sneaked into the academy and got away with posing as one of them had the 113-year-old institution buzzing.

All of the story hasn't been told as one middie sounded out another on what he knew, Saturday's big game in Philadelphia had to take a back seat for awahile.

James P. Wilson's plans for a big time at the big game in his home town were junked as a result of the incident. He was removed as commander of the 3,600 midshipmen because he knew the girl was in the academy and failed to report it.

Robert L. Vogt of Norfolk, Va., a battalion commander, and Douglas Volgenau of Clarence, N. Y., a company commander, lost their ranks for the same reason.

Two midshipmen, William R. Evans of Trenton, N. J., and Michael J. Brown of Guyman, Okla., were directly involved in the incident. They face disciplinary action.

The girl, Susan Johnson, sneaked into the academy about two weeks ago. Academy officials at first announced last Monday only that the midshipmen officers had been stripped of their stripes "for administrative reasons."

Two days later, they confirmed reports that Miss Johnson's unauthorized presence in Bancrof Hall, the middie dormitory, was behind it.

Marietta Farmer To Become State Agriculture Head

COLUMBUS, Ohio (AP)—Lloyd S. Stacy, farmer of near Marietta, will become state director of agriculture next Monday.

Gov. C. William O'Neill today appointed Stacy to the vacancy created by the resignation of Director James R. Hay.

Stacy, 59, operates a stock and truck farm between Marietta and Lowell, in Washington County. He will resign from the State Board of Agriculture before taking his new post. His term on the board would expire Sept. 30, 1960. He has been a member since 1954.

Hay resigned as director early this month to accept a post with the national organization of veterinarians in Chicago.

Stacy, a Republican, probably will serve in his new job only until the new state Democratic administration takes over next Jan. 12.

Ohio Holiday Traffic Deaths Rise Steadily

10 Already Killed On State Highways; One Claimed In Fire

By The Associated Press

Ohio's accident death toll climbed steadily as the long Thanksgiving Day weekend went into its second full day today.

Since 6 p.m. Wednesday a total of 10 persons have been killed in traffic accidents. One person died in a Dayton fire for a total of 11 accidental deaths.

The Associated Press fatalities count runs through midnight Sunday.

Almost all the fatalities occurred singly. The only double fatality recorded in the early hours occurred in Henry County when two men died after their auto plunged off a county road into a ditch.

The fatalities included a three-month-old baby who died in a headon collision and a 70-year-old Washington Court House man killed while trying to flag down a bus.

The fatalities:

Wednesday night

Pascual Salaz, 55, and Jessie Mendoza, 20, both of Hamler, Henry County, when their auto failed to negotiate a jog in a Henry County road and plunged into a ditch.

Eric Hayes, 3 months, Columbus, in an auto and a truck collision on Ohio 90, about seven miles southeast of Jefferson.

Nick Koran, 60, Cleveland, struck by a car as he crossed Chester Street in Cleveland.

Thursday

Mrs. Ann Thomas, 36, Cleveland, when the auto in which she was riding struck a utility police car in Cleveland.

Julius T. Simms, 24, Fremont, when his car left a Sandusky County road and struck a tree.

Mode Thompson, 76, Eaton, when he apparently walked into the side of a moving auto in Eaton.

Mrs. Ruth Childers, 42, suffocated when fire broke out in her Dayton home.

Gerald Jensen, 16, Salem, when the car in which he was a passenger left Pine Lake Road about three miles west of Salem and struck an embankment.

Isaac Hill, 70, Washington Court House, struck by a bus on U.S. 35, about 10 miles west of Washington Court House while apparently trying to flag down the bus.

Leonard Carl Jenkins, 27, Brunswick, on a one-car accident on Ohio 82 just west of the intersection with U. S. 42 near Cleveland.

Boy To Be Questioned In Kin's Hunting Death

MILLERSBURG, Ohio (AP) — Holmes County Sheriff Harry Weiss said he planned to question a 13-year-old youth today about the hunting death of the boy's 20-year-old cousin.

Weiss said the victim, Harry Amons Jr., of Holmesville was shot in the back at close range, apparently as the two were returning to a car parked on a county road.

Bringing Up A Family

Home Help Important In Learning To Read

While touring the Scandinavian countries last summer, I learned that many children in these lands learn to read at home before they enter school. They don't start school until 7. As you know, European children at 10 or 12 have been found to read much better than our children. Their reading level is usually from one to two years ahead of ours.

By Garry Meyers

—:—

I KEPT wondering how the teachers in Scandinavian countries kept parents from teaching their children by "wrong" methods.

I kept saying to myself that, in our country, teachers in the first grade generally warn parents not to help their children with reading at home, fearing these parents might use wrong teaching ways.

Judging from much of the literature by many reading experts, addressed to teachers and parents, and from the thousands of letters I receive, parents generally are advised not to help their children in the early grades with any school subject at home. Indeed, most teachers, it seems, don't let the child take home his primer or first reader.

This practice in our country has long distressed me and I have often said so in this column. It assumes that there is just one good way for a child to learn to read, and the school always has this way.

—:—

BUT, fortunately, a few experts on teaching reading are beginning to say, what should be obvious to the average person, that there is no one best way for the child to learn to read.

So, instead of trying to keep parents from helping the child at home as he begins to learn to read, the school should do the opposite and urge parents to help him in any way they choose, so long as they are calm and patient with him and find ways for him to succeed at reading.

So also should parents be urged to help this child later, not only with reading but with other school subjects.

For this reason, I have long made available free home helps in reading, spelling, arithmetic and handwriting (to be had by sending a self-addressed, stamped envelope to me in care of this newspaper).

Father Arranges Surrender Of His Son In Slaying

CLEVELAND (AP)—A Cleveland man arranged the surrender of his son to police over the Thanksgiving holiday in connection with the slayer last week of Edward G. Celmer, 46-year-old East Side businessman.

The youth, Carl Rawls, 22, was the third person taken into custody in the slaying. His father, Willie, who had known Detective Harry Davidson for 20 years, contacted Davidson and drove the detective to Louisville, Ky., where Carl Rawls surrendered.

The detective said Thursday that on the return trip the youth told him Pfc. Leon T. Curry, 21, engineered the robbery and struck the blows that killed Celmer.

Curry, the first to be arrested, has told police a third youth, Charles Harris, 19, struck Celmer with a plank during the robbery.

Davidson said the younger Rawls admitted being with the other two.

The year one B.C. preceded A.D. 1.

The Associated Press fatalities count runs through midnight Sunday.

Almost all the fatalities occurred singly. The only double fatality recorded in the early hours occurred in Henry County when two men died after their auto plunged off a county road into a ditch.

The fatalities included a three-month-old baby who died in a headon collision and a 70-year-old Washington Court House man killed while trying to flag down a bus.

The fatalities:

Wednesday night

Pascual Salaz, 55, and Jessie Mendoza, 20, both of Hamler, Henry County, when their auto failed to negotiate a jog in a Henry County road and plunged into a ditch.

Eric Hayes, 3 months, Columbus, in an auto and a truck collision on Ohio 90, about seven miles southeast of Jefferson.

Nick Koran, 60, Cleveland, struck by a car as he crossed Chester Street in Cleveland.

Thursday

Mrs. Ann Thomas, 36, Cleveland, when the auto in which she was riding struck a utility police car in Cleveland.

Julius T. Simms, 24, Fremont, when his car left a Sandusky County road and struck a tree.

Mode Thompson, 76, Eaton, when he apparently walked into the side of a moving auto in Eaton.

Mrs. Ruth Childers, 42, suffocated when fire broke out in her Dayton home.

Gerald Jensen, 16, Salem, when the car in which he was a passenger left Pine Lake Road about three miles west of Salem and struck an embankment.

Isaac Hill, 70, Washington Court House, struck by a bus on U.S. 35, about 10 miles west of Washington Court House while apparently trying to flag down the bus.

Leonard Carl Jenkins, 27, Brunswick, on a one-car accident on Ohio 82 just west of the intersection with U. S. 42 near Cleveland.

Boy To Be Questioned In Kin's Hunting Death

MILLERSBURG, Ohio (AP) — Holmes County Sheriff Harry Weiss said he planned to question a 13-year-old youth today about the hunting death of the boy's 20-year-old cousin.

Weiss said the victim, Harry Amons Jr., of Holmesville was shot in the back at close range, apparently as the two were returning to a car parked on a county road.

Home Help Important In Learning To Read

While touring the Scandinavian countries last summer, I learned that many children in these lands learn to read at home before they enter school. They don't start school until 7. As you know, European children at 10 or 12 have been found to read much better than our children. Their reading level is usually from one to two years ahead of ours.

By Garry Meyers

—:—

I KEPT wondering how the teachers in Scandinavian countries kept parents from teaching their children by "wrong" methods.

I kept saying to myself that, in our country, teachers in the first grade generally warn parents not to help their children with reading at home, fearing these parents might use wrong teaching ways.

Judging from much of the literature by many reading experts, addressed to teachers and parents, and from the thousands of letters I receive, parents generally are advised not to help their children in the early grades with any school subject at home. Indeed, most teachers, it seems, don't let the child take home his primer or first reader.

This practice in our country has long distressed me and I have often said so in this column. It assumes that there is just one good way for a child to learn to read, and the school always has this way.

—:—

BUT, fortunately, a few experts on teaching reading are beginning to say, what should be obvious to the average person, that there is no one best way for the child to learn to read.

So, instead of trying to keep parents from helping the child at home as he begins to learn to read, the school should do the opposite and urge parents to help him in any way they choose, so long as they are calm and patient with him and find ways for him to succeed at reading.

So also should parents be urged to help this child later, not only with reading but with other school subjects.

For this reason, I have long made available free home helps in reading, spelling, arithmetic and handwriting (to be had by sending a self-addressed, stamped envelope to me in care of this newspaper).

BUDAPEST, Hungary (AP) — Georgi Damianov, 66, Bulgaria's chief of state since 1950, died Thursday after a long illness, the Hungarian news agency MTI reported from Sofia.

Father Arranges Surrender Of His Son In Slaying

CLEVELAND (AP)—A Cleveland man arranged the surrender of his son to police over the Thanksgiving holiday in connection with the slayer last week of Edward G. Celmer, 46-year-old East Side businessman.

The youth, Carl Rawls, 22, was the third person taken into custody in the slaying. His father, Willie, who had known Detective Harry Davidson for 20 years, contacted Davidson and drove the detective to Louisville, Ky., where Carl Rawls surrendered.

The detective said Thursday that on the return trip the youth told him Pfc. Leon T. Curry, 21, engineered the robbery and struck the blows that killed Celmer.

Curry, the first to be arrested, has told police a third youth, Charles Harris, 19, struck Celmer with a plank during the robbery.

Davidson said the younger Rawls admitted being with the other two.

Liverpool's Musuraca Named On All-Ohio Second Team

Salem's Slaby Selected On No. 2 Defensive Unit

By FRITZ HOWELL
Associated Press Sports Writer

COLUMBUS, Ohio (AP)—Ohio named its high school football jewels today — The Associated Press 1958 class AA all - state team.

They come from everywhere, these scholastic stalwarts who are only a couple of years away from collegiate stardom.

Not in several seasons has Ohio been the "happy hunting grounds" for the collegiate talent-seekers as it is today. Standouts in all positions were numerous among the 25,000 youngsters who produced one of the state's most spectacular seasons.

The annual selections, recognized as official by the Ohio High School Football Coaches Assn., were made with the aid of some 300 coaches, more than 100 sports editors and a score of officials. The spots were filled only from class AA schools. An all-Ohio from the smaller class A group will be announced later.

Bob Middleton, 6-foot 4-inch, 215-pound end for Marion Harding's Presidents, was named the outstanding lineman in the state, and college scouts are certain to beat a path to his door.

The No. 1 back honors went to John Mummey, 190-pound, 6-1 fullback for Painesville Harvey, 1957 scoring leader who paced the state until late in the 1958 campaign when he was shelved by injuries.

This was a year for great ends and tackles—and the voters rewarded the bigger boys with unbounded ability. Only one of the 11 players on the offensive team is under six feet tall—Ken Johnson of New Concord.

Ken, a 160-pound, 5-8 speedster, led Ohio's scorers with 204 points on 33 touchdowns and three two-point conversions as New Concord won 10 in a row. He scored 19 touchdowns in each of the two previous years for a career total of 71. During his four years in high school, New Concord compiled a 36-1-1 record.

Walt Zingg, who quarterbacked Alliance to the state championship, was named the all-Ohio signal-caller in a snug fight with Vic Ippolito of South Euclid Brush. Leo Caito, who scored around 130 points for Cleveland Cathedral Latin, moved in beside Johnson at halfback to round out the backfield.

Bob Vogel, Massillon's 6-5, 225-pound, pass-catching end, took an offensive job with Middleton. Two giants, 210-pound, 6-1 Gene Knight of Newark, and 235-pound, 6-2 Joe Bonar of Bellaire, took the tackle jobs on offense.

The offensive guards are John Parrish of Canton Lincoln and Doug Rodgers of Portsmouth, a pair of fleet-footed six-footers, and at center is Bill Bryant of Galion, 195 and six feet.

The first defensive unit is just as impressive, nine being over six feet and the team averaging around 200 pounds. One oddity on the first defensive team was that Haze McKey of Massillon won the center guard spot in the statewide voting, although he failed to make the all-Stark County first team picked by the coaches from that football hotbed.

But the coaches, writers and officials who saw him against the non - county opponents showered him with support and he could not be left off the all-Ohio.

Players named to the all-Ohio squad will receive added points as the coaches select the all-star squads next week for the North-South All-Star game in Canton next August.

The all-Ohio selections:

Cincinnati U. Whips Miami, Listed As Likely Bowl Team

CINCINNATI (AP)—The University of Cincinnati hasn't even indicated it's interested in bowl bids but the Bearcats can be listed as among possibilities.

There have been reports that the Bearcats are among teams under consideration for the Blue Grass Bowl at Louisville.

Although it didn't do too well in the five-team Missouri Valley Conference, Cincinnati wound up its season Thursday with 6-2-2 record by beating Miami in their game, 18-7.

Cincinnati won one, lost one and tied two in the Missouri Valley loop while Miami won the Mid-American title.

Thursday's victory broke a string of four straight Miami victories over the Bearcats and it was brought about largely by the fancy passing of Jack Lee.

Miami had a 100-yard edge in rushing but Lee completed 10 of 21 passes and picked up 216 yards through the air as compared with 63 by Miami.

One of Cincinnati's touchdowns came on a 29-yard pass play from Lee to Joe Morrison. Another was on a 63-yard effort from Lee to Gene Johnson.

Another Lee to Johnson pass set up the third Bearcat touchdown which Morrison scored on a punch from the two-yard line.

Morrison's scoring gave him 128 points for his collegiate career, a a new Cincinnati record. He scored 21 touchdowns and that tied a UC record.

Miami's only touchdown came on a 62-yard run by George Scott.

The victory gave Cincinnati 27 victories in the long series with Miami as against 30 for the Redskins. There have been six ties.

DeJohn Favored Tonight To Beat German Fighter

NEW YORK (AP) — Big Mike DeJohn of Syracuse is a 7-5 choice to whip stocky Willi Besmanoff of Germany in a 10-round television heavyweight fight at Madison Square Garden tonight.

If the 6-3, 205-pound upstate fighter ever worked up to his potential he would be at least 5-1 over the former Munich baker.

DeJohn, 26, just doesn't like to train too hard.

Even without much exercise, DeJohn has compiled a 35-5-1 record, including 25 kayos, and is ranked ninth among the contenders. This year, however, he is 1-2. He dropped a split decision to Cuban giant Nino Valdes, beat Bob Baker, and then lost another split verdict to Valdes — the last one Aug. 15.

Besmanoff, once among the top 10 but no longer ranked, is 2-2 for the year. The 5-11, 200-pounder beat Pat McMurtry, lost a close fight to light heavyweight champion Archie Moore and to Harold Carter, and knocked out Argentina's Alex Miteff in the first round.

Willi's record is 38-12-7 including 15 knockouts.

Team Defense Is Worrying Coach Brown

CLEVELAND (AP) — You'd think Coach Paul E. Brown would have nothing to worry about, what with his power-packed Cleveland Browns riding on top of the Eastern Division standings and only three games to go.

But Brown is concerned.

"We must improve our defense by playing better with what we've got . . . make fewer mistakes," he remarked before calling the squad out for an hour and half of practice on Thanksgiving Day.

He was concerned in particular about some things that happened in last Sunday's game with the Philadelphia Eagles. The Browns won 28-14, but there was some breakdowns in the "team defense" stressed by the Browns.

The Eagles gained a total of 210 yards by passing, with Norm Van Brocklin hitting consistently on short, quick throws.

Said Brown: "I'm concerned with our defense when they (the defense) can't get us the ball."

Sunday, the Browns have a rematch here with Washington. The Browns beat the Redskins 20-10 Nov. 16, and in that game the Washington aerial attack racked up 150 yards—twice the yardage the Redskins gained on the ground.

The team defense means every player has a certain job to do. Mistakes can be costly.

While Coach Brown calls every play for the offensive squad, the defense is on its own.

Calling the defensive signals is Walter Michaels, 6-foot, 237-pound fullback who is in his seventh campaign with the Browns.

New Mentor Of Warriors Has Troubles

By The Associated Press

Al Cervi may not have known when he was well off.

Two months ago, Cervi grabbed at the chance to coach the Philadelphia Warriors. He was on the sidelines all last season following his resignation as coach of the Syracuse Nationals in November, 1956.

Then came the bad news. Neil Johnston, one of National Basketball Assn.'s leading scorers, was hurt in an exhibition game. He was operated on three weeks ago for removal of loose cartilege from his left knee. Johnston is not expected back until mid-December.

Now the Warriors may have to get along without the services of Tom Gola, the former All-America from La Salle, who has been doing a bangup job for Philadelphia.

Gola suffered a severe sprain of his left ankle in the second minute of Thursday night's game against Boston. The Warriors dropped a 107-94 verdict to the Celtics.

The St. Louis Hawks, behind the sharpshooting of Bob Pettit and Clyde Lovellette, whipped the Syracuse Nationals 107-98 in the only other game.

Pettit scored 42 points and Lovellette had eight baskets in eight fourth quarter attempts as the Hawks won their fourth in five games under new Coach Ed Macauley. Pettit and Lovellette combined to score all but one of St. Louis' 31 points in a fourth quarter surge.

Royal Ends Second Good Season At Texas

AUSTIN, Tex. (AP) — Darrell Royal has wound up his second season as coach of the University of Texas doing twice as much as was expected of him.

Thursday, Royal's Longhorns whipped Texas A&M 27-0 in the traditional Thanksgiving Day game and it marked his second season in a row to beat Texas' oldest rivals.

This year there also was a triumph over Oklahoma, something Texas had been longing for.

For the two seasons, Royal has won 13, lost 6, tied 1 with a 7-3 record this year.

When Royal became coach last year the team had just wound up its worst season, winning one out of 10.

American League Plans Earliest Start In History

CHICAGO (AP) — The 1959 American League baseball season will have its earliest start in history and have more night games crammed into its schedule than ever before — 264.

The schedule, released today by League President Will Harridge, kicks off next year's campaign with Baltimore in the traditional presidential opener at Washington on April 9, a Thursday. This gives the season a weekend start instead of the usual Monday or Tuesday launching.

The opener on April 10 is the earliest since 1913, when President Woodrow Wilson tossed out the first ball to the late Clark Griffith, then Washington manager, and touched off the starting round for all clubs.

Harridge said the early start makes way for more open dates and gives the schedule more flexibility for traveling and weather enforced make up games.

The opening round will send Cleveland to Kansas City, Chicago to Detroit and Boston to New York. These three-game series will end with single contests Sunday, April 12. After the April 9 opener, Baltimore remains at Washington but skips the next day and concludes the series with a Sunday doubleheader.

The 264 night engagements slated tops the previous high of 1958 by 15. Of the 249 on tap this year, a record 241 actually were played. Weather forced out the others.

Weirton's Jim Carey Named Coach Of Year

MORGANTOWN (AP) — The West Virginia Sports Writers Assn. has named Burdette (Jim) Carey of Weirton the state's high school coach of the year.

Carey, head grid coach at Weirton since 1956, received 13 votes in the sports writers balloting.

He beat out Clyde (Pud) Hutson, Charleston Stonewall Jackson basketball coach; Bill Kerr of Fairmont West; Roy Williams, East Bank grid coach; Parkersburg's basketball coach Sam Mandich, and Dick Ware, coach of Barbersville's grid team.

The five contenders for Carey's honor received votes ranging from eight to five. One vote each went to Dick Harmison of Charles Town and C. E. Turley of Greenbrier Military School.

Carey will be honored at the 14th annual Victory Awards Dinner in Huntington in January. The sportswriters affair also will honor Ed Tutwiler Jr., Charleston golfer, as the state's amateur athlete of the year.

The Red Riders swept to 21 straight football victories under Carey. Parkersburg's state Class AAA champion halted the streak the last regular season game this year.

He coached in his home town of Follansbee from 1933 to 1945. Carey went to Weirton and was an assistant to Carl Hamill, Irvin Howell and Harold Daugherty until the 1956 football campaign.

Anderson-Fraser Win Net Doubles In Wales Classic

SYDNEY (AP) —Mal Anderson and Neale Fraser won the men's doubles title at the New South Wales Tennis Championships today. They beat their fellow Australians Ashley Cooper and Rod Laver 5-7, 9-7, 6-4, 6-4.

It was a dull affair. The pairings are experimental with the Davis Cup challenge round in mind. Neither pair was a combination that would impress the Australian selectors.

Cooper will defend his singles crown Saturday against the 18-year-old sensation from the United States, Earl Buchholz. The St. Louis youngster, the first junior unseeded player ever to reach the men's final in this tourney, rested today in preparation for the final.

Ken Fletcher and Frank Gorman won the junior boy's doubles by beating Bob Hewitt and Martin Mulligan 6-4, 6-3 in another all-Australian final.

Mrs. Thelma Long and Mrs. Mary Hawton, veteran Aussie pair, captured the women's doubles from Sandra Reynolds and Renee Schuurman, South Africa girls, 9-7, 1-6, 7-5. The junior girls singles title went to Jan Lehane who beat Lesley Turner 6-3, 6-2.

Two of Princequillo's promising 2-year-olds during 1958 were Sherry Prince, owned by Ralph Lowe, and Black Hills of King Ranch.

Bass Snares 3 Grid Titles

FRESNO, Calif. (AP)—College of the Pacific's Dick Bass, playing on a badly swollen big toe, hobbled off with three national football titles Thursday as the Tigers shattered Fresno State 52-6.

His teammates carried Bass from the field after he completed a season that hadn't been matched in 21 years.

The 189-pound, 5-foot-11 halfback from Vallejo, Calif., gained 130 yards in 30 carries, bucked for two touchdowns and caught a pass for a two-point conversion.

The performance gave him a 10-game total of 1,361 yards rushed in 205 carries; 1,440 yards in total offense in 217 plays; and 116 points scored — all three marks the best in the country.

Not since Byron (Whizzer) White of Colorado in 1937 has one player won all three titles in a single year.

"I really wasn't sure that I had won all those championships until the fellows picked me up after the game," said Bass. "I guess I was lucky to even get a chance to play.

"I hurt the toe in the second quarter against San Diego State and for a while we thought it was broken. I didn't run all week because I wanted to play against Fresno."

Last year Bass missed the entire season with another leg injury. Thus he has a year of eligibility remaining. He plans to come back to COP and use it.

Liverpool's Musuraca Named On All-Ohio Second Team

Salem's Slaby Selected On No. 2 Defensive Unit

By FRITZ HOWELL
Associated Press Sports Writer

COLUMBUS, Ohio (AP)—Ohio named its high school football jewels today — The Associated Press 1958 class AA all - state team.

They come from everywhere, these scholastic stalwarts who are only a couple of years away from collegiate stardom.

Not in several seasons has Ohio been the "happy hunting grounds" for the collegiate talent-seekers as it is today. Standouts in all positions were numerous among the 25,000 youngsters who produced one of the state's most spectacular seasons.

The annual selections, recognized as official by the Ohio High School Football Coaches Assn., were made with the aid of some 300 coaches, more than 100 sports editors and a score of officials. The spots were filled only from class AA schools. An all-Ohio from the smaller class A group will be announced later.

Bob Middleton, 6-foot 4-inch, 215-pound end for Marion Harding's Presidents, was named the outstanding lineman in the state, and college scouts are certain to beat a path to his door.

The No. 1 back honors went to John Mummey, 190-pound, 6-1 fullback for Painesville Harvey, 1957 scoring leader who paced the state until late in the 1958 campaign when he was shelved by injuries.

This was a year for great ends and tackles—and the voters rewarded the bigger boys with unbounded ability. Only one of the 11 players on the offensive team is under six feet tall—Ken Johnson of New Concord.

Ken, a 160-pound, 5-8 speedster, led Ohio's scorers with 204 points on 33 touchdowns and three two-point conversions as New Concord won 10 in a row. He scored 19 touchdowns in each of the two previous years for a career total of 71. During his four years in high school, New Concord compiled a 36-1-1 record.

Walt Zingg, who quarterbacked Alliance to the state championship, was named the all-Ohio signal-caller in a snug fight with Vic Ippolito of South Euclid Brush. Leo Caito, who scored around 130 points for Cleveland Cathedral Latin, moved in beside Johnson at halfback to round out the backfield.

Bob Vogel, Massillon's 6-5, 225-pound, pass-catching end, took an offensive job with Middleton. Two giants, 210-pound, 6-1 Gene Knight of Newark, and 235-pound, 6-2 Joe Bonar of Bellaire, took the tackle jobs on offense.

The offensive guards are John Parrish of Canton Lincoln and Doug Rodgers of Portsmouth, a pair of fleet-footed six-footers, and at center is Bill Bryant of Galion, 195 and six feet.

The first defensive unit is just as impressive, nine being over six feet and the team averaging around 200 pounds. One oddity on the first defensive team was that Haze McKey of Massillon won the center guard spot in the statewide voting, although he failed to make the all-Stark County first team picked by the coaches from that football hotbed.

But the coaches, writers and officials who saw him against the non - county opponents showered him with support and he could not be left off the all-Ohio.

Players named to the all-Ohio squad will receive added points as the coaches select the all-star squads next week for the North-South All-Star game in Canton next August.

The all-Ohio selections:

Cincinnati U. Whips Miami, Listed As Likely Bowl Team

CINCINNATI (AP)—The University of Cincinnati hasn't even indicated it's interested in bowl bids but the Bearcats can be listed as among possibilities.

There have been reports that the Bearcats are among teams under consideration for the Blue Grass Bowl at Louisville.

Although it didn't do too well in the five-team Missouri Valley Conference, Cincinnati wound up its season Thursday with 6-2-2 record by beating Miami in their game, 18-7.

Cincinnati won one, lost one and tied two in the Missouri Valley loop while Miami won the Mid-American title.

Thursday's victory broke a string of four straight Miami victories over the Bearcats and it was brought about largely by the fancy passing of Jack Lee.

Miami had a 100-yard edge in rushing but Lee completed 10 of 21 passes and picked up 216 yards through the air as compared with 63 by Miami.

One of Cincinnati's touchdowns came on a 29-yard pass play from Lee to Joe Morrison. Another was on a 63-yard effort from Lee to Gene Johnson.

Another Lee to Johnson pass set up the third Bearcat touchdown which Morrison scored on a punch from the two-yard line.

Morrison's scoring gave him 128 points for his collegiate career, a new Cincinnati record. He scored 21 touchdowns and that tied a UC record.

Miami's only touchdown came on a 62-yard run by George Scott.

The victory gave Cincinnati 27 victories in the long series with Miami as against 30 for the Redskins. There have been six ties.

Team Defense Is Worrying Coach Brown

CLEVELAND (AP) — You'd think Coach Paul E. Brown would have nothing to worry about, what with his power-packed Cleveland Browns riding on top of the Eastern Division standings and only three games to go.

But Brown is concerned.

"We must improve our defense by playing better with what we've got . . . make fewer mistakes," he remarked before calling the squad out for an hour and half of practice on Thanksgiving Day.

He was concerned in particular about some things that happened in last Sunday's game with the Philadelphia Eagles. The Browns won 28-14, but there was some breakdowns in the "team defense" stressed by the Browns.

The Eagles gained a total of 210 yards by passing, with Norm Van Brocklin hitting consistently on short, quick throws.

Said Brown: "I'm concerned with our defense when they (the defense) can't get us the ball."

Sunday, the Browns have a rematch here with Washington. The Browns beat the Redskins 20-10 Nov. 16, and in that game the Washington aerial attack racked up 150 yards—twice the yardage the Redskins gained on the ground.

The team defense means every player has a certain job to do. Mistakes can be costly.

While Coach Brown calls every play for the offensive squad, the defense is on its own.

Calling the defensive signals is Walter Michaels, 6-foot, 237-pound fullback who is in his seventh campaign with the Browns.

New Mentor Of Warriors Has Troubles

By The Associated Press

Al Cervi may not have known when he was well off.

Two months ago, Cervi grabbed at the chance to coach the Philadelphia Warriors. He was on the sidelines all last season following his resignation as coach of the Syracuse Nationals in November, 1956.

Then came the bad news. Neil Johnston, one of National Basketball Assn.'s leading scorers, was hurt in an exhibition game. He was operated on three weeks ago for removal of loose cartilege from his left knee. Johnston is not expected back until mid-December.

Now the Warriors may have to get along without the services of Tom Gola, the former All-America from La Salle, who has been doing a bangup job for Philadelphia.

Gola suffered a severe sprain of his left ankle in the second minute of Thursday night's game against Boston. The Warriors dropped a 107-94 verdict to the Celtics.

The St. Louis Hawks, behind the sharpshooting of Bob Pettit and Clyde Lovellette, whipped the Syracuse Nationals 107-98 in the only other game.

Pettit scored 42 points and Lovellette had eight baskets in eight fourth quarter attempts as the Hawks won their fourth in five games under new Coach Ed Macauley. Pettit and Lovellette combined to score all but one of St. Louis' 31 points in a fourth quarter surge.

DeJohn Favored Tonight To Beat German Fighter

NEW YORK (AP) — Big Mike DeJohn of Syracuse is a 7-5 choice to whip stocky Willi Besmanoff of Germany in a 10-round television heavyweight fight at Madison Square Garden tonight.

If the 6-3, 205-pound upstate fighter ever worked up to his potential he would be at least 5-1 over the former Munich baker.

DeJohn, 26, just doesn't like to train too hard.

Even without much exercise, DeJohn has compiled a 35-5-1 record, including 25 kayos, and is ranked ninth among the contenders. This year, however, he is 1-2. He dropped a split decision to Cuban giant Nino Valdes, beat Bob Baker, and then lost another split verdict to Valdes — the last one Aug. 15.

Besmanoff, once among the top 10 but no longer ranked, is 2-2 for the year. The 5-11, 200-pounder beat Pat McMurtry, lost a close fight to light heavyweight champion Archie Moore and to Harold Carter, and knocked out Argentina's Alex Miteff in the first round.

Willi's record is 38-12-7 including 15 knockouts.

Royal Ends Second Good Season At Texas

AUSTIN, Tex. (AP) — Darrell Royal has wound up his second season as coach of the University of Texas doing twice as much as was expected of him.

Thursday, Royal's Longhorns whipped Texas A&M 27-0 in the traditional Thanksgiving Day game and it marked his second season in a row to beat Texas' oldest rivals.

This year there also was a triumph over Oklahoma, something Texas had been longing for.

For the two seasons, Royal has won 13, lost 6, tied 1 with a 7-3 record this year.

When Royal became coach last year the team had just wound up its worst season, winning one out of 10.

4 Major Bowl Berths To Be Filled Saturday In Final Tilts

Army, Navy To Clash At Philadelphia

By ED WILKS
Associated Press Sports Writer

Four major bowl berths will be filled and Philadelphia's Municipal Stadium will be packed for the Army-Navy game Saturday as college football fires its last blast of the season.

Army, shunning bowls, takes a 7-0-1 record against Navy, shunned by bowls in light of a so-so 6-2 mark. It was Pitt, knocked out of the major bowl picture by Penn State's 25-21 upset Thursday, that marred the Cadets' record with a 14-14 tie. Tulane and Notre Dame beat Navy.

Notre Dame, which closes at Southern California Saturday, was the only common foe on the Army and Navy schedules, and the Cadets beat the Irish 14-2.

Half a dozen or so games will decide bowl bids.

Only two of the five major bowls are filled. Iowa and California will play in the Rose Bowl, and Oklahoma and Syracuse fill the Orange Bowl.

The Cotton Bowl needs a team to face Texas Christian, the Sugar Bowl needs an opponent for Louisiana State and the Gator Bowl has two berths to fill.

Iowa, California, Syracuse and LSU have completed their regular seasons. Oklahoma shuts down shop Saturday against Oklahoma State. TCU calls it quits against Southern Methodist.

Of the top 10 teams in the latest Associated Press poll, five already have been picked for bowls (LSU, No. 1; Oklahoma, No. 3; Iowa, No. 4; TCU, No. 7; and Syracuse, No. 10). Three are ineligible (Auburn, No. 2; Wisconsin, No. 6; and Ohio State, No. 9) and one (Army, No. 5) turns its back on such doings.

That leaves Air Force (No. 8) as the only top 10 team still to be had. And the Cotton Bowl likely will get the Falcons (8-0-1) if they whip Colorado Saturday.

The Sugar Bowl reportedly is set to tap Clemson (7-2) to face unbeaten, untied LSU New Year's Day if the Atlantic Coast Conference champion beats Furman Saturday.

That leaves SMU, Mississippi, Georgia Tech, Florida, South Carolina, Vanderbilt and Rice on the prowl for the Gator Bowl bid — or the Sugar and Cotton berths should Air Force and — or Clemson slip up.

SMU needs an upset over TCU to make it. Mississippi plays Mississippi State, Tech takes on Georgia, Florida finishes against Miami, Vanderbilt meets Tennessee and Rice plays Baylor.

South Carolina (7-3) wrapped up its regular season Thursday by whipping Wake Forest 24-7. Mississippi Southern, also a bowl prospect, locked up a perfect (9-0) season, defeating Chattanooga 20-13.

Texas (7-3) took itself out of possible bowl consideration after rapping Texas A&M 27-0. Rutgers (8-1), which finished last weekend, got tired of waiting and also withdrew from the list of postseason prospects although under serious consideration by the Blue Grass bowl committee.

The Blue Grass, with Alabama a top choice, will name its pairing Monday. Pitt's still alive for this one, along with Tulsa and Florida State in addition to the clubs already listed by the major bowl groups. Alabama (5-3-1) closes Saturday against Auburn (8-0-1), which is looking for its second straight unbeaten season but is banned from bowl play by NCAA probation.

Tulsa (7-3) finished with a 25-6 victory over Wichita Thursday. Virginia Tech eliminated Virginia Military from the postseason hopefuls 21-16. Cincinnati defeated Miami (Ohio) 18-7 in a battle of minor bowl prospects.

Cornell gained a second-place tie with Princeton in the Ivy League behind champ Dartmouth by defeating Penn 19-7.

Foxy Maude made the first start of her career at the age of 6. She won by eight lengths on Sept. 12, 1938.

OSU Puts White, Houston On All-Big 10 Grid Team

By JERRY LISKA
Associated Press Sports Writer

CHICAGO (AP)—Big Ten champion Iowa and four other schools —Ohio State, Wisconsin, Purdue and Northwestern — each placed two players on the 1958 all-Western Conference football team selected today by The Associated Press.

In the aftermath of one of the league's most mixed-up campaigns in years, AP sports writers in the Big Ten area could agree wholeheartedly on only two players — quarterback Randy Duncan of Iowa and fullback Bob White of Ohio State.

Yet, both Duncan and White missed unanimous choice by one first-team vote among the 12 balloting writers. Illinois' phenomenal pass-grabbing end, Rich Kreitling, missed a sweep by only two first-team votes.

Iowa also placed a slick sophomore, halfback Willie Fleming, while Ohio State's other AP first team choice was end Jim Houston, rated the finest wingman in Buckeye history. The honor team had only four seniors as five juniors and two sophomores made the grade.

Duncan was the only senior in the all-Big Ten backfield which had junior Ron Burton of Northwestern paired with Fleming at halfback, as well as junior White at fullback.

Wisconsin, runnerup to Iowa in the title chase, landed senior Dick Teteak at center and junior Jerry Stalcup at guard. Purdue, one of the nation's top defensive clubs, placed senior Gene Selawski, the all - star heavyweight at 248 pounds, at tackle, and sophomore Ron Maltony at guard.

Tackle Andy Cvercko of Northwestern rounded out the all-Big Ten line which averaged 215 pounds.

It is quite possible that this year's second all-Big Ten team could play the first team on even terms any day of the week.

Michigan State's great end, Sammy Williams, just missed the No. 1 club, as did Purdue's ace flanker, Tom Franckhauser.

The second team tackle tandem of Jim Marshall, Ohio State, and Jim Heineke, Wisconsin, is excellent. Bill Burrell of Illinois and Mike Rabold of Indiana were great guards, while the No. 2 center, Bernie Svendsen of Minnesota, was outstanding on a stumbling Gopher team.

The No. 2 backfield could hold its own in any company. It included Dale Hackbart, Wisconsin's versatile quarterback; halfbacks Don Clark of Ohio State and Ray Jauch of Iowa, and fullback Bob Jarus of Purdue.

Clark slipped from first team rating on the 1957 AP all-Big Ten team, but this was due directly to injury which sidelined him considerably this year.

White, 212-pounder who was one of the country's most durable performers, moved up from second-team rating last year, while Teteak, Wisconsin's 216-pound pivot star, vaulted from the third to first team.

White set a new modern Big Ten record for carries, hauling 178 times for 713 yards and a 4.0 average in 7 conference games. This broke the 1953 mark of 163 carries by Minnesota's Paul Giel. White also led the Big Ten in scoring with 66 points on 11 touchdowns.

Fleming, at 173 the lightest man on the first honor team, was a brilliant spot runner. His average of 8.8 yards on 41 carries, also set a new Big Ten mark.

Iowa's passing genius, quarterback Duncan, completely dominated the Big Ten's aerial department. He completed 66 of 111 passes for 898 yards and 7 touchdowns in 6 conference games.

Northwestern halfback Burton was a fine receiver as well as an explosive runner. Burton shared conference pass snagging honors with Kreitling at 19 each, averaged 4.0 yards on 93 carries and was second to White in scoring with 52 points.

3 From Wellsville Win In Table Tennis Finals

Ralph Donaldson, Kenny Miller and Tommy Williams of Wellsville became eligible to participate in the district table tennis tournament at Alliance Dec. 5 by posting victories in finals Wednesday night at the Veterans of Foreign Wars post home.

Donaldson won the open class championship by defeating Vernon Rose, best two out of three games. Miller, a 15 - year - old sophomore at Wellsville High School, won the senior class bracket by defeating Jack Jordan.

Williams, a 12 - year - old junior high 7th grader, whipped Richard Malone in winning the junior class title. This will be the first year that Wellsville will have junior and senior class representatives in the district tournament. Donaldson succeeds Rock Lamarra as open class champ.

Boise Wins Grid Title

BOISE, Idaho (AP) — Boise Junior College won the National Junior College Athletic Assn. football championship Thursday with a 22-0 victory over Tyler (Tex.) JC.

Fights Follow Grid Game In Cleveland

CLEVELAND (AP)—Police said a series of eight clashes between white and Negro teenagers followed the Thanksgiving Day charity football game at Municipal Stadium. Five white youths were injured.

Because of the swiftness of the attacks, police said, the victims had little chance to see their assailants, and no arrests were made.

The game was won by Cathedral Latin High School, which defeated St. Ignatius 12-6 in the city championship game.

Army-Navy Program Gives Salute To Alaska

PHILADELPHIA (AP) — The official program for the Army-Navy game Saturday offers a salute to the new state of Alaska.

The cover of the 168-page book features a totem pole topped by the figure of a football player in a composite jersey of the two teams. An article on sports in Alaska notes that D. D. Pullen, captain and tackle of the 1909 Army team, came from the territory.

Tropical Park Officials See Banner Meet

MIAMI, Fla. (AP) — Tropical Park officials beamed happily today over prospects of a banner season after the biggest opening day Florida horse racing ever had.

While the Thanksgiving Day crowd of 17,617 was 245 less than the record set on the corresponding day in 1952, the bettors shoved $953,760 through the pari-mutuel windows.

That shattered the record of $877,480 set on Nov. 27, 1957, and gave Tropical Park its best opening day since the track began operations in 1932.

The $12,000 Hurricane Handicap was run in two divisions, with 13 horses in each. Bettors had a field day from the first race when Puzzle Palace paid $128.40 for $2 through the ninth which went to Fairmont at $51.40.

Hoop Band, a son of Kentucky Derby winner Hoop Jr., set a new track record for five and a half furlongs in the first division of the feature. With Jockey Howard Grant making up most of his 126 pound impost, Hoop Band ran the distance in 1:02 3-5 to break the record of 1:03 set by Viking Victory on Jan. 16, 1957.

Only noses separated Hoop Band from Flight History and Kentucky Pride, who was third.

Hasty House Farms' Arcandy, an Irish-bred, won his fourth straight in the second division of the Hurricane, running the distance in 1:03 2-5. General Riley was second, beaten by a nose, and Charlie's Song third.

Ranger Coach 'Blows Stack,' Team Beaten

By The Associated Press

Sometimes it takes the New York Rangers time to get fired up. But it doesn't take long for their coach, Phil Watson, to lose his temper.

Thursday night, the fiery Watson blew his top and his Rangers blew an important 3-1 decision to the Boston Bruins.

The hectic game was one of three on the Thanksgiving night National Hockey League slate. The Detroit Red Wings defeated the Toronto Maple Leafs 3-2. The Montreal Canadiens edged the Chicago Black Hawks 2-1.

Four police officers had to escort the Rangers to their dressing room following the furor touched off when Watson threw a stick at Boston winger Jerry Toppazzini.

The uproar started just after Norm Johnson scored the clinching goal with 25 seconds left in the game. Vic Stasiuk and Toppazzini scored the other Boston goals. Andy Bathgate got the Rangers only score early in the third period.

Gordie Howe scored his 397th and 398th NHL goals in the final seven minutes as Detroit came from behind.

Jacques Plante turned in an outstanding game in goal to preserve the Canadiens' victory. Plante had 33 saves, stopping a tough screened shot seconds before the final buzzer.

Driverless Trotter Stops For Red Light

YONKERS, N. Y. (AP)—Thanksgiving night motorists on Central avenue, which adjoins the New York State Thruway, were startled when a driverless horse, pulling a sulky, stopped obediently at a red traffic light at Mile Square road.

It developed the horse was Perry Mac, a 4-year-old trotter, who was supposed to race in the third race at Yonkers Raceway. He had broken loose from his groom after a warmup on the track.

Virginia Tech's Holsclaw Erases 2 League Records

By The Associated Press

Virginia Tech's brilliant quarterback, Billy Holsclaw, has put his name in the Southern Conference football record book in two spots and Furman end Ray Siminski has a chance to do the same tomorrow.

Holsclaw, named to the all-conference team earlier in the week, surpassed the passing yardage and total offense yardage records yesterday as he wound up his career in a blaze of glory, directing Tech to a 21-16 victory over Virginia Military Institute.

The triumph boosted the Gobblers into a final finish in the conference race with a 3-1 mark and gave them the Virginia Big Five title won last year by VMI. Tech also finished with a 5-4-1 over-all mark, while VMI was 6-2-2, losing its last two games after going unbeaten — though tied three times — through 18 starts over a two-year period.

Holsclaw, completing eight of 14 passes for 104 yards and running for 28 yards, wiped out the passing and total offense records set last week by West Virginia quarterback Dick Longfellow, who in turn had erased the records set last year by Bobby Schwarze of The Citadel.

The final game contribution gave Holsclaw 1,103 yards passing and 1,227 yards of total offense to 948 and 1,202, respectively, for Longfellow, who set a conference record of 156 passes attempted.

Siminski already has caught 29 passes for 486 yards and probably will boost both marks in a non-conference game tomorrow against bowl - hopeful Clemson of the Atlantic Coast Conference. His yardage total already is a record, and he needs three catches to surpass the mark set by Mel Reight of West Virginia of 31 receptions.

The conference schedule winds up tomorrow with George Washington at The Citadel to make up a game postponed earlier by Hurricane Helene.

While Tech's triumph over VMI was something of a surprise, the real shocker of the Thanksgiving Day slate was William & Mary's 18-15 squeeze past Richmond. It was only the Indians' second victory against six defeats and one tie and left Richmond with a 3-7 over - all record.

William & Mary followed Spider fumbles with 46 and 45 - yard marches in the first period. Quarterback Bob Stoy sneaked four yards for one touchdown and passed 36 yards to halfback Dave Edmunds for the other.

The Indians actually wrapped up the game with a 13 - yard push following a bad Richmond punt early in the fourth period. Edmunds scored that time, too, on a two - yard plunge.

Richmond, turned back by a rugged Indian defense three times inside the 10 - yard line, struck from far out for both its scores—a 94 - yard kickoff return by quarterback Eddie Landis between the two first period W&M scores and a 60-yard runback of an intercepted pass by fullback John Boggs late in the game. The victory gave William & Mary a 32-31-5 edge in the long rivalry.

Tech now has a 31-18-5 lead in its series with VMI, but the Keydets appeared headed for a victory at first. Runs of 34 and 30 yards by Sam Horner and Bill Nebraska staked VMI to a 7-0 lead on Pete Johnson's two - yard plunge, and Johnson later kicked a 27 - yard field goal.

But the Gobblers marched 66 yards in the second period and 70 and 76 yards in the last quarter with halfback Pat Henry, fullback Sam Shaffer and Holsclaw scoring touchdowns. VMI made it close with a last - gap 92-yard drive on the passing of Howard Dyer, who scored from four yards out.

Minor Leagues' Realignment Plan Now Seen Bright

ST. LOUIS (AP)—Minor League Coordinator Bill Dewitt says the chances are better than 50-50 for an extensive realignment of the minors, now that the deal to sell the Houston franchise has cleared the air.

Dewitt, who controls the purse strings of a half-million-dollar fund to aid the minors, was a leading figure in last month's talks at Memphis.

"Since the news of the (Houston) sale broke," Dewitt said, "everyone I have talked to has been optimistic." The realignment will be discussed next week at the major-minor baseball meetings in Washington.

Marty Marion and his business partner, Milton Fischmann, made a deal this week to buy the Houston franchise from the St. Louis Cardinals, providing that Houston is elevated to Triple-A status in the new lineup. Otherwise, the Cardinals retain the franchise.

In Dewitt's view, the road is now open for the Texas League to give up Houston, Fort Worth and Dallas to the Triple-A American Assn., in exchange for demands of its own, including tie-ups with major league clubs.

The entry of the three Texas teams would make the American Assn. a 10-team loop.

Air Academy Awards Martin 5-Year Pact

COLORADO SPRINGS, Colo. (AP) — Coach Ben Martin has been rewarded with a new 5-year contract and a healthy pay raise for his success this season with the Air Force Academy football team.

Martin came to the Academy last winter from the University of Virginia under a 3-year contract. The Falcons won eight games and tied their ninth — with Iowa. They complete their season Saturday at Boulder against Colorado of the Big Eight Conference.

Col. George Simler, Academy athletic director, wouldn't disclose the details of the new contract but said it included a pay raise.

Quarterback Joe Tranchini of the Naval Academy football team collects phonograph records as a hobby.

Kentucky U. Wins Cross Country Titles

LOUISVILLE, Ky. (AP) — The University of Kentucky took both team and individual honors in the annual Shamrock across country run yesterday.

Tennessee was second, followed by Bellarmine and Berea.

The high school division was won by Louisville Trinity's "A" team.

Individual high school honors went to Keith Locke of Huntington, W. Va. His time for the high school course of three and eight-tenths miles was 17:24.9.

Rushaway was a most durable horse. In 1936 he won the Illinois Derby at Aurora and the next day won the Latonia Derby at Covington, Ky.

Penn State Coach Declares His Boys Deserve Bowl Bid

PITTSBURGH (AP) — "It's a crime if our boys don't get a chance to play in a bowl, providing they want that chance."

So said silver-thatched Rip Engle of Penn State after his Nittany Lions whipped Pitt 25-21 Thanksgiving Day.

"Our record," said Engle, "is so near Pitt's I don't see why the bowl shouldn't take us if they were going to take Pitt."

Engle did not specifically mention the Gator Bowl but that's the only major post - season game clearly seeking an Eastern team.

Penn State's come-from-behind victory gave the Nittany Lions a 6-3-1 record. Pitt ended the season with a 5-4-1 slate.

Carol Wolaver, 22-year-old gym teacher from Chicago, bowled a 299 game and a 670 series in the Fireside Bowl Ladies Major League.

The Sugar Bowl reportedly is set to tap Clemson (7-2) to face unbeaten, untied LSU New Year's Day if the Atlantic Coast Conference champion beats Furman Saturday.

That leaves SMU, Mississippi, Georgia Tech, Florida, South Carolina, Vanderbilt and Rice on the prowl for the Gator Bowl bid — or the Sugar and Cotton berths should Air Force and — or Clemson slip up.

SMU needs an upset over TCU to make it. Mississippi plays Mississippi State, Tech takes on Georgia, Florida finishes against Miami, Vanderbilt meets Tennessee and Rice plays Baylor.

South Carolina (7-3) wrapped up its regular season Thursday by whipping Wake Forest 24-7. Mississippi Southern, also a bowl prospect, locked up a perfect (9-0) season, defeating Chattanooga 20-13.

Texas (7-3) took itself out of possible bowl consideration after rapping Texas A&M 27-0. Rutgers (8-1), which finished last weekend, got tired of waiting and also withdrew from the list of postseason prospects although under serious consideration by the Blue Grass bowl committee.

The Blue Grass, with Alabama a top choice, will name its pairing Monday. Pitt's still alive for this one, along with Tulsa and Florida State in addition to the clubs already listed by the major bowl groups. Alabama (5-3-1) closes Saturday against Auburn (8-0-1), which is looking for its second straight unbeaten season but is banned from bowl play by NCAA probation.

Tulsa (7-3) finished with a 25-6 victory over Wichita Thursday. Virginia Tech eliminated Virginia Military from the postseason hopefuls 21-16. Cincinnati defeated Miami (Ohio) 18-7 in a battle of minor bowl prospects.

Cornell gained a second-place tie with Princeton in the Ivy League behind champ Dartmouth by defeating Penn 19-7.

Foxy Maude made the first start of her career at the age of 6. She won by eight lengths on Sept. 12, 1938.

OSU Puts White, Houston On All-Big 10 Grid Team

By JERRY LISKA
Associated Press Sports Writer

CHICAGO (AP)—Big Ten champion Iowa and four other schools —Ohio State, Wisconsin, Purdue and Northwestern — each placed two players on the 1958 all-Western Conference football team selected today by The Associated Press.

In the aftermath of one of the league's most mixed-up campaigns in years, AP sports writers in the Big Ten area could agree wholeheartedly on only two players — quarterback Randy Duncan of Iowa and fullback Bob White of Ohio State.

Yet, both Duncan and White missed unanimous choice by one first-team vote among the 12 balloting writers. Illinois' phenomenal pass-grabbing end, Rich Kreitling, missed a sweep by only two first-team votes.

Iowa also placed a slick sophomore, halfback Willie Fleming, while Ohio State's other AP first team choice was end Jim Houston, rated the finest wingman in Buckeye history. The honor team had only four seniors as five juniors and two sophomores made the grade.

Duncan was the only senior in the all-Big Ten backfield which had junior Ron Burton of Northwestern paired with Fleming at halfback, as well as junior White at fullback.

Wisconsin, runnerup to Iowa in the title chase, landed senior Dick Teteak at center and junior Jerry Stalcup at guard. Purdue, one of the nation's top defensive clubs, placed senior Gene Selawski, the all - star heavyweight at 248 pounds, at tackle, and sophomore Ron Maltony at guard.

Tackle Andy Cvercko of Northwestern rounded out the all-Big Ten line which averaged 215 pounds.

It is quite possible that this year's second all-Big Ten team could play the first team on even terms any day of the week.

Michigan State's great end, Sammy Williams, just missed the No. 1 club, as did Purdue's ace flanker, Tom Franckhauser.

The second team tackle tandem of Jim Marshall, Ohio State, and Jim Heineke, Wisconsin, is excellent. Bill Burrell of Illinois and Mike Rabold of Indiana were great guards, while the No. 2 center, Bernie Svendsen of Minnesota, was outstanding on a stumbling Gopher team.

The No. 2 backfield could hold its own in any company. It included Dale Hackbart, Wisconsin's versatile quarterback; halfbacks Don Clark of Ohio State and Ray Jauch of Iowa, and fullback Bob Jarus of Purdue.

Clark slipped from first team rating on the 1957 AP all-Big Ten team, but this was due directly to injury which sidelined him considerably this year.

White, 212-pounder who was one of the country's most durable performers, moved up from second-team rating last year, while Teteak, Wisconsin's 216-pound pivot star, vaulted from the third to first team.

White set a new modern Big Ten record for carries, hauling 178 times for 713 yards and a 4.0 average in 7 conference games. This broke the 1953 mark of 163 carries by Minnesota's Paul Giel. White also led the Big Ten in scoring with 66 points on 11 touchdowns.

Fleming, at 173 the lightest man on the first honor team, was a brilliant spot runner. His average of 8.8 yards on 41 carries, also set a new Big Ten mark.

Iowa's passing genius, quarterback Duncan, completely dominated the Big Ten's aerial department. He completed 66 of 111 passes for 898 yards and 7 touchdowns in 6 conference games.

Northwestern halfback Burton was a fine receiver as well as an explosive runner. Burton shared conference pass snagging honors with Kreitling at 19 each, averaged 4.0 yards on 93 carries and was second to White in scoring with 52 points.

3 From Wellsville Win In Table Tennis Finals

Ralph Donaldson, Kenny Miller and Tommy Williams of Wellsville became eligible to participate in the district table tennis tournament at Alliance Dec. 5 by posting victories in finals Wednesday night at the Veterans of Foreign Wars post home.

Donaldson won the open class championship by defeating Vernon Rose, best two out of three games. Miller, a 15 - year - old sophomore at Wellsville High School, won the senior class bracket by defeating Jack Jordan.

Williams, a 12 - year - old junior high 7th grader, whipped Richard Malone in winning the junior class title. This will be the first year that Wellsville will have junior and senior class representatives in the district tournament. Donaldson succeeds Rock Lamarra as open class champ.

Boise Wins Grid Title

BOISE, Idaho (AP) — Boise Junior College won the National Junior College Athletic Assn. football championship Thursday with a 22-0 victory over Tyler (Tex.) JC.

Fights Follow Grid Game In Cleveland

CLEVELAND (AP)—Police said a series of eight clashes between white and Negro teenagers followed the Thanksgiving Day charity football game at Municipal Stadium. Five white youths were injured.

Because of the swiftness of the attacks, police said, the victims had little chance to see their assailants, and no arrests were made.

The game was won by Cathedral Latin High School, which defeated St. Ignatius 12-6 in the city championship game.

Army-Navy Program Gives Salute To Alaska

PHILADELPHIA (AP) — The official program for the Army-Navy game Saturday offers a salute to the new state of Alaska.

The cover of the 168-page book features a totem pole topped by the figure of a football player in a composite jersey of the two teams. An article on sports in Alaska notes that D. D. Pullen, captain and tackle of the 1909 Army team, came from the territory.

Tropical Park Officials See Banner Meet

MIAMI, Fla. (AP) — Tropical Park officials beamed happily today over prospects of a banner season after the biggest opening day Florida horse racing ever had.

While the Thanksgiving Day crowd of 17,617 was 245 less than the record set on the corresponding day in 1952, the bettors shoved $953,760 through the pari-mutuel windows.

That shattered the record of $877,480 set on Nov. 27, 1957, and gave Tropical Park its best opening day since the track began operations in 1932.

The $12,000 Hurricane Handicap was run in two divisions, with 13 horses in each. Bettors had a field day from the first race when Puzzle Palace paid $128.40 for $2 through the ninth which went to Fairmont at $51.40.

Hoop Band, a son of Kentucky Derby winner Hoop Jr., set a new track record for five and a half furlongs in the first division of the feature. With Jockey Howard Grant making up most of his 126 pound impost, Hoop Band ran the distance in 1:02 3-5 to break the record of 1:03 set by Viking Victory on Jan. 16, 1957.

Only noses separated Hoop Band from Flight History and Kentucky Pride, who was third.

Hasty House Farms' Arcandy, an Irish-bred, won his fourth straight in the second division of the Hurricane, running the distance in 1:03 2-5. General Riley was second, beaten by a nose, and Charlie's Song third.

Ranger Coach 'Blows Stack,' Team Beaten

By The Associated Press

Sometimes it takes the New York Rangers time to get fired up. But it doesn't take long for their coach, Phil Watson, to lose his temper.

Thursday night, the fiery Watson blew his top and his Rangers blew an important 3-1 decision to the Boston Bruins.

The hectic game was one of three on the Thanksgiving night National Hockey League slate. The Detroit Red Wings defeated the Toronto Maple Leafs 3-2. The Montreal Canadiens edged the Chicago Black Hawks 2-1.

Four police officers had to escort the Rangers to their dressing room following the furor touched off when Watson threw a stick at Boston winger Jerry Toppazzini.

The uproar started just after Norm Johnson scored the clinching goal with 25 seconds left in the game. Vic Stasiuk and Toppazzini scored the other Boston goals. Andy Bathgate got the Rangers only score early in the third period.

Gordie Howe scored his 397th and 398th NHL goals in the final seven minutes as Detroit came from behind.

Jacques Plante turned in an outstanding game in goal to preserve the Canadiens' victory. Plante had 33 saves, stopping a tough screened shot seconds before the final buzzer.

Driverless Trotter Stops For Red Light

YONKERS, N. Y. (AP)—Thanksgiving night motorists on Central avenue, which adjoins the New York State Thruway, were startled when a driverless horse, pulling a sulky, stopped obediently at a red traffic light at Mile Square road.

It developed the horse was Perry Mac, a 4-year-old trotter, who was supposed to race in the third race at Yonkers Raceway. He had broken loose from his groom after a warmup on the track.

Virginia Tech's Holsclaw Erases 2 League Records

By The Associated Press

Virginia Tech's brilliant quarterback, Billy Holsclaw, has put his name in the Southern Conference football record book in two spots and Furman end Ray Siminski has a chance to do the same tomorrow.

Holsclaw, named to the all-conference team earlier in the week, surpassed the passing yardage and total offense yardage records yesterday as he wound up his career in a blaze of glory, directing Tech to a 21-16 victory over Virginia Military Institute.

The triumph boosted the Gobblers into a final finish in the conference race with a 3-1 mark and gave them the Virginia Big Five title won last year by VMI. Tech also finished with a 5-4-1 over-all mark, while VMI was 6-2-2, losing its last two games after going unbeaten — though tied three times — through 18 starts over a two-year period.

Holsclaw, completing eight of 14 passes for 104 yards and running for 28 yards, wiped out the passing and total offense records set last week by West Virginia quarterback Dick Longfellow, who in turn had erased the records set last year by Bobby Schwarze of The Citadel.

The final game contribution gave Holsclaw 1,103 yards passing and 1,227 yards of total offense to 948 and 1,202, respectively, for Longfellow, who set a conference record of 156 passes attempted.

Siminski already has caught 29 passes for 486 yards and probably will boost both marks in a non-conference game tomorrow against bowl - hopeful Clemson of the Atlantic Coast Conference. His yardage total already is a record, and he needs three catches to surpass the mark set by Mel Reight of West Virginia of 31 receptions.

The conference schedule winds up tomorrow with George Washington at The Citadel to make up a game postponed earlier by Hurricane Helene.

While Tech's triumph over VMI was something of a surprise, the real shocker of the Thanksgiving Day slate was William & Mary's 18-15 squeeze past Richmond. It was only the Indians' second victory against six defeats and one tie and left Richmond with a 3-7 over - all record.

William & Mary followed Spider fumbles with 46 and 45 - yard marches in the first period. Quarterback Bob Stoy sneaked four yards for one touchdown and passed 36 yards to halfback Dave Edmunds for the other.

The Indians actually wrapped up the game with a 13 - yard push following a bad Richmond punt early in the fourth period. Edmunds scored that time, too, on a two - yard plunge.

Richmond, turned back by a rugged Indian defense three times inside the 10 - yard line, struck from far out for both its scores—a 94 - yard kickoff return by quarterback Eddie Landis between the two first period W&M scores and a 60-yard runback of an intercepted pass by fullback John Boggs late in the game. The victory gave William & Mary a 32-31-5 edge in the long rivalry.

Tech now has a 31-18-5 lead in its series with VMI, but the Keydets appeared headed for a victory at first. Runs of 34 and 30 yards by Sam Horner and Bill Nebraska staked VMI to a 7-0 lead on Pete Johnson's two - yard plunge, and Johnson later kicked a 27 - yard field goal.

But the Gobblers marched 66 yards in the second period and 70 and 76 yards in the last quarter with halfback Pat Henry, fullback Sam Shaffer and Holsclaw scoring touchdowns. VMI made it close with a last - gap 92-yard drive on the passing of Howard Dyer, who scored from four yards out.

Minor Leagues' Realignment Plan Now Seen Bright

ST. LOUIS (AP)—Minor League Coordinator Bill Dewitt says the chances are better than 50-50 for an extensive realignment of the minors, now that the deal to sell the Houston franchise has cleared the air.

Dewitt, who controls the purse strings of a half-million-dollar fund to aid the minors, was a leading figure in last month's talks at Memphis.

"Since the news of the (Houston) sale broke," Dewitt said, "everyone I have talked to has been optimistic." The realignment will be discussed next week at the major-minor baseball meetings in Washington.

Marty Marion and his business partner, Milton Fischmann, made a deal this week to buy the Houston franchise from the St. Louis Cardinals, providing that Houston is elevated to Triple-A status in the new lineup. Otherwise, the Cardinals retain the franchise.

In Dewitt's view, the road is now open for the Texas League to give up Houston, Fort Worth and Dallas to the Triple-A American Assn., in exchange for demands of its own, including tie-ups with major league clubs.

The entry of the three Texas teams would make the American Assn. a 10-team loop.

Air Academy Awards Martin 5-Year Pact

COLORADO SPRINGS, Colo. (AP) — Coach Ben Martin has been rewarded with a new 5-year contract and a healthy pay raise for his success this season with the Air Force Academy football team.

Martin came to the Academy last winter from the University of Virginia under a 3-year contract. The Falcons won eight games and tied their ninth — with Iowa. They complete their season Saturday at Boulder against Colorado of the Big Eight Conference.

Col. George Simler, Academy athletic director, wouldn't disclose the details of the new contract but said it included a pay raise.

Kentucky U. Wins Cross Country Titles

LOUISVILLE, Ky. (AP) — The University of Kentucky took both team and individual honors in the annual Shamrock across country run yesterday.

Tennessee was second, followed by Bellarmine and Berea.

The high school division was won by Louisville Trinity's "A" team.

Individual high school honors went to Keith Locke of Huntington, W. Va. His time for the high school course of three and eight-tenths miles was 17:24.9.

Rushaway was a most durable horse. In 1936 he won the Illinois Derby at Aurora and the next day won the Latonia Derby at Covington, Ky.

Penn State Coach Declares His Boys Deserve Bowl Bid

PITTSBURGH (AP) — "It's a crime if our boys don't get a chance to play in a bowl, providing they want that chance."

So said silver-thatched Rip Engle of Penn State after his Nittany Lions whipped Pitt 25-21 Thanksgiving Day.

"Our record," said Engle, "is so near Pitt's I don't see why the bowl shouldn't take us if they were going to take Pitt."

Engle did not specifically mention the Gator Bowl but that's the only major post - season game clearly seeking an Eastern team.

Penn State's come-from-behind victory gave the Nittany Lions a 6-3-1 record. Pitt ended the season with a 5-4-1 slate.

Carol Wolaver, 22-year-old gym teacher from Chicago, bowled a 299 game and a 670 series in the Fireside Bowl Ladies Major League.

Nixon Praises Rockefeller In Bantering At Oxford U.

OXFORD, England (AP)—Vice President Richard M. Nixon showered kind words on Nelson A. Rockefeller in a bantering exchange with Oxford University students today.

He said the wealthy Republican governor-elect of New York will make a splendid governor and would be an excellent campaigner and a fine candidate if nominated for the presidency in 1960.

Several students tried a few teasing questions about the Nov. 4 elections and particularly about Rockefeller. The Republican visitor wasn't ruffled.

"New York was one of the bright spots in the elections," he replied. "Nelson Rockefeller is one of the best candidates I have ever seen in public life.

"I think he will make a splendid governor."

The answer drew a loud laugh. The students' inference appeared to be that Nixon might not approve him for any other office.

But Nixon quickly added: "If he should get the nomination for the presidency in 1960, he will make an excellent campaigner and fine candidate."

The vice president took on the student questioners in a hall at Rhodes House. Standing with him were U.S. Ambassador John Hay Whitney; and the British ambassador to Washington, Sir Harold Caccia.

The vice president of the United States drove out from London on the last day of his four-day visit to Britain.

Frightened Boy Leads Police To Dead Companion

PORTSMOUTH, Ohio (AP)—A 13-year-old boy, frightened over the fatal shooting of a hunting companion, finally led authorities to the victim early today after a futile all-night search in the woods.

The body of Michael Spence, 8, son of Mrs. Ruby Spence of near Portsmouth, was found in the woods at 4:30 a.m., a .22 caliber rifle bullet wound just over the heart.

When young Spence was reported missing Thursday afternoon, someone recalled having seen him with Ralph Osborn Jr., who lives with his parents near the Spence home. Ralph first told sheriff's deputies he had not seen Michael, later changing his story to say that he had seen him in the woods but that he believed Michael had gone home.

A wide search of the woods began, deputies and state highway patrolmen searching with flashlights for many hours.

Deputies reported that early today young Osborn told his father he had shot Michael in a hunting accident. Later the boy led officers to the spot in the woods where Michael lay.

Ralph said his gun discharged accidentally when he stumbled over a log.

Police Investigate 2 Minor Thefts, Vandalism Cases

Police today were investigating two minor thefts and two cases of vandalism reported over the holiday.

Mrs. Cora G. Vance, 744 Woodlawn Ave., told police Thursday afternoon two new auto tires, size 650-x-15, were stolen from the cellar at her home.

Merle McShane of Maine Blvd. told police yesterday morning a bird bath and a bird feeder were stolen from the lawn at his home.

Edward Seeley, 323 Rural Ln., told police a 12-x-28-inch window pane in his home was broken about 9:27 p. m. Wednesday by a vandal who hurled a syrup pitcher.

T. B. Gill, 640 Blackmore St., reported a vandal hurled a stone through a storm window and a casement window at his home Tuesday night.

Police Investigate 2 Minor Thefts, Vandalism Cases

Police today were investigating two minor thefts and two cases of vandalism reported over the holiday.

Mrs. Cora G. Vance, 744 Woodlawn Ave., told police Thursday afternoon two new auto tires, size 650-x-15, were stolen from the cellar at her home.

Merle McShane of Maine Blvd. told police yesterday morning a bird bath and a bird feeder were stolen from the lawn at his home.

Edward Seeley, 323 Rural Ln., told police a 12-x-28-inch window pane in his home was broken about 9:27 p. m. Wednesday by a vandal who hurled a syrup pitcher.

T. B. Gill, 640 Blackmore St., reported a vandal hurled a stone through a storm window and a casement window at his home Tuesday night.

Nixon Praises Rockefeller In Bantering At Oxford U.

OXFORD, England (AP)—Vice President Richard M. Nixon showered kind words on Nelson A. Rockefeller in a bantering exchange with Oxford University students today.

He said the wealthy Republican governor-elect of New York will make a splendid governor and would be an excellent campaigner and a fine candidate if nominated for the presidency in 1960.

Several students tried a few teasing questions about the Nov. 4 elections and particularly about Rockefeller. The Republican visitor wasn't ruffled.

"New York was one of the bright spots in the elections," he replied. "Nelson Rockefeller is one of the best candidates I have ever seen in public life.

"I think he will make a splendid governor."

The answer drew a loud laugh. The students' inference appeared to be that Nixon might not approve him for any other office.

But Nixon quickly added: "If he should get the nomination for the presidency in 1960, he will make an excellent campaigner and fine candidate."

The vice president took on the student questioners in a hall at Rhodes House. Standing with him were U.S. Ambassador John Hay Whitney; and the British ambassador to Washington, Sir Harold Caccia.

The vice president of the United States drove out from London on the last day of his four-day visit to Britain.

Frightened Boy Leads Police To Dead Companion

PORTSMOUTH, Ohio (AP)—A 13-year-old boy, frightened over the fatal shooting of a hunting companion, finally led authorities to the victim early today after a futile all-night search in the woods.

The body of Michael Spence, 8, son of Mrs. Ruby Spence of near Portsmouth, was found in the woods at 4:30 a.m., a .22 caliber rifle bullet wound just over the heart.

When young Spence was reported missing Thursday afternoon, someone recalled having seen him with Ralph Osborn Jr., who lives with his parents near the Spence home. Ralph first told sheriff's deputies he had not seen Michael, later changing his story to say that he had seen him in the woods but that he believed Michael had gone home.

A wide search of the woods began, deputies and state highway patrolmen searching with flashlights for many hours.

Deputies reported that early today young Osborn told his father he had shot Michael in a hunting accident. Later the boy led officers to the spot in the woods where Michael lay.

Ralph said his gun discharged accidentally when he stumbled over a log.
